PLEASE RETAIN THIS SUPPLEMENT FOR FUTURE REFERENCE.

Investment Company Act File No. 811-22175

ALPS CLEAN ENERGY ETF

ALPS ETF Trust (Cboe BZX: ACES)

Statement of Additional Information

Dated June 29, 2018

This Statement of Additional Information (“SAI”) is not a prospectus. It should be read in conjunction with the Prospectus dated June 29, 2018 for the ALPS Clean Energy ETF (the “Fund”), a series of the ALPS ETF Trust (the “Trust”), as it may be revised from time to time. Capitalized terms used herein that are not defined have the same meaning as in the Prospectus, unless otherwise noted. A copy of the Prospectus may be obtained without charge by writing to the Trust’s distributor, ALPS Portfolio Solutions Distributor, Inc. (the “Distributor”), or by calling toll free 866.759.5679.

The Fund’s most recent Annual Report, when available, can be obtained free of charge, by calling the toll-free number printed above.

GENERAL DESCRIPTION OF THE TRUST AND THE FUND

The Trust was organized as a Delaware statutory trust on September 13, 2007 and is authorized to have multiple series or portfolios. The Trust is an open-end management investment company, registered under the Investment Company Act of 1940, as amended (the “1940 Act”). The offering of the Fund’s shares is registered under the Securities Act of 1933, as amended (the “1933 Act”). This SAI relates to the ALPS Clean Energy ETF. The Fund is an exchange-traded fund (commonly referred to as an “ETF”). ETFs are funds that trade like other publicly-traded securities. Similar to shares of an index mutual fund, each share of the Fund represents a partial ownership in an underlying portfolio of securities intended to track a market index.

The Fund seeks investment results that correspond (before fees and expenses) generally to the performance of the CIBC Atlas Clean Energy Index (the “Underlying Index”). The shares of the Fund are referred to herein as “Shares” or “Fund Shares.”

The 1940 Act classifies management investment companies as either diversified or non-diversified. The Fund is classified as “non-diversified.” The Fund is managed by ALPS Advisors, Inc. (“ALPS Advisors” or the “Adviser”).

The Fund will offer and issue Shares at net asset value (“NAV”) only in aggregations of a specified number of Shares (each a “Creation Unit” or a “Creation Unit Aggregation”), generally in exchange for a basket of securities (the “Deposit Securities”), together with the deposit of a specified cash payment (the “Cash Component”). The Fund’s Shares are listed on Cboe BZX (the “Cboe BZX” or the “Exchange”) under the trading symbol ACES. Fund Shares will trade on the Exchange at market prices that may be below, at or above NAV. Shares are redeemable only in Creation Unit Aggregations and, generally, in exchange for portfolio securities and a specified cash payment. Creation Units are aggregations of 50,000 Shares. In the event of the liquidation of the Fund, the Trust may lower the number of Shares in a Creation Unit.

The Trust reserves the right to offer a “cash” option for creations and redemptions of Fund Shares. Fund Shares may be issued in advance of receipt of Deposit Securities subject to various conditions including a requirement to maintain on deposit with the Trust cash at least equal to 115% of the market value of the missing Deposit Securities. See the “Creation and Redemption of Creation Unit Aggregations” section. In each instance of such cash creations or redemptions, transaction fees may be imposed that will be higher than the transaction fees associated with in-kind creations or redemptions. In all cases, such fees will be limited in accordance with the requirements of the Securities and Exchange Commission (the “SEC”) applicable to management investment companies offering redeemable securities.

EXCHANGE LISTING AND TRADING

There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Shares of the Fund will continue to be met. The Exchange may, but is not required to, remove the Shares of the Fund from listing if (i) following the initial 12-month period beginning at the commencement of trading of the Fund, there are fewer than 50 beneficial owners of the Shares of the Fund for 30 or more consecutive trading days; (ii) the value of the Underlying Index is no longer calculated or available; or (iii) such other event shall occur or condition exist that, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable. The Exchange will remove the Shares of the Fund from listing and trading upon termination of the Fund.

As in the case of other stocks traded on the Exchange, broker’s commissions on transactions will be based on negotiated commission rates at customary levels.

The Trust reserves the right to adjust the price levels of the Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

INVESTMENT RESTRICTIONS AND POLICIES

Investment Objective

The Fund seeks investment results that correspond (before fees and expenses) generally to the performance of the Underlying Index. The Fund's investment objective is not fundamental and may be changed by the Board of Trustees of the Trust (the "Board of Trustees" or the "Board") without shareholder approval. The Fund has adopted a policy that requires the Fund to provide shareholders with at least 60 days' notice prior to any material change in the Fund's investment objective.

Investment Restrictions

The investment restrictions set forth below have been adopted by the Board of Trustees as fundamental policies that cannot be changed with respect to the Fund without the affirmative vote of the holders of a majority (as defined in the 1940 Act) of the outstanding voting securities of the Fund. The investment objective of the Fund and all other investment policies or practices of the Fund are considered by the Trust not to be fundamental and accordingly may be changed without shareholder approval. For purposes of the 1940 Act, a "majority of the outstanding voting securities" means the lesser of the vote of (i) 67% or more of the Shares of the Fund present at a meeting, if the holders of more than 50% of the outstanding Shares of the Fund are present or represented by proxy, or (ii) more than 50% of the Shares of the Fund.

Except for restrictions (2) and 4(iii) below, any limitation that involves a maximum percentage shall not be considered violated unless an excess over the percentage occurs immediately after, and is caused by, an acquisition or encumbrance of securities or assets of, or borrowings by, the Fund. With respect to the Fund's fundamental investment restriction (7) below, asset coverage of at least 300% (as defined in the 1940 Act), inclusive of any amounts borrowed, must be maintained at all times.

As a matter of fundamental policy, the Fund (except as otherwise noted below) may not:

(1) Invest 25% or more of the value of its total assets in securities of issuers in any one industry or group of industries, except to the extent that the Underlying Index that the Fund replicates concentrates in an industry or group of industries. This restriction does not apply to obligations issued or guaranteed by the U.S. Government, its agencies or instrumentalities.

(2) Borrow money, except that the Fund may (i) borrow money from banks for temporary or emergency purposes (but not for leverage or the purchase of investments) up to 10% of its total assets and (ii) make other investments or engage in other transactions permissible under the 1940 Act that may involve a borrowing, provided that the combination of (i) and (ii) shall not exceed 33 1/3% of the value of the Fund's total assets (including the amount borrowed), less the Fund's liabilities (other than borrowings).

(3) Act as an underwriter of another issuer's securities, except to the extent that the Fund may be deemed to be an underwriter within the meaning of the Securities Act of 1933 in connection with the purchase and sale of portfolio securities.

(4) Make loans to other persons, except through (i) the purchase of debt securities permissible under the Fund's investment policies, (ii) repurchase agreements or (iii) the lending of portfolio securities, provided that no such loan of portfolio securities may be made by the Fund if, as a result, the aggregate of such loans would exceed 33 1/3% of the value of the Fund's total assets.

(5) Purchase or sell physical commodities unless acquired as a result of ownership of securities or other instruments (but this shall not prevent the Fund (i) from purchasing or selling options, futures contracts or other derivative instruments, or (ii) from investing in securities or other instruments backed by physical commodities).

(6) Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments (but this shall not prohibit the Fund from purchasing or selling securities or other instruments backed by real estate or of issuers engaged in real estate activities).

(7) Issue senior securities, except as permitted under the 1940 Act.

In addition to the foregoing fundamental investment policies, the Fund is also subject to the following non-fundamental restrictions and policies, which may be changed at any time by the Board of Trustees without shareholder approval. The Fund may not:

(1) Sell securities short, unless the Fund owns or has the right to obtain securities equivalent in kind and amount to the securities sold short at no added cost, and provided that transactions in options, futures contracts, options on futures contracts, or other derivative instruments are not deemed to constitute selling securities short.

(2) Purchase securities on margin, except that the Fund may obtain such short-term credits as are necessary for the clearance of transactions; and provided that margin deposits in connection with futures contracts, options on futures contracts or other derivative instruments shall not constitute purchasing securities on margin.

(3) Purchase securities of open-end or closed-end investment companies except in compliance with the 1940 Act.

(4) Invest in illiquid securities if, as a result of such investment, more than 15% of the Fund's net assets would be invested in illiquid securities.

(5) Invest in direct interests in oil, gas or other mineral exploration programs or leases; however, the Fund may invest in securities of issuers that engage in these activities.

The investment objective of the Fund is a non-fundamental policy that can be changed by the Board of Trustees without approval by shareholders.

INVESTMENT POLICIES AND RISKS

A discussion of the risks associated with an investment in the Fund is contained in the Fund's Prospectus under the headings "Principal Investment Risks," "Principal Risks of Investing in the Fund" and "Additional Risk Considerations." The discussion below supplements, and should be read in conjunction with, such sections of the Fund's Prospectus.

GENERAL CONSIDERATIONS AND RISKS

Investment in the Fund should be made with an understanding that the value of the portfolio of securities held by the Fund may fluctuate in accordance with changes in the financial condition of the issuers of the portfolio securities, the value of common stocks generally and other factors.

The Fund is not actively managed by traditional methods and therefore the adverse financial condition of any one issuer will not result in the elimination of its securities from the portfolio securities held by the Fund unless the securities of such issuer are removed from its Underlying Index.

An investment in the Fund should also be made with an understanding that the Fund will not be able to replicate exactly the performance of its Underlying Index because the total return generated by its portfolio securities will be reduced by transaction costs incurred in adjusting the actual balance of such securities and other Fund expenses, whereas such transaction costs and expenses are not included in the calculation of its Underlying Index. It is also possible that for short periods of time, the Fund may not fully replicate the performance of its Underlying Index due to the temporary unavailability of certain Underlying Index securities in the secondary market or due to other extraordinary circumstances. Such events are unlikely to continue for an extended period of time because the Fund is required to correct such imbalances by means of adjusting the composition of its portfolio securities.

Holders of common stocks incur more risk than holders of preferred stocks and debt obligations because common stockholders, as owners of the issuer, have generally inferior rights to receive payments from the issuer in comparison with the rights of creditors of, or holders of debt obligations or preferred stocks issued by, the issuer. Further, unlike debt securities which typically have a stated principal amount payable at maturity (whose value, however, will be subject to market fluctuations prior thereto), or preferred stocks which typically have a liquidation preference and which may have stated optional or mandatory redemption provisions, common stocks have neither a fixed principal amount nor a maturity. Common stock values are subject to market fluctuations as long as the common stock remains outstanding.

Dividend Risk. There is no guarantee that the issuer of the stocks held by the Fund will declare dividends in the future or that if declared, they will either remain at current levels or increase over time.

Loans of Portfolio Securities. The Fund may lend its investment securities to approved borrowers. Any gain or loss on the market price of the securities loaned that might occur during the term of the loan would be for the account of the Fund. These loans cannot exceed 33 1/3% of the Fund's total assets.

Approved borrowers are brokers, dealers, domestic and foreign banks, or other financial institutions that meet credit or other requirements as established by the securities lending agent so long as the terms, the structure and the aggregate amount of such loans are not inconsistent with the 1940 Act and the rules and regulations thereunder or interpretations of the SEC, which require that (a) the borrowers pledge and maintain with the Fund collateral consisting of cash, an irrevocable letter of credit issued by a bank, or securities issued or guaranteed by the U.S. Government having a value at all times of not less than 102% of the value of the securities loaned (on a "mark-to-market" basis, and maintained in an amount equal to at least 100% of the value of the portfolio securities being lent); (b) the loan be made subject to termination by the Fund at any time; and (c) the Fund receives reasonable interest on the loan. From time to time, the Fund may return a part of the interest earned from the investment of collateral received from securities loaned to the borrower and/or a third party securities lending agent that is unaffiliated with the Fund and that is acting as a finder.

Risks of Securities Lending. The Fund will not have the right to vote securities while they are on loan, but it will recall securities on loan if the Adviser determines that the shareholder meeting is called for purposes of voting on material events that could have a material impact on the Fund's loaned securities and for which the vote could be material to the Fund. The Fund would receive income in lieu of dividends on loaned securities and may, at the same time, generate income on the loan collateral or on the investment of any cash collateral.

Securities lending involves a risk of loss because the borrower may fail to return the securities in a timely manner or at all. If the borrower defaults on its obligation to return the securities loaned because of insolvency or other reasons, a Fund could experience delays and costs in recovering securities loaned or gaining access to the collateral. If a Fund is not able to recover the securities loaned, the Fund may sell the collateral and purchase a replacement security in the market. Lending securities entails a risk of loss to the Fund if, and to the extent that, the market value of the loaned securities increases and the collateral is not increased accordingly. Securities lending also involves exposure to operational risk (the risk of loss resulting from errors in the settlement and accounting process) and "gap risk" (the risk that the return on cash collateral reinvestments will be less than the fees paid to the borrower).

Any cash received as collateral for loaned securities may be invested in short-term liquid fixed income securities or in money market or short-term mutual funds, or similar investment vehicles. A Fund bears the risk of such investments. Investing this cash subjects that investment to market appreciation or depreciation. For purposes of determining whether the Fund is complying with its investment policies, strategies and restrictions, the Fund or the Adviser will consider the loaned securities as assets of the Fund, but will not consider any collateral received as a Fund asset. The Fund will bear any loss on the investment of cash collateral. The Fund may have to pay the borrower a fee based on the amount of cash collateral. The Fund may pay lending fees to a party arranging the loan.

Senior Securities. In general, the Fund may not issue any class of senior security, except within the limitations of the 1940 Act. These limitations allow the Fund to (i) borrow from banks, provided that immediately following any such borrowing there is an asset coverage of at least 300% (the "Asset Coverage Requirement") for all Fund borrowings, and (ii) engage in trading practices which could be deemed to involve the issuance of a senior security, including but not limited to options, futures, forward contracts, and reverse repurchase agreements, provided that the Fund earmarks or segregates liquid assets in accordance with applicable SEC regulations and interpretations.

Repurchase Agreements. The Fund may enter into repurchase agreements, which are agreements pursuant to which securities are acquired by the Fund from a third party with the understanding that they will be repurchased by the seller at a fixed price on an agreed date. These agreements may be made with respect to any of the portfolio securities in which the Fund is authorized to invest. Repurchase agreements may be characterized as loans secured by the underlying securities. The Fund may enter into repurchase agreements with (i) member banks of the Federal Reserve System having total assets in excess of \$500 million and (ii) securities dealers (“Qualified Institutions”). The Adviser will monitor the continued creditworthiness of Qualified Institutions.

The use of repurchase agreements involves certain risks. For example, if the seller of securities under a repurchase agreement defaults on its obligation to repurchase the underlying securities, as a result of its bankruptcy or otherwise, the Fund will seek to dispose of such securities, which action could involve costs or delays. If the seller becomes insolvent and subject to liquidation or reorganization under applicable bankruptcy or other laws, the Fund’s ability to dispose of the underlying securities may be restricted. Finally, it is possible that the Fund may not be able to substantiate its interest in the underlying securities. To minimize this risk, the securities underlying the repurchase agreement will be held by the custodian at all times in an amount at least equal to the repurchase price, including accrued interest. If the seller fails to repurchase the securities, the Fund may suffer a loss to the extent proceeds from the sale of the underlying securities are less than the repurchase price.

The resale price reflects the purchase price plus an agreed upon market rate of interest. The collateral is marked-to-market daily.

Reverse Repurchase Agreements. The Fund may enter into reverse repurchase agreements, which involve the sale of securities with an agreement to repurchase the securities at an agreed-upon price, date and interest payment and have the characteristics of borrowing. The securities purchased with the funds obtained from the agreement and securities collateralizing the agreement will have maturity dates no later than the repayment date. Generally, the effect of such transactions is that the Fund can recover all or most of the cash invested in the portfolio securities involved during the term of the reverse repurchase agreement, while in many cases the Fund is able to keep some of the interest income associated with those securities. Such transactions are only advantageous if the Fund has an opportunity to earn a greater rate of return on the cash derived from these transactions than the interest cost of obtaining the same amount of cash. Opportunities to realize earnings from the use of the proceeds equal to or greater than the interest required to be paid may not always be available and the Fund intends to use the reverse repurchase technique only when the Adviser believes it will be advantageous to the Fund. The use of reverse repurchase agreements may exaggerate any interim increase or decrease in the value of the Fund’s assets. The custodian bank will maintain a separate account for the Fund with securities having a value equal to or greater than such commitments. Under the 1940 Act, reverse repurchase agreements are considered loans.

Money Market Instruments. The Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity. The instruments in which the Fund may invest include: (i) short-term obligations issued by the U.S. Government; (ii) negotiable certificates of deposit (“CDs”), fixed time deposits and bankers’ acceptances of U.S. and foreign banks and similar institutions; (iii) commercial paper rated at the date of purchase “Prime-1” by Moody’s Investors Service, Inc. or “A-1+” or “A-1” by Standard & Poor’s or, if unrated, of comparable quality as determined by the Adviser; (iv) repurchase agreements; and (v) money market mutual funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker’s acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

Investment Companies. The Fund may invest in the securities of other investment companies (including money market funds). Under the 1940 Act, the Fund’s investment in investment companies is limited to, subject to certain exceptions, (i) 3% of the total outstanding voting stock of any one investment company, (ii) 5% of the Fund’s total assets with respect to any one investment company and (iii) 10% of the Fund’s total assets of investment companies in the aggregate.

Illiquid Securities. The Fund may invest up to an aggregate amount of 15% of its net assets in illiquid securities (calculated at the time of investment). Illiquid securities include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets.

Futures and Options. The Fund may utilize exchange-traded futures and options contracts.

Futures contracts generally provide for the future sale by one party and purchase by another party of a specified commodity at a specified future time and at a specified price. Stock index futures contracts are settled daily with a payment by one party to the other of a cash amount based on the difference between the level of the stock index specified in the contract from one day to the next. Futures contracts are standardized as to maturity date and underlying instrument and are traded on futures exchanges.

Futures traders are required to make a good faith margin deposit in cash or U.S. government securities with a broker or custodian to initiate and maintain open positions in futures contracts. A margin deposit is intended to assure completion of the contract (delivery or acceptance of the underlying commodity or payment of the cash settlement amount) if it is not terminated prior to the specified delivery date. Brokers may establish deposit requirements which are higher than the exchange minimums. Futures contracts are customarily purchased and sold on margin deposits which may range upward from less than 5% of the value of the contract being traded.

After a futures contract position is opened, the value of the contract is marked-to-market daily. If the futures contract price changes to the extent that the margin on deposit does not satisfy margin requirements, payment of additional "variation" margin will be required. Conversely, a change in the contract value may reduce the required margin, resulting in a repayment of excess margin to the contract holder. Variation margin payments are made to and from the futures broker for as long as the contract remains open. In such case, the Fund would expect to earn interest income on its margin deposits. Closing out an open futures position is done by taking an opposite position ("buying" a contract which has previously been "sold," or "selling" a contract previously "purchased") in an identical contract to terminate the position. Brokerage commissions are incurred when a futures contract position is opened or closed.

The Fund may use exchange-traded futures and options, together with positions in cash and money market instruments, to simulate full investment in its Underlying Index. Under such circumstances, the Adviser may seek to utilize other instruments that it believes to be correlated to the Underlying Index components or a subset of the components.

An option on a futures contract, as contrasted with the direct investment in such a contract, gives the purchaser the right, in return for the premium paid, to assume a position in the underlying futures contract at a specified exercise price at any time prior to the expiration date of the option. Upon exercise of an option, the delivery of the futures position by the writer of the option to the holder of the option will be accompanied by delivery of the accumulated balance in the writer's futures margin account that represents the amount by which the market price of the futures contract exceeds (in the case of a call) or is less than (in the case of a put) the exercise price of the option on the futures contract. The potential for loss related to the purchase of an option on a futures contract is limited to the premium paid for the option plus transaction costs. Because the value of the option is fixed at the point of purchase, there are no daily cash payments by the purchaser to reflect changes in the value of the underlying contract; however, the value of the option changes daily and that change would be reflected in the NAV of the Fund. The potential for loss related to writing call options on equity securities or indices is unlimited. The potential for loss related to writing put options is limited only by the aggregate strike price of the put option less the premium received.

The Fund may purchase and write put and call options on futures contracts that are traded on a U.S. exchange as a hedge against changes in value of its portfolio securities, or in anticipation of the purchase of securities, and may enter into closing transactions with respect to such options to terminate existing positions. There is no guarantee that such closing transactions can be effected.

Restrictions on the Use of Futures Contracts and Options on Futures Contracts. Pursuant to a claim for exemption filed with the Commodity Futures Trading Commission ("CFTC") on behalf of the Fund, neither the Fund nor the Trust is deemed to be a "commodity pool" or "commodity pool operator" ("CPO"), respectively, under the Commodity Exchange Act ("CEA"), and they are not subject to registration or regulation as such under the CEA. The Adviser is not deemed to be a "commodity trading advisor" with respect to its services as an investment adviser to the Fund. The CFTC has adopted certain regulatory changes that will subject the adviser of an investment company to registration with the CFTC as a CPO if the investment company is unable to comply with certain trading and marketing limitations. With respect to investments in swap transactions, commodity futures, commodity options or certain other derivatives used for purposes other than

bona fide hedging purposes, an investment company must meet one of the following tests under the amended regulations in order to claim an exemption from being considered a “commodity pool” or CPO. First, the aggregate initial margin and premiums required to establish the investment company’s positions in such investments may not exceed five percent (5%) of the liquidation value of the investment company’s portfolio (after accounting for unrealized profits and unrealized losses on any such investments). Alternatively, the aggregate net notional value of such instruments, determined at the time of the most recent position established, may not exceed one hundred percent (100%) of the liquidation value of the investment company’s portfolio (after accounting for unrealized profits and unrealized losses on any such positions). In addition to meeting one of the foregoing trading limitations, the investment company may not market itself as a commodity pool or otherwise as a vehicle for trading in the commodity futures, commodity options or swaps and derivatives markets. In the event that the Adviser were required to register as a CPO with respect to the Fund, the disclosure and operations of the Fund would need to comply with all applicable CFTC regulations. Compliance with these additional registration and regulatory requirements would increase operational expenses. Other potentially adverse regulatory initiatives could also develop.

Swap Agreements. Swap agreements are contracts between parties in which one party agrees to make periodic payments to the other party (the “Counterparty”) based on the change in market value or level of a specified rate, index or asset. In return, the Counterparty agrees to make periodic payments to the first party based on the return of a different specified rate, index or asset. Swap agreements will usually be done on a net basis, the Fund receiving or paying only the net amount of the two payments. The net amount of the excess, if any, of the Fund’s obligations over its entitlements with respect to each swap is accrued on a daily basis and an amount of cash or highly liquid securities having an aggregate value at least equal to the accrued excess is maintained in an account at the Trust’s custodian bank.

The use of interest rate and index swaps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. These transactions generally do not involve the delivery of securities or other underlying assets or principal.

The use of swap agreements involves certain risks. For example, if the Counterparty under a swap agreement defaults on its obligation to make payments due from it, as a result of its bankruptcy or otherwise, the Fund may lose such payments altogether, or collect only a portion thereof, which collection could involve costs or delays.

Risks of Derivatives. Derivatives are financial contracts whose value depends on, or is derived from, the value of an underlying asset, reference rate or index, and may relate to stocks, bonds, interest rates, currencies or currency exchange rates, commodities, and related indexes. The various derivative instruments that the Fund may use are described in more detail under “Futures and Options,” “Swap Agreements” and “Currency Transactions” in this Statement of Additional Information. The Fund may, but is not required to, use derivative instruments for risk management purposes or as part of its investment strategies.

The Fund’s use of derivative instruments involves risks different from, or possibly greater than, the risks associated with investing directly in securities and other traditional investments. Derivatives are subject to a number of risks including liquidity risk, market risk, credit risk, default risk, counterparty risk and management risk. They also involve the risk of mispricing or improper valuation and the risk that changes in the value of the derivative may not correlate exactly with the change in the value of the underlying asset, rate or index. Also, suitable derivative transactions may not be available in all circumstances and there can be no assurance that the Fund will engage in these transactions to reduce exposure to other risks when that would be beneficial.

Participation in the options or futures markets, as well as the use of various swap instruments and forward contracts, involves investment risks and transaction costs to which the Fund would not be subject absent the use of these strategies. Risks inherent in the use of options, futures contracts, options on futures contracts, forwards and swaps include: (i) imperfect correlation between the price of options and futures contracts and options thereon and movements in the prices of the securities being hedged; (ii) the fact that skills needed to use these strategies are different from those needed to select non-derivative portfolio securities; (iii) the potential absence of a liquid secondary market for any particular instrument at any time; (iv) the possible need to defer closing out certain positions to avoid adverse tax consequences; (v) for swaps, additional credit risk and the risk of counterparty default and the risk of failing to correctly evaluate the creditworthiness of the company on which the swap is based; and (vi) the possible inability of the Fund to purchase or sell a portfolio security at a time that otherwise would be favorable for it to do so, or the possible need for the Fund to sell the

security at a disadvantageous time, due to the requirement that the Fund maintain “cover” or collateral securities in connection with the use of certain derivatives.

The Fund could lose the entire amount it invests in futures. The loss from investing in other derivatives is potentially unlimited. There also is no assurance that a liquid secondary market will exist for futures contracts and options in which the Fund may invest. The Fund limits its investment in futures contracts so that the notional value (meaning the stated contract value) of the futures contracts does not exceed the net assets of the Fund.

Furthermore, regulatory requirements for the Fund to set aside assets to meet their obligations with respect to derivatives may result in the Fund being unable to purchase or sell securities when it would otherwise be favorable to do so, or in the Fund needing to sell securities at a disadvantageous time. The Fund may also be unable to close out its derivatives positions when desired. Investments in derivatives can cause the Fund to be more volatile and can result in significant losses.

Because the markets for certain derivative instruments (including markets located in foreign countries) are relatively new and still developing, suitable derivatives transactions may not be available in all circumstances. Upon the expiration of a particular contract, the Adviser or a Sub-Adviser may wish to retain the Fund’s position in the derivative instrument by entering into a similar contract, but may be unable to do so if the counterparty to the original contract is unwilling to enter into the new contract and no other suitable counterparty can be found. There is no assurance that the Fund will engage in derivatives transactions at any time or from time to time. The Fund’s ability to use derivatives may also be limited by certain regulatory and tax considerations.

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and related regulatory developments require the clearing and exchange-trading of certain standardized OTC derivative instruments that the CFTC and SEC defined as “swaps” and “security-based swaps,” respectively. Mandatory exchange-trading and clearing is occurring on a phased-in basis based on the type of market participant and CFTC approval of contracts for central clearing and exchange trading. In a cleared swap, the Fund’s ultimate counterparty is a central clearinghouse rather than a swap dealer, bank or other financial institution. The Fund enters into cleared swaps through an executing broker. Such transactions are then submitted for clearing and, if cleared, will be held at regulated futures commission merchants (“FCMs”) that are members of the clearinghouse that serves as the central counterparty. When the Fund enters into a cleared swap, it must deliver to the central counterparty (via an FCM) an amount referred to as “initial margin.” Initial margin requirements are determined by the central counterparty, but an FCM may require additional initial margin above the amount required by the central counterparty. During the term of the swap agreement, a “variation margin” amount may also be required to be paid by the Fund or may be received by the Fund in accordance with margin controls set for such accounts, depending upon changes in the price of the underlying reference asset subject to the swap agreement. At the conclusion of the term of the swap agreement, if the Fund has a loss equal to or greater than the margin amount, the margin amount is paid to the FCM along with any loss in excess of the margin amount. If the Fund has a loss of less than the margin amount, the excess margin is returned to the Fund. If the Fund has a gain, the full margin amount and the amount of the gain is paid to the Fund.

Central clearing is designed to reduce counterparty credit risk compared to uncleared swaps because central clearing interposes the central clearinghouse as the counterparty to each participant’s swap, but it does not eliminate those risks completely. There is also a risk of loss by the Fund of the initial and variation margin deposits in the event of bankruptcy of the FCM with which the Fund has an open position in a swap contract. The assets of the Fund may not be fully protected in the event of the bankruptcy of the FCM or central counterparty because the Fund might be limited to recovering only a pro rata share of all available funds and margin segregated on behalf of an FCM’s customers or central counterparty’s clearing members. If the FCM does not provide accurate reporting, the Fund is also subject to the risk that the FCM could use the Fund’s assets, which are held in an omnibus account with assets belonging to the FCM’s other customers, to satisfy its own financial obligations or the payment obligations of another customer to the central counterparty. Certain swaps have begun trading on exchanges called swap execution facilities. Exchange-trading is expected to increase liquidity of swaps trading.

In addition, with respect to cleared swaps, the Fund may not be able to obtain as favorable terms as it would be able to negotiate for an uncleared swap. In addition, an FCM may unilaterally impose position limits or additional margin requirements for certain types of swaps in which the Fund may invest. Central counterparties and FCMs generally can

require termination of existing cleared swap transactions at any time, and can also require increases in margin above the margin that is required at the initiation of the swap agreement. Margin requirements for cleared swaps vary on a number of factors, and the margin required under the rules of the clearinghouse and FCM may be in excess of the collateral required to be posted by the Fund to support its obligations under a similar uncleared swap. However, regulators are expected to adopt rules imposing certain margin requirements, including minimums, on uncleared swaps in the near future, which could change this comparison.

The Fund is also subject to the risk that, after entering into a cleared swap with an executing broker, no FCM or central counterparty is willing or able to clear the transaction. In such an event, the central counterparty would void the trade. Before the Fund can enter into a new trade, market conditions may become less favorable to the Fund.

Risks of Futures and Options Transactions. Positions in futures contracts and options may be closed out only on an exchange which provides a secondary market therefore. However, there can be no assurance that a liquid secondary market will exist for any particular futures contract or option at any specific time. Thus, it may not be possible to close a futures or options position. In the event of adverse price movements, the Fund would continue to be required to make daily cash payments to maintain its required margin. In such situations, if the Fund has insufficient cash, it may have to sell portfolio securities to meet daily margin requirements at a time when it may be disadvantageous to do so. In addition, the applicable Fund may be required to make delivery of the instruments underlying futures contracts it has sold.

The Fund will minimize the risk that it will be unable to close out a futures or options contract by only entering into futures and options for which there appears to be a liquid secondary market.

The risk of loss in trading futures contracts or uncovered call options in some strategies (*e.g.*, selling uncovered index futures contracts) is potentially unlimited. The Fund does not plan to use futures and options contracts, when available, in this manner. The risk of a futures position may still be large, as traditionally measured, due to the low margin deposits required. In many cases, a relatively small price movement in a futures contract may result in immediate and substantial loss or gain to the investor relative to the size of a required margin deposit. The Fund, however, intends to utilize futures and options contracts in a manner designed to limit their risk exposure to that which is comparable to what they would have incurred through direct investment in securities. Utilization of futures transactions by the Fund involves the risk of imperfect or even negative correlation to its Underlying Index if the index underlying the futures contracts differs from the Underlying Index. There is also the risk of loss by the Fund of margin deposits in the event of bankruptcy of a broker with whom the Fund has an open position in the futures contract or option.

Certain financial futures exchanges limit the amount of fluctuation permitted in futures contract prices during a single trading day. The daily limit establishes the maximum amount that the price of a futures contract may vary either up or down from the previous day's settlement price at the end of a trading session. Once the daily limit has been reached in a particular type of contract, no trades may be made on that day at a price beyond that limit. The daily limit governs only price movement during a particular trading day and therefore does not limit potential losses, because the limit may prevent the liquidation of unfavorable positions. Futures contract prices have occasionally moved to the daily limit for several consecutive trading days with little or no trading, thereby preventing prompt liquidation of futures positions and subjecting some futures traders to substantial losses.

Risks of Swap Agreements. Bi-lateral swap agreements are subject to the risk that the swap counterparty will default on its obligations. If such a default occurs, the Fund will have contractual remedies pursuant to the agreements related to the transaction, but such remedies may be subject to bankruptcy and insolvency laws which could affect the Fund's rights as a creditor. Some interest rate and credit default swaps are currently subject to central clearing and exchange trading. Although exchange-trading and clearing decreases the counterparty risk involved in bi-laterally negotiated contracts and increase market liquidity, exchange-trading and clearing will not make the contracts risk-free.

The use of interest-rate and index swaps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. The use of a swap requires an understanding not only of the referenced asset, reference rate, or index but also of the swap itself, without the benefit of observing the performance of the swap under all possible market conditions. These transactions generally do not involve the delivery of securities or other underlying assets or principal.

It is possible that developments in the swaps market, including government regulation, could adversely affect the Fund's ability to terminate existing swap agreements or to realize amounts to be received under such agreements.

Where swap agreements are two party contracts that may be subject to contractual restrictions on transferability and termination and because they may have terms of greater than seven days, they may be considered to be illiquid and subject to the Fund's limitation on investments in illiquid securities. To the extent that a swap is not liquid, it may not be possible to initiate a transaction or liquidate a position at an advantageous time or price, which may result in significant losses. Like most other investments, swap agreements are subject to the risk that the market value of the instrument will change in a way detrimental to the Fund's interest.

If the Fund uses a swap as a hedge against, or as a substitute for, a portfolio investment, the Fund will be exposed to the risk that the swap will have or will develop imperfect or no correlation with the portfolio investment. This could cause substantial losses for the Fund. While hedging strategies involving swap instruments can reduce the risk of loss, they can also reduce the opportunity for gain or even result in losses by offsetting favorable price movements in other Fund investments. Many swaps are complex and often valued subjectively.

Cybersecurity Risk. In connection with the increased use of technologies such as the Internet and the dependence on computer systems to perform necessary business functions, the Fund is susceptible to operational, information security, and related risks due to the possibility of cyber-attacks or other incidents. Cyber incidents may result from deliberate attacks or unintentional events. Cyber-attacks include, but are not limited to, infection by computer viruses or other malicious software code, gaining unauthorized access to systems, networks, or devices that are used to service the Fund's operations through hacking or other means for the purpose of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber-attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks (which can make a website unavailable) on the Fund's website. In addition, authorized persons could inadvertently or intentionally release confidential or proprietary information stored on the Fund's systems.

Cyber-attacks have the potential to interfere with the processing of Authorized Participant transactions and shareholder transactions on the Exchange. Furthermore, cyber security failures or breaches by the Fund's third party service providers (including, but not limited to, the adviser, distributor, custodian, transfer agent, and financial intermediaries) may cause disruptions and impact the service providers' and the Fund's business operations, potentially resulting in financial losses, the inability of Fund shareholders to transact business and the Fund to process transactions, inability to calculate the Fund's net asset value, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, and/or additional compliance costs. The Fund and its shareholders could be negatively impacted as a result of successful cyber-attacks against, or security breakdowns of, the Fund or its third party service providers.

The Fund may incur substantial costs to prevent or address cyber incidents in the future. In addition, there is a possibility that certain risks have not been adequately identified or prepared for. Furthermore, the Fund cannot directly control any cyber security plans and systems put in place by third party service providers. Cyber security risks are also present for issuers of securities in which the Fund invests, which could result in material adverse consequences for such issuers, and may cause the Fund's investment in such securities to lose value.

Future Developments. The Board may, in the future, authorize the Fund to invest in securities and investments other than those listed in this SAI and in the Fund's Prospectus, provided they are consistent with the Fund's investment objective and do not violate any fundamental investment restrictions or policies, and do not present material risks other than those listed in this SAI and/or the Fund's Prospectus, as it may be amended or supplemented from time to time.

SPECIAL CONSIDERATIONS AND RISKS

A discussion of the risks associated with an investment in the Fund is contained in the Prospectus. The discussion below supplements, and should be read in conjunction with, the Prospectus.

GENERAL

Investment in the Fund should be made with an understanding that the value of the Fund's portfolio securities may fluctuate in accordance with changes in the financial condition of the issuers of the portfolio securities, the value of securities generally and other factors.

An investment in the Fund should also be made with an understanding of the risks inherent in an investment in securities, including the risk that the financial condition of issuers may become impaired or that the general condition of the securities markets may deteriorate (either of which may cause a decrease in the value of the portfolio securities and thus in the value of Shares). Securities are susceptible to general market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including expectations regarding government, economic, monetary and fiscal policies, inflation and interest rates, economic expansion or contraction, and global or regional political, economic and banking crises.

Holdings of common stocks incur more risk than holdings of preferred stocks and debt obligations because common stockholders, as owners of the issuer, have generally inferior rights to receive payments from the issuer in comparison with the rights of creditors of, or holders of debt obligations or preferred stocks issued by, the issuer. Further, unlike debt securities which typically have a stated principal amount payable at maturity (whose value, however, will be subject to market fluctuations prior thereto), or preferred stocks which typically have a liquidation preference and which may have stated optional or mandatory redemption provisions, common stocks have neither a fixed principal amount nor a maturity. Common stock values are subject to market fluctuations as long as the common stock remains outstanding.

The principal trading market for some of the securities in an Index may be in the over-the-counter market. The existence of a liquid trading market for certain securities may depend on whether dealers will make a market in such securities. There can be no assurance that a market will be made or maintained or that any such market will be or remain liquid. The price at which securities may be sold and the value of the Fund's Shares will be adversely affected if trading markets for the Fund's portfolio securities are limited or absent or if bid/ask spreads are wide.

COMMON STOCK RISK

Common stock held by the Fund may fall in value due to general market and economic conditions (market risk) and in response to the fortunes of individual companies (company risk). Therefore, the value of an investment in the Fund when holding common stock may decrease. The market as a whole can decline for many reasons, including adverse political or economic developments here or abroad, changes in investor psychology, or heavy institutional selling. Also, certain unanticipated events, such as natural disasters, terrorist attacks, war, and other geopolitical events, can have a dramatic adverse effect on stock markets. Changes in the financial condition of a company or other issuer, changes in specific market, economic, political, and regulatory conditions that affect a particular type of investment or issuer, and changes in general market, economic, political, and regulatory conditions can adversely affect the price of common stock. These developments and changes can affect a single issuer, issuers within a broad market sector, industry or geographic region, or the market in general.

TAX RISKS

As with any investment, you should consider how your investment in Shares of the Fund will be taxed. The tax information in the Prospectus and this Statement is provided as general information. You should consult your own tax professional about the tax consequences of an investment in Shares of the Fund.

CONTINUOUS OFFERING

The method by which Creation Units of Shares are created and traded may raise certain issues under applicable securities laws. Because new Creation Units of Shares are issued and sold by the Trust on an ongoing basis, at any point a "distribution," as such term is used in the Securities Act, may occur. Broker-dealers and other persons are cautioned that some activities on their part may, depending on the circumstances, result in their being deemed participants in a distribution in a manner which could render them statutory underwriters and subject them to the prospectus delivery and liability provisions of the Securities Act. For example, a broker-dealer firm or its client may be deemed a statutory

underwriter if it takes Creation Units after placing an order with the Distributor, breaks them down into constituent Shares, and sells such Shares directly to customers, or if it chooses to couple the creation of a supply of new Shares with an active selling effort involving solicitation of secondary market demand for Shares. A determination of whether one is an underwriter for purposes of the Securities Act must take into account all the facts and circumstances pertaining to the activities of the broker-dealer or its client in the particular case, and the examples mentioned above should not be considered a complete description of all the activities that could lead to a categorization as an underwriter.

Broker-dealer firms should also note that dealers who are not “underwriters” but are effecting transactions in Shares, whether or not participating in the distribution of Shares, are generally required to deliver a prospectus. This is because the prospectus delivery exemption in Section 4(3) of the Securities Act is not available in respect of such transactions as a result of Section 24(d) of the 1940 Act. Firms that incur a prospectus-delivery obligation with respect to Shares of a Fund are reminded that under Securities Act Rule 153, a prospectus-delivery obligation under Section 5(b)(2) of the Securities Act owed to an exchange member in connection with a sale on the Exchange is satisfied by the fact that a Fund’s prospectus is available at the Exchange upon request. The prospectus delivery mechanism provided in Rule 153 is only available with respect to transactions on an exchange.

MANAGEMENT

Trustees and Officers

The general supervision of the duties performed by the Adviser for the Fund under the Investment Advisory Agreement is the responsibility of the Board of Trustees. The Trust currently has four Trustees. Three Trustees have no affiliation or business connection with the Adviser or any of its affiliated persons and do not own any stock or other securities issued by the Adviser. These are the “non-interested” or “independent” Trustees (“Independent Trustees”). The other Trustee (the “Interested Trustee”) is affiliated with the Adviser.

The Independent Trustees of the Trust, their term of office and length of time served, their principal business occupations during the past five years, the number of portfolios in the Fund Complex overseen by each Independent Trustee, and other directorships, if any, held by the Trustee are shown below.

Independent Trustees

Name, Address & Year of Birth*	Position(s) Held with Trust	Term of Office and Length of Time Served**	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustees***	Other Directorships Held by Trustees
Mary K. Anstine, 1940	Trustee	Since March 2008	Ms. Anstine was President/Chief Executive Officer of HealthONE Alliance, Denver, Colorado, and former Executive Vice President of First Interstate Bank of Denver. Ms. Anstine is also Trustee/Director of AV Hunter Trust and Colorado Uplift Board. Ms. Anstine was formerly a Director of the Trust Bank of Colorado (later purchased and now known as Northern Trust Bank), HealthONE and Denver Area Council of the Boy Scouts of America and a member of the	42	Ms. Anstine is a Trustee of ALPS Variable Investment Trust (9 funds); Financial Investors Trust (32 funds); Reaves Utility Income Fund (1 fund); and Westcore Trust (14 funds).

American Bankers Association
Trust Executive Committee.

Jeremy W. Deems, 1976	Trustee	Since March 2008	Mr. Deems is the Co-Founder, Chief Compliance Officer and Chief Financial Officer of Green Alpha Advisors, LLC. Mr. Deems is Co-Portfolio Manager of the Shelton Green Alpha Fund. Prior to joining Green Alpha Advisors, Mr. Deems was CFO and Treasurer of Forward Management, LLC, ReFlow Management Co., LLC, ReFlow Fund, LLC, a private investment fund, and Sutton Place Management, LLC, an administrative services company.	43	Mr. Deems is a Trustee of ALPS Variable Investment Trust (9 funds); Financial Investors Trust (32 funds); and Reaves Utility Income Fund (1 fund); Clough Funds Trust (1 fund) and Elevation ETF Trust (1 fund).
Rick A. Pederson, 1952	Trustee and Chairman	Since March 2008	Mr. Pederson is Partner, Bow River Capital Partners (private equity management), 2003 - present; Advisor, Pauls Corporation (real estate investment management and development), 2008 - present; Chairman, Ross Consulting Group (real estate consulting services) 1983-2013; Advisory Board, Neenan Company (construction services) 2002-present; Board Member, Prosci Inc. (private business services) 2013-2016; Advisory Board Member, Citywide Banks (Colorado community bank) 2014-present; Board Member, Strong-Bridge Consulting, 2015-present; Board Member, IRI/ODMS Holdings LLC, 2017 – present; Director, National Western Stock Show (not for profit) 2010 - present; Director, History Colorado (not for profit) 2015-present; Trustee, Boettcher Foundation, 2018.	21	Mr. Pederson is Trustee of Westcore Trust (14 funds) and Principal Real Estate Income Fund (1 fund)

* The business address of the Trustee is c/o ALPS Advisors, Inc., 1290 Broadway, Suite 1100, Denver, Colorado 80203.

** This is the period for which the Trustee began serving the Trust. Each Trustee serves an indefinite term, until his successor is elected.

*** The Fund Complex includes all series of the Trust and any other investment companies for which ALPS Advisors, Inc. provides investment advisory services.

Officers

Name, Address and Year of Birth of Officer	Position(s) Held with Trust	Length of Time Served*	Principal Occupation(s) During Past 5 Years
Erin D. Nelson, 1977	Chief Compliance Officer (“CCO”)	Since December 2015	Erin Nelson became Senior Vice-President and Chief Compliance Officer of ALPS Advisors, Inc. (“AAI”) on July 1, 2015 and prior to that served as Vice President and Deputy Chief Compliance Officer of AAI since January 1, 2015. Prior to January 1, 2015, Ms. Nelson was Vice-President and Assistant General Counsel of ALPS Fund Services, Inc. Because of her position with AAI, Ms. Nelson is deemed an affiliate of the Trust as defined under the 1940 Act. Ms. Nelson is also the CCO of ALPS Variable Investment Trust, Liberty All-Star Growth Fund, Inc., Liberty All-Star Equity Fund, Principal Real Estate Income Fund, RiverNorth Opportunities Fund, Inc. and Red Rocks Capital, LLC.
Jeremy O. May 1970	Treasurer	Since February 2018	Mr. May joined ALPS in 1995 and is currently President and Director of ALPS Fund Services, Inc., ALPS Distributors, Inc., and ALPS Portfolio Solutions Distributor, Inc., Executive Vice President and Director of ALPS Holdings, Inc. and ALPS Advisors, Inc. Because of his positions with these entities, Mr. May is deemed an affiliate of the Trust as defined under the 1940 Act. Mr. May is also Trustee of the Reaves Utility Income Fund, ALPS Series Trust, Principal Real Estate Income Fund and ALPS Elevation Trust. Mr. May is also on the Board of Directors of the University of Colorado Foundation and the AV Hunter Trust.
Andrea E. Kuchli, 1985	Secretary	Since December 2017	Ms. Kuchli joined ALPS in 2015 and is currently Vice President and Senior Counsel of ALPS. Prior to joining ALPS, Ms. Kuchli was an Associate with Davis Graham & Stubbs LLP from April 2014 to February 2015, and an Associate with Dechert LLP from 2011 to April 2014. Because of her position with ALPS, Ms. Kuchli is deemed an affiliate of the Trust as defined under the 1940 Act. From December 2015 through December 2017, Ms. Kuchli served as Assistant Secretary of the Trust. Ms. Kuchli is also Secretary of ALPS Variable Investment Trust, Elevation ETF Trust and Principal Real Estate Income Fund as well as Assistant Secretary of the James Advantage Funds.
Sharon Akselrod, 1974	Assistant Secretary	Since December 2016	Ms. Akselrod joined ALPS in August 2014 and is currently Senior Investment Company Act Paralegal of ALPS Fund Services, Inc. Prior to joining ALPS, Ms. Akselrod served as Corporate Governance and Regulatory Associate for Nordstrom fsb (2013-2014) and Senior Legal Assistant – Legal Manager for AXA Equitable Life Insurance Company (2008-2013). Because of her position with ALPS, Ms. Akselrod is deemed an

affiliate of the Trust as defined under the 1940 Act. Ms. Akselrod is also Assistant Secretary of Financial Investors Trust and Principal Real Estate Income Fund.

Stephanie G. Danner, 1992	Assistant Secretary	Since December 2017	Ms. Danner joined ALPS in September 2017 and is currently Vice President and Associate Senior Counsel of ALPS. Because of her position with ALPS, Ms. Danner is deemed an affiliate of the Trust as defined under the 1940 Act.
-------------------------------------	------------------------	------------------------	---

- * The business address of each Officer is c/o ALPS Advisors, Inc., 1290 Broadway, Suite 1100, Denver, Colorado 80203.
- ** This is the period for which the Officer began serving the Trust. Each Officer serves an indefinite term, until his/her successor is elected.

Additional Information About the Trustees' Qualifications and Experience

The following is a brief discussion of the specific education, experience, qualifications, or skills that led to the conclusion, as of the date of this SAI, that each person identified below should serve as a Trustee for the Trust.

Mary K. Anstine

Ms. Anstine has been an Independent Trustee of the Trust since March 25, 2008. Currently retired, Ms. Anstine has over 30 years of financial services experience. Most recently, she was President and CEO of HealthONE Alliance, Denver, Colorado from 1994 through 2004. From 1964 to 1994, Ms. Anstine held positions leading up to Executive Vice President of First Interstate Bank. She was selected to serve as a Trustee of the Trust based on her business and financial services experience.

Jeremy W. Deems

Mr. Deems has been an Independent Trustee of the Trust since March 25, 2008. In 2007, Mr. Deems co-founded Green Alpha Advisors, LLC, a registered investment adviser, for which he currently serves as Co-Founder, Chief Compliance Officer and Chief Financial Officer. Prior to co-founding Green Alpha Advisors, Mr. Deems was CFO and Treasurer of Forward Management, LLC, investment advisor to the Forward Funds, ReFlow Management Co., LLC, ReFlow Fund, LLC, a private investment fund, and Sutton Place Management, LLC, an administrative services company, from 1998 to June 2007. Mr. Deems received a B.S. and a MBA in finance from Saint Mary's College of California and is a licensed Certified Public Accountant and a member of the American Institute of Certified Public Accountants. He was selected to serve as a Trustee of the Trust based on his business, financial services, accounting and investment management experience.

Rick A. Pederson

Mr. Pederson has served as an Independent Trustee of the Trust since March 2008. He currently serves on the Trust's Nominating and Corporate Governance Committee and on the Audit Committee. Mr. Pederson has been a long-time manager of private equity and real estate investment funds, and has served on the boards of several private companies and not-for-profit entities. He was selected to serve as a Trustee of the Trust based on his business and financial services experience.

Edmund J. Burke

Mr. Burke has been an Interested Trustee of the Trust since December 11, 2017. Mr. Burke joined ALPS Fund Services, Inc., the Fund's administrator, in 1991 and currently serves as Director. He is also a President of ALPS Holdings, Inc. and ALPS Advisors, Inc., ALPS Distributors, Inc., and ALPS Portfolio Solutions Distributor, Inc., the Fund's principal underwriter. Mr. Burke has over 20 years of financial services and investment management experience. Before joining ALPS, Mr. Burke was a Regional Vice President for the Pioneer Funds in Boston and has also worked with Fidelity. Mr. Burke has a B.A. in Economics from the University of New Hampshire. He was selected to serve as a Trustee of the Trust based on his business, financial services and investment management experience.

Leadership Structure and Oversight Responsibilities

Overall responsibility for oversight of the Fund rests with the Trustees. The Trust has engaged the Adviser to manage the Fund on a day-to day basis. The Board is responsible for overseeing the Adviser and other service providers in the operations of the Fund in accordance with the provisions of the 1940 Act, applicable provisions of state and other laws and the Trust's charter. The Board is currently composed of four members, three of whom are Independent Trustees. The Board meets at regularly scheduled quarterly meetings each year. In addition, the Board may hold special in-person or telephonic meetings or informal conference calls to discuss specific matters that may arise or require action between regular meetings. As described below, the Board has established a Nominating and Governance Committee and an Audit Committee, and may establish ad hoc committees or working groups from time to time, to assist the Board in fulfilling its oversight responsibilities.

The Board has appointed Mr. Pederson, an Independent Trustee, to serve in the role of Chairman. The Chairman's role is to preside at all meetings of the Board and to act as a liaison with the Adviser, other service providers, counsel and other Trustees generally between meetings. The Chairman may also perform such other functions as may be delegated by the Board from time to time. The Board has determined not to appoint a lead independent trustee. The Board reviews matters related to its leadership structure annually. The Board has determined that the Board's leadership structure is appropriate given the Trust's characteristics and circumstances. These characteristics include, but are not limited to, the fact that the Chairman of the Board is an Independent Trustee, the Trust's multiple series of Fund shares, the Fund's single portfolio of assets, the Fund's net assets, the services provided by the Trust's service providers, and the formal and informal functions of the various Independent Trustees both during and between Board meetings.

Risk oversight forms part of the Board's general oversight of the Fund and is addressed as part of various Board and Committee activities. As part of its regular oversight of the Fund, the Board, directly or through either Committee, interacts with and reviews reports from, among others, Fund management, the Adviser, the Fund's Chief Compliance Officer, the Fund's legal counsel and the independent registered public accounting firm for the Fund regarding risks faced by the Fund. The Board, with the assistance of Fund management and the Adviser, reviews investment policies and risks in connection with its review of the Fund's performance. The Board has appointed a Chief Compliance Officer who oversees the implementation and testing of the Fund's compliance program and reports to the Board regarding compliance matters for the Fund and its principal service providers. In addition, as part of the Board's periodic review of the Fund's advisory and other service provider agreements, the Board may consider risk management aspects of these service providers' operations and the functions for which they are responsible.

None of the Independent Trustees own securities in the Adviser or the Distributor, nor do they own securities in any entity directly controlling, controlled by, or under common control with the Adviser or the Distributor.

The Board met five times during the fiscal year ended November 30, 2017.

Audit Committee. The Board has an Audit Committee which considers such matters pertaining to the Trust's books of account, financial records, internal accounting controls and changes in accounting principles or practices as the Trustees may from time to time determine. The Audit Committee also considers the engagement and compensation of the independent registered public accounting firm ("Firm") and ensures receipt from the Firm of a formal written statement delineating relationships between the Firm and the Trust, consistent with Public Company Accounting Oversight Board Rule 3526. The Audit Committee also meets privately with the representatives of the Firm to review the scope and results of audits and other duties as set forth in the Audit Committee's Charter. The Audit Committee members, each of whom are Independent Trustees are: Ms. Anstine and Messrs. Deems (Chairman) and Pederson. The Audit Committee met three times during the fiscal year ended November 30, 2017.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee meets periodically to advise and assist the Board in selecting nominees to serve as trustees of the Trust. The Nominating and Corporate Governance Committee believes the Board generally benefits from diversity of background, experience and views among its members, and considers this a factor in evaluating the composition of the Board. The Nominating and Corporate Governance Committee also advises and assists the Board in establishing, implementing and executing policies, procedures and practices that assure orderly and effective governance of the Trust and effective and efficient management of all business and financial affairs of the Trust. Members of the Nominating and Corporate Governance Committee are

currently: Ms. Anstine (Chairman) and Messrs. Deems and Pederson. The Nominating and Corporate Governance Committee of the Board met once during the fiscal year ended November 30, 2017.

Shareholder Nominations. The Board will consider shareholder nominees for Trustees. All nominees must possess the appropriate characteristics, skills and experience for serving on the Board. In particular, the Board and its Independent Trustees will consider each nominee's integrity, education, professional background, understanding of the Trust's business on a technical level and commitment to devote the time and attention necessary to fulfill a Trustee's duties. All shareholders who wish to recommend nominees for consideration as Trustees shall submit the names and qualifications of the candidates to the Secretary of the Trust by writing to: ALPS ETF Trust, 1290 Broadway, Suite 1100, Denver, Colorado, 80203.

As of December 31, 2017, the dollar range of equity securities in the Fund beneficially owned by the Interested Trustee were as follows:

Name of Trustee	Dollar Range of Equity Securities in the Fund	Aggregate Dollar Range of Equity Securities in All Registered Investment Companies Overseen By Trustee in Family of Investment Companies
Edmund J. Burke	None	\$100,001-\$500,000

As of December 31, 2017, the dollar range of equity securities in the Fund beneficially owned by Independent Trustees were as follows:

Name of Trustee	Dollar Range of Equity Securities in the Fund	Aggregate Dollar Range of Equity Securities in All Registered Investment Companies Overseen By Trustee in Family of Investment Companies
Mark K. Anstine	None	None
Jeremy W. Deems	None	None
Rick Pederson	None	None

Remuneration of Trustees and Officers.

Each Independent Trustee receives (1) a quarterly retainer of \$5,000, (2) a per meeting fee of \$3,750, (3) \$1,500 for any special meeting held outside of a regularly scheduled board meeting, and (4) reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings. In addition, each of Messrs. Pederson and Deems receives a quarterly retainer of \$2,000, respectively, in connection with their respective roles as Chairman of the Board and Chairman of the Audit Committee. The following chart provides certain information about the Trustee fees paid by the Trust for the fiscal year ended November 30, 2017:

Aggregate Compensation From the Trust	Pension Or Retirement Benefits Accrued As Part of Portfolio Expenses	Estimated Annual Benefits Upon Retirement	Aggregate Compensation From The Trust And Fund Complex Paid To
--	---	--	---

				Trustees⁽¹⁾
Mary K. Anstine, Trustee	\$36,500	\$0	\$0	\$139,142
Jeremy W. Deems, Trustee	\$40,500	\$0	\$0	\$200,732
Rick A. Pederson, Trustee	\$40,500	\$0	\$0	\$67,000

- (1) The Fund Complex includes all series of the Trust and any other investment companies for which ALPS Advisors, Inc. provides investment advisory services.

Officers who are employed by the Adviser receive no compensation or expense reimbursements from the Trust.

Adviser. The Fund is managed by the Adviser. The Adviser, a wholly owned subsidiary of ALPS Holdings, Inc. (“ALPS Holdings”), subject to the authority of the Board, is responsible for the overall management and administration of the Fund’s business affairs. The Adviser commenced business operations in December 2006 upon the acquisition of an existing investment advisory operation and is registered with the SEC as an investment adviser. The Adviser’s principal address is 1290 Broadway, Suite 1100, Denver, CO 80203. The Adviser is an affiliate of ALPS Fund Services, Inc., who serves as the Fund’s administrator, and ALPS Portfolio Solutions Distributor, Inc., who serves as Distributor to the Fund.

Located in Denver, Colorado, ALPS Holdings was founded in 1985 as a provider of fund administration and fund distribution services. Since then, ALPS Holdings has added additional services, including fund accounting, transfer agency, shareholder services, active distribution, legal, tax and compliance services. As of March 31, 2018, ALPS Advisors, Inc. managed over \$16.5 billion in assets. ALPS Holdings is an indirect wholly-owned subsidiary of SS&C Technologies Holdings, Inc. (“SS&C”), a publicly traded company listed on the NASDAQ Global Select Market, which acquired ALPS Holdings’ parent company DST Systems, Inc. in a transaction which closed on April 16, 2018.

Investment Advisory Agreement. Pursuant to an Investment Advisory Agreement between the Adviser and the Trust, the Adviser is responsible for all expenses of the Fund, including the cost of transfer agency, custody, fund administration, legal, audit and other services, except interest expenses, distribution fees or expenses, brokerage expenses, taxes, and extraordinary expenses such as litigation and other expenses not incurred in the ordinary course of the Fund’s business. For the Adviser’s services to the Fund, the Fund has agreed to pay an annual management fee equal to a 0.65% of its average daily net assets.

Under the Investment Advisory Agreement, the Adviser will not be liable for any error of judgment or mistake of law or for any loss suffered by the Fund in connection with the performance of the Investment Advisory Agreement, except a loss resulting from willful misfeasance, bad faith or gross negligence on the part of the Adviser in the performance of its duties or from reckless disregard of its duties and obligations thereunder. The initial term of the Investment Advisory Agreement is two years and continues thereafter only if approved annually by the Board, including a majority of the Independent Trustees. The Investment Advisory Agreement terminates automatically upon assignment and is terminable at any time without penalty as to the Fund by the Board, including a majority of the Independent Trustees, or by vote of the holders of a majority of that Fund’s outstanding voting securities on 60 days written notice to the Adviser, or by the Adviser on 60 days written notice to the Fund.

Other Accounts Managed by the Portfolio Managers; Compensation of the Portfolio Managers.

Information regarding the other accounts managed by each portfolio manager as of November 30, 2017, is set forth below:

Name of	Accounts Managed			Accounts With Respect to Which the Advisory Fee is based on the Performance of the Account	
	Category of Account	Number of	Total Assets	Number of	Total Assets

Portfolio Manager		Accounts in Category	in Accounts in Category	Accounts in Category	in Accounts in Category
Ryan Mischker	Registered Investment Companies	18	\$14 billion	N/A	N/A
	Other Pooled investment vehicles	N/A	N/A	N/A	N/A
	Other Accounts	N/A	N/A	N/A	N/A
Andrew Hicks	Registered Investment Companies	18	\$14 billion	N/A	N/A
	Other Pooled investment vehicles	N/A	N/A	N/A	N/A
	Other Accounts	N/A	N/A	N/A	N/A

Portfolio Manager Compensation Structure Disclosure.

The Adviser is responsible for the day-to-day management of the Fund. Messrs. Mischker and Hicks, who are also responsible for the day-to-day management of the Fund, are paid a base salary, plus a discretionary bonus. The bonus for each of Messrs. Mischker and Hicks is determined by the business unit's revenue and profitability as well as the individual's contribution to the business unit. The bonus for Messrs. Mischker and Hicks is discretionary and is not based specifically on portfolio performance.

Securities Ownership of the Portfolio Manager. Because the Fund is newly organized, the portfolio managers do not own shares of the Fund.

Administrator. ALPS Fund Services, Inc. ("ALPS Fund Services") serves as the Trust's administrator. Pursuant to an administration agreement, ALPS Fund Services provides certain administrative, bookkeeping and accounting services to the Trust. For the services, ALPS Fund Services receives a fee, accrued daily and paid monthly by the Adviser from the management fee. ALPS Fund Services is located at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Custodian and Transfer Agent. State Street Bank and Trust Company ("SSB") serves as custodian for the Fund pursuant to a Custodian Agreement. As custodian, SSB holds the Fund's assets, calculates the NAV of Shares and calculates net income and realized capital gains or losses. SSB also serves as transfer agent of the Fund pursuant to a Transfer Agency and Service Agreement. As compensation for the foregoing services, SSB receives certain out-of-pocket costs, transaction fees and asset-based fees which are accrued daily and paid monthly by the Adviser from the management fee.

Distributor. ALPS Portfolio Solutions Distributor, Inc. is the distributor of the Fund's Shares. Its principal address is 1290 Broadway, Suite 1100, Denver, Colorado 80203. The Distributor has entered into a Distribution Agreement with the Trust pursuant to which it distributes Fund Shares. Shares are continuously offered for sale by the Fund through the Distributor only in Creation Unit Aggregations, as described in the Prospectus and below under the heading "Creation and Redemption of Creation Units."

Financial Intermediary Compensation. The Adviser and/or its subsidiaries or affiliates ("ALPS Entities") may pay certain broker-dealers and other financial intermediaries ("Intermediaries") for certain activities related to certain funds of the Trust ("Payments"). Any Payments made by ALPS Entities will be made from their own assets and not from the assets of the Fund. Although a portion of ALPS Entities' revenue comes directly or indirectly in part from fees paid by the Fund, Payments do not increase the price paid by investors for the purchase of shares of, or the cost of owning, a Fund. ALPS Entities may make Payments for Intermediaries to participate in activities that are designed to make registered representatives, other professionals and individual investors more knowledgeable about the Fund or for other activities, such as participation in marketing activities and presentations, educational training programs, the support of technology platforms and/or reporting systems. ALPS Entities may also make Payments to Intermediaries for certain printing, publishing and mailing costs associated with the Fund or materials relating to exchange-traded funds in general. In addition, ALPS Entities may make Payments to Intermediaries that make Shares available to their clients or for otherwise promoting the Fund. Payments of this type are sometimes referred to as revenue-sharing payments. The Adviser has established revenue-sharing arrangements with Charles Schwab & Co., Inc. ("Schwab") and Raymond James Financial

Services, Inc. (“Raymond James”). Under these arrangements, Schwab and Raymond James have agreed not to charge their customers any trading commissions when those customers purchase or sell shares of certain funds of the Trust online. In addition, Schwab and Raymond James will promote the availability of commission-free trading for certain funds of the Trust to their customers.

Payments to an Intermediary may be significant to the Intermediary, and amounts that Intermediaries pay to your salesperson or other investment professional may also be significant for your salesperson or other investment professional. Because an Intermediary may make decisions about which investment options it will recommend or make available to its clients or what services to provide for various products based on payments it receives or is eligible to receive, Payments create conflicts of interest between the Intermediary and its clients and these financial incentives may cause the Intermediary to recommend the Fund over other investments. The same conflict of interest exists with respect to your salesperson or other investment professional if he or she receives similar payments from his or her Intermediary firm.

ALPS Entities may determine to make Payments based on any number of metrics. For example, ALPS Entities may make Payments at year-end or other intervals in a fixed amount, an amount based upon an Intermediary’s services at defined levels or an amount based on the Intermediary’s net sales of one or more funds of the Trust in a year or other period, any of which arrangements may include an agreed-upon minimum or maximum payment, or any combination of the foregoing. The Adviser anticipates that the Payments paid by ALPS Entities in connection with the Fund will be immaterial to ALPS Entities in the aggregate for the current fiscal year. Please contact your salesperson or other investment professional for more information regarding any Payments his or her Intermediary firm may receive. Any payments made by the ALPS Entities to an Intermediary may create the incentive for an Intermediary to encourage customers to buy shares of the Fund.

Aggregations. Fund Shares in less than Creation Unit Aggregations are not distributed by the Distributor. The Distributor will deliver the Prospectus and, upon request, this SAI to persons purchasing Creation Unit Aggregations and will maintain records of both orders placed with it and confirmations of acceptance furnished by it. The Distributor is a broker-dealer registered under the Securities Exchange Act of 1934 (the “Exchange Act”) and a member of the Financial Industry Regulatory Authority (“FINRA”).

The Distribution Agreement for the Fund provides that it may be terminated as to the Fund at any time, without the payment of any penalty, on at least 60 days written notice by the Trust to the Distributor (i) by vote of a majority of the Independent Trustees or (ii) by vote of a majority of the outstanding voting securities (as defined in the 1940 Act) of the Fund. The Distribution Agreement will terminate automatically in the event of its assignment (as defined in the 1940 Act).

The Distributor may also enter into agreements with securities dealers (“Soliciting Dealers”) who will solicit purchases of Creation Unit Aggregations of Fund Shares. Such Soliciting Dealers may also be Participating Parties (as defined in “Procedures for Creation of Creation Unit Aggregations” below) and DTC Participants of the Depository Trust Company (the “DTC”) (as defined in “DTC Acts as Securities Depository” below).

Index Provider. CIBC National Trust Company. (“CIBC NTC” or the “Index Provider”) is the index provider for the Fund. CIBC NTC creates and maintains proprietary, quantitative portfolio strategies that are licensed to product sponsors and serve as the basis of investment products such as exchange-traded funds.

The Index Provider is not affiliated with the Trust, the Adviser or the Distributor. The Index Provider has entered into a License Agreement with the Adviser to use the Underlying Index. The use of the Underlying Index by the Adviser and the Fund is subject to the terms of the License Agreement, which imposes certain limitations and conditions on the Fund’s ability to use the Underlying Index. The Adviser pays licensing fees to the Index Provider from the Adviser’s management fees or other resources.

The Index Provider uses a rules-based methodology (the “Index Methodology”) to construct and maintain the Underlying Index. The Underlying Index and the Index Methodology, including a list of the component securities of the Underlying Index, can be found on the Fund’s website at www.alpsfunds.com.

LICENSE AGREEMENT AND DISCLAIMERS

The information contained herein regarding the Underlying Index was provided by the Index Provider.

CIBC NTC is the designer of the construction and methodology for the Underlying Index. “CIBC NTC” and “CIBC Atlas Clean Energy Index” are service marks or trademarks of the Index Provider. CIBC NTC acts solely as brand licensor for the Underlying Index, and is not responsible for the descriptions of the Underlying Index or the Fund that appear herein.

The Fund is not sponsored, endorsed, sold or promoted by CIBC NTC or any of its affiliates. CIBC NTC makes no representation or warranty, express or implied, to the owners of the Fund or any member of the public regarding the advisability of investing in securities or commodities generally or in the Fund particularly or the ability of the Underlying Index to track the market generally. CIBC NTC does not guarantee the quality, accuracy or completeness of the Underlying Index or any Underlying Index data included herein or derived therefrom and assume no liability in connection with their use. The Underlying Index is determined and composed without regard to the Adviser or the Fund. CIBC NTC has no obligation to take the needs of the Adviser, the Fund or the shareholders of the Fund into consideration in determining, composing or calculating the Underlying Index. CIBC NTC is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of the Fund to be issued or in the determination or calculation of the equation by which the Fund is to be converted into cash. CIBC NTC has no obligation or liability in connection with the administration, marketing or trading of the Fund and is not responsible for and has not participated in the determination of pricing or the timing of the issuance or sale of the Shares of the Fund or in the determination or calculation of the NAV of the Fund.

CIBC NTC does not guarantee the quality, accuracy and/or completeness of the Underlying Index or any data included therein, and CIBC NTC shall have no liability for any errors, omissions, or interruptions of any kind related to the Underlying Index or related data. CIBC NTC makes no warranty, express or implied, as to results to be obtained by the Adviser, the Fund, Fund shareholders or any other person or entity from the use of the Underlying Index or any data included therein. CIBC NTC makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Underlying Index or any data included therein. Without limiting any of the foregoing, in no event shall CIBC NTC have any liability for any special, punitive, indirect, or consequential damages (including lost profits) arising out of matters relating to the use of the Underlying Index, even if notified of the possibility of such damages.

All intellectual property rights in the Underlying Index vests in CIBC NTC.

The Underlying Index is the property of CIBC NTC, which has contracted with S&P Opco, LLC (a subsidiary of S&P Dow Jones Indices LLC) to calculate and maintain the Underlying Index. The Underlying Index is not sponsored by S&P Dow Jones Indices or its affiliates or its third party licensors (collectively, “S&P Dow Jones Indices”). S&P Dow Jones Indices will not be liable for any errors or omissions in calculating the Underlying Index. “Calculated by S&P Dow Jones Indices” and the related stylized mark(s) are service marks of S&P Dow Jones Indices and have been licensed for use by CIBC NTC. S&P® is a registered trademark of Standard & Poor’s Financial Services LLC (“SPFS”), and Dow Jones® is a registered trademark of Dow Jones Trademark Holdings LLC (“Dow Jones”).

The Fund is not sponsored, endorsed, sold or promoted by S&P Dow Jones Indices. S&P Dow Jones Indices does not make any representation or warranty, express or implied, to the owners of the Fund or any member of the public regarding the advisability of investing in securities generally or in the Fund particularly or the ability of the Underlying Index to track general market performance. S&P Dow Jones Indices’ only relationship to CIBC NTC with respect to the Underlying Index is the licensing of certain trademarks, service marks and trade names of S&P Dow Jones Indices, and the provision of the calculation services related to the Underlying Index. S&P Dow Jones Indices is not responsible for and has not participated in the determination of the prices and amount of the Fund or the timing of the issuance or sale of the Fund or in the determination or calculation of the equation by which the Fund may be converted into cash or other redemption mechanics. S&P Dow Jones Indices has no obligation or liability in connection with the administration, marketing or trading of the Fund. S&P Dow Jones Indices LLC is not an investment advisor. Inclusion of a security within the Underlying Index is not a recommendation by S&P Dow Jones Indices to buy, sell, or hold such security, nor is it investment advice.

S&P DOW JONES INDICES DOES NOT GUARANTEE THE ADEQUACY, ACCURACY, TIMELINESS AND/OR THE COMPLETENESS OF THE UNDERLYING INDEX OR ANY DATA RELATED THERETO OR ANY COMMUNICATION WITH RESPECT THERETO, INCLUDING, ORAL, WRITTEN, OR ELECTRONIC COMMUNICATIONS. S&P DOW JONES INDICES SHALL NOT BE SUBJECT TO ANY DAMAGES OR LIABILITY FOR ANY ERRORS, OMISSIONS, OR DELAYS THEREIN. S&P DOW JONES INDICES MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIMS ALL WARRANTIES, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE OR AS TO RESULTS TO BE OBTAINED BY CIBC NTC, OWNERS OF THE FUND, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE UNDERLYING INDEX OR WITH RESPECT TO ANY DATA RELATED THERETO. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT WHATSOEVER SHALL S&P DOW JONES INDICES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO, LOSS OF PROFITS, TRADING LOSSES, LOST TIME, OR GOODWILL, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE.

The Adviser does not guarantee the accuracy and/or the completeness of the Underlying Index or any data included therein, and the Adviser shall have no liability for any errors, omissions or interruptions therein. The Adviser makes no warranty, express or implied, as to results to be obtained by the Fund, owners of the Shares of the Fund or any other person or entity from the use of the Underlying Index or any data included therein. The Adviser makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Underlying Index or any data included therein. Without limiting any of the foregoing, in no event shall the Adviser have any liability for any special, punitive, direct, indirect, or consequential damages (including lost profits) arising out of matters relating to the use of the Underlying Index, even if notified of the possibility of such damages.

BROKERAGE TRANSACTIONS

The policy of the Trust regarding purchases and sales of securities is that primary consideration will be given to obtaining the most favorable prices and efficient executions of transactions. Consistent with this policy, when securities transactions are effected on a stock exchange, the Trust's policy is to pay commissions that are considered fair and reasonable without necessarily determining that the lowest possible commissions are paid in all circumstances. In seeking to determine the reasonableness of brokerage commissions paid in any transaction, the Adviser relies upon its experience and knowledge regarding commissions generally charged by various brokers. The sale of Fund Shares by a broker-dealer is not a factor in the selection of broker-dealers.

In seeking to implement the Trust's policies, the Adviser effects transactions with those brokers and dealers that the Adviser believes provide the most favorable prices and are capable of providing efficient executions. The Adviser and its affiliates do not currently participate in soft dollar transactions.

The Adviser assumes general supervision over placing orders on behalf of the Fund for the purchase or sale of portfolio securities. If purchases or sales of portfolio securities by the Fund and one or more other investment companies or clients supervised by the Adviser are considered at or about the same time, transactions in such securities may be allocated among the Fund, the several investment companies and clients in a manner deemed equitable to all by the Adviser. In some cases, this procedure could have a detrimental effect on the price or volume of the security as far as the Fund is concerned. However, in other cases, it is possible that the ability to participate in volume transactions and to negotiate lower brokerage commissions will be beneficial to the Fund. The primary consideration is prompt execution of orders at the most favorable net price.

ADDITIONAL INFORMATION CONCERNING THE TRUST

The Trust is an open-end management investment company registered under the 1940 Act. The Trust was organized as a Delaware statutory trust on September 13, 2007 and consists of multiple separate portfolios or series.

The Trust is authorized to issue an unlimited number of shares in one or more series or "funds." The Board of Trustees of the Trust has the right to establish additional series in the future, to determine the preferences, voting powers, rights and privileges thereof and to modify such preferences, voting powers, rights and privileges without shareholder approval.

Each Share issued by the Fund has a pro rata interest in the assets of the Fund. Fund Shares have no preemptive, exchange, subscription or conversion rights and are freely transferable. Each Share is entitled to participate equally in dividends and distributions declared by the Board with respect to the Fund, and in the net distributable assets of the Fund on liquidation.

Each Share has one vote with respect to matters upon which a shareholder vote is required consistent with the requirements of the 1940 Act and the rules promulgated thereunder. Shares of all funds, including the Fund, of the Trust vote together as a single class except as otherwise required by the 1940 Act, or if the matter being voted on affects only a particular fund, and, if a matter affects a particular fund differently from other funds, the shares of that fund will vote separately on such matter.

The Declaration of Trust may, except in limited circumstances, be amended or supplemented by the Trustees without shareholder vote. The holders of Fund shares are required to disclose information on direct or indirect ownership of Fund shares as may be required to comply with various laws applicable to the Fund, and ownership of Fund shares may be disclosed by the Fund if so required by law or regulation.

The Trust is not required and does not intend to hold annual meetings of shareholders. Shareholders owning more than 51% of the outstanding shares of the Trust have the right to call a special meeting to remove one or more Trustees or for any other purpose.

The Trust does not have information concerning the beneficial ownership of Shares held by DTC Participants (as defined below).

Shareholders may make inquiries by writing to the Trust, c/o the Distributor, 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Control Persons. As of the date of this SAI, no entity owns of record 5% or more of the outstanding shares of the Fund.

Book Entry Only System. The following information supplements and should be read in conjunction with the section in the Prospectus entitled “Book Entry.”

DTC Acts as Securities Depository for Fund Shares. Shares of the Fund are represented by securities registered in the name of DTC or its nominee and deposited with, or on behalf of, DTC.

DTC, a limited-purpose trust company, was created to hold securities of its participants (the “DTC Participants”) and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. More specifically, DTC is owned by a number of its DTC Participants and by the NYSE Arca and FINRA. Access to the DTC system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the “Indirect Participants”).

Beneficial ownership of Shares is limited to DTC Participants, Indirect Participants and persons holding interests through DTC Participants and Indirect Participants. Ownership of beneficial interests in Shares (owners of such beneficial interests are referred to herein as “Beneficial Owners”) is shown on, and the transfer of ownership is effected only through, records maintained by DTC (with respect to DTC Participants) and on the records of DTC Participants (with respect to Indirect Participants and Beneficial Owners that are not DTC Participants). Beneficial Owners will receive from or through the DTC Participant a written confirmation relating to their purchase and sale of Shares.

Conveyance of all notices, statements and other communications to Beneficial Owners is effected as follows. Pursuant to the Depository Agreement between the Trust and DTC, DTC is required to make available to the Trust upon request and for a fee to be charged to the Trust a listing of the Shares of the Fund held by each DTC Participant. The Trust shall inquire of each such DTC Participant as to the number of Beneficial Owners holding Shares, directly or indirectly,

through such DTC Participant. The Trust shall provide each such DTC Participant with copies of such notice, statement or other communication, in such form, number and at such place as such DTC Participant may reasonably request, in order that such notice, statement or communication may be transmitted by such DTC Participant, directly or indirectly, to such Beneficial Owners. In addition, the Trust shall pay to each such DTC Participant a fair and reasonable amount as reimbursement for the expenses attendant to such transmittal, all subject to applicable statutory and regulatory requirements.

Fund distributions shall be made to DTC or its nominee, Cede & Co., as the registered holder of all Fund Shares. DTC or its nominee, upon receipt of any such distributions, shall immediately credit DTC Participants' accounts with payments in amounts proportionate to their respective beneficial interests in Shares of the Fund as shown on the records of DTC or its nominee. Payments by DTC Participants to Indirect Participants and Beneficial Owners of Shares held through such DTC Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in a "street name," and will be the responsibility of such DTC Participants.

The Trust has no responsibility or liability for any aspect of the records relating to or notices to Beneficial Owners, or payments made on account of beneficial ownership interests in such Shares, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests, or for any other aspect of the relationship between DTC and the DTC Participants or the relationship between such DTC Participants and the Indirect Participants and Beneficial Owners owning through such DTC Participants.

DTC may decide to discontinue providing its service with respect to Shares at any time by giving reasonable notice to the Trust and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, the Trust shall take action to find a replacement for DTC to perform its functions at a comparable cost.

Proxy Voting. The Board has delegated responsibility for decisions regarding proxy voting for securities held by the Fund to the Adviser. The Adviser will vote such proxies in accordance with its proxy policies and procedures, which are included in Appendix A of this SAI. The Board will periodically review the Fund's proxy voting record.

The Trust is required to disclose annually the Fund's complete proxy voting record on Form N-PX covering the period July 1 through June 30 and file it with the SEC no later than August 31. Form N-PX for the Fund also will be available at no charge upon request by calling 1-866-759-5679 or by writing to ALPS ETF Trust at 1290 Broadway, Suite 1100, Denver, Colorado 80203. The Fund's Form N-PX will also be available on the SEC's website at www.sec.gov.

Quarterly Portfolio Schedule. The Trust is required to disclose, after its first and third fiscal quarters, the complete schedule of the Fund's portfolio holdings with the SEC on Form N-Q. The Trust will also disclose a complete schedule of the Fund's portfolio holdings with the SEC on Form N-CSR after its second and fourth quarters. Form N-Q and Form N-CSR for the Fund will be available on the SEC's website at <http://www.sec.gov>. The Fund's Form N-Q and Form N-CSR may also be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. and information on the operation of the Public Reference Room may be obtained by calling 1-202-551-5850. The Fund's Form N-Q and Form N-CSR will be available without charge, upon request, by calling 1-866-759-5679 or by writing to ALPS ETF Trust at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

Portfolio Holdings Policy. The Trust has adopted a policy regarding the disclosure of information about the Trust's portfolio holdings. The Fund and its service providers may not receive compensation or any other consideration (which includes any agreement to maintain assets in the Fund or in other investment companies or accounts managed by the Adviser or any affiliated person of the Adviser) in connection with the disclosure of portfolio holdings information of the Fund. The Trust's policy is implemented and overseen by the Chief Compliance Officer of the Trust, subject to the oversight of the Board. Periodic reports regarding these procedures will be provided to the Board. The Board must approve all material amendments to this policy. The Fund's complete portfolio holdings are publicly disseminated each day the Fund is open for business through financial reporting and news services, including publicly accessible Internet web sites. In addition, a basket composition file, which includes the security names and share quantities to deliver in exchange for Fund shares, together with estimates and actual cash components, is publicly disseminated daily prior to the opening of the Cboe BZX via the National Securities Clearing Corporation ("NSCC"). The basket represents one Creation

Unit of the Fund. The Trust, the Adviser and the Distributor will not disseminate non-public information concerning the Trust.

Codes of Ethics. Pursuant to Rule 17j-1 under the 1940 Act, the Board has adopted a Code of Ethics for the Trust and approved Codes of Ethics adopted by the Adviser and the Distributor (collectively the “Codes”). The Codes are intended to ensure that the interests of shareholders and other clients are placed ahead of any personal interest, that no undue personal benefit is obtained from the person’s employment activities and that actual and potential conflicts of interest are avoided.

The Codes apply to the personal investing activities of Trustees and officers of the Trust, the Adviser and the Distributor (“Access Persons”). Rule 17j-1 and the Codes are designed to prevent unlawful practices in connection with the purchase or sale of securities by Access Persons. Under the Codes, Access Persons are permitted to engage in personal securities transactions, but are required to report their personal securities transactions for monitoring purposes. The Codes permit personnel subject to the Codes to invest in securities subject to certain limitations, including securities that may be purchased or held by the Fund. In addition, certain Access Persons are required to obtain approval before investing in initial public offerings or private placements. The Codes are on file with the SEC, and are available to the public.

CREATION AND REDEMPTION OF CREATION UNIT AGGREGATIONS

Creation. The Trust issues and sells Shares of the Fund only in Creation Unit Aggregations on a continuous basis through the Distributor, without a sales load, at its NAV next determined after receipt, on any Business Day (as defined below), of an order in proper form.

A “Business Day” is any day on which the NYSE is open for business. As of the date of this SAI, the NYSE observes the following holidays: New Year’s Day, Martin Luther King, Jr. Day, Washington’s Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Deposit of Securities and Deposit or Delivery of Cash. The consideration for purchase of Creation Unit Aggregations of the Fund generally consists of the in-kind deposit of a designated portfolio of securities — the “Deposit Securities” — per each Creation Unit Aggregation constituting a substantial replication of the securities included in the Underlying Index (“Fund Securities”) and an amount of cash — the “Cash Component” — computed as described below. Together, the Deposit Securities and the Cash Component constitute the “Fund Deposit,” which represents the minimum initial and subsequent investment amount for a Creation Unit Aggregation of the Fund.

The Cash Component is sometimes also referred to as the Balancing Amount. The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit Aggregation and the Deposit Amount (as defined below). The Cash Component is an amount equal to the difference between the NAV of the Fund Shares (per Creation Unit Aggregation) and the “Deposit Amount” - an amount equal to the market value of the Deposit Securities. If the Cash Component is a positive number (i.e., the NAV per Creation Unit Aggregation exceeds the Deposit Amount), the creator will deliver the Cash Component. If the Cash Component is a negative number (i.e., the NAV per Creation Unit Aggregation is less than the Deposit Amount), the creator will receive the Cash Component.

The Custodian, through the National Securities Clearing Corporation (“NSCC”) (discussed below), makes available on each Business Day, prior to the opening of business on the Cboe BZX (currently 9:30 a.m., Eastern time), the list of the names and the required number of shares of each Deposit Security to be included in the current Fund Deposit (based on information at the end of the previous Business Day) for the Fund.

Such Fund Deposit is applicable, subject to any adjustments as described below, in order to effect creations of Creation Unit Aggregations of the Fund until such time as the next-announced composition of the Deposit Securities is made available.

The identity and number of shares of the Deposit Securities required for a Fund Deposit for the Fund changes as rebalancing adjustments and corporate action events are reflected within the Fund from time to time by the Adviser with a view to the investment objective of the Fund. The composition of the Deposit Securities may also change in response to adjustments to the weighting or composition of the component stocks of the Underlying Index. In addition, the Trust

reserves the right to permit or require the substitution of an amount of cash - i.e., a “cash in lieu” amount - to be added to the Cash Component to replace any Deposit Security that may not be available in sufficient quantity for delivery or that may not be eligible for transfer through the systems of DTC or, if applicable, the Clearing Process (discussed below), or which might not be eligible for trading by an Authorized Participant (as defined below) or the investor for which it is acting or other relevant reason. Brokerage commissions incurred in connection with the acquisition of Deposit Securities not eligible for transfer through the systems of DTC and hence not eligible for transfer through the Clearing Process (discussed below) will be at the expense of the Fund and will affect the value of all Shares; but the Adviser, subject to the approval of the Board of Trustees, may adjust the transaction fee within the parameters described above to protect ongoing shareholders. The adjustments described above will reflect changes known to the Adviser on the date of announcement to be in effect by the time of delivery of the Fund Deposit, in the composition of the Underlying Index or resulting from certain corporate actions.

In addition to the list of names and numbers of securities constituting the current Deposit Securities of a Fund Deposit, the Custodian, through the NSCC, also makes available on each Business Day, the estimated Cash Component, effective through and including the previous Business Day, per outstanding Creation Unit Aggregation of the Fund.

Procedures for Creation of Creation Unit Aggregations. To be eligible to place orders with the Distributor and to create a Creation Unit Aggregation of a Fund, an entity must be (i) a “Participating Party,” i.e., a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the “Clearing Process”), a clearing agency that is registered with the SEC; or (ii) a DTC Participant (see the Book Entry Only System section), and, in each case, must have executed an agreement with the Distributor, with respect to creations and redemptions of Creation Unit Aggregations (“Participant Agreement”) (discussed below). A Participating Party and DTC Participant are collectively referred to as an “Authorized Participant.” Investors should contact the Distributor for the names of Authorized Participants that have signed a Participant Agreement. All Fund Shares, however created, will be entered on the records of DTC in the name of Cede & Co. for the account of a DTC Participant. Only U.S. equity securities are eligible to be cleared through the Clearing Process. Therefore, only funds which invest solely in such securities are eligible to utilize the Clearing Process.

All orders to create Creation Unit Aggregations, whether through the Clearing Process (through a Participating Party) or outside the Clearing Process (through a DTC Participant), must be received by the Distributor no later than the closing time of the regular trading session on the NYSE (“Closing Time”) (ordinarily 4:00 p.m., Eastern time) in each case on the date such order is placed in order for creation of Creation Unit Aggregations to be effected based on the NAV of Shares of the Fund as next determined on such date after receipt of the order in proper form. In the case of custom orders, the order must be received by the Distributor no later than 3:00 p.m., Eastern time on the trade date. A custom order may be placed by an Authorized Participant in the event that the Trust permits or requires the substitution of an amount of cash to be added to the Cash Component to replace any Deposit Security which may not be available in sufficient quantity for delivery or which may not be eligible for trading by such Authorized Participant or the investor for which it is acting or other relevant reason. The date on which an order to create Creation Unit Aggregations (or an order to redeem Creation Unit Aggregations, as discussed below) is placed is referred to as the “Transmittal Date.” Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Distributor pursuant to procedures set forth in the Participant Agreement, as described below (see the “Placement of Creation Orders Using Clearing Process” and the “Placement of Creation Orders Outside Clearing Process” sections). Severe economic or market disruptions or changes, or telephone or other communication failure may impede the ability to reach the Distributor or an Authorized Participant.

All orders from investors who are not Authorized Participants to create Creation Unit Aggregations shall be placed with an Authorized Participant, as applicable, in the form required by such Authorized Participant. In addition, the Authorized Participant may request the investor to make certain representations or enter into agreements with respect to the order, e.g., to provide for payments of cash, when required. Investors should be aware that their particular broker may not have executed a Participant Agreement and that, therefore, orders to create Creation Unit Aggregations of the Fund have to be placed by the investor’s broker through an Authorized Participant that has executed a Participant Agreement. In such cases there may be additional charges to such investor. At any given time, there may be only a limited number of broker-dealers that have executed a Participant Agreement. Those placing orders for Creation Unit Aggregations through the Clearing Process should afford sufficient time to permit proper submission of the order to the Distributor prior to the Closing Time on the Transmittal Date. Orders for Creation Unit Aggregations that are affected outside the Clearing

Process are likely to require transmittal by the DTC Participant earlier on the Transmittal Date than orders effected using the Clearing Process. Those persons placing orders outside the Clearing Process should ascertain the deadlines applicable to DTC and the Federal Reserve Bank wire system by contacting the operations department of the broker or depository institution effectuating such transfer of Deposit Securities and Cash Component.

The Authorized Participant must also make available no later than 2:00 p.m., Eastern time, on the contractual settlement date, by means satisfactory to the Trust, immediately-available or same-day funds estimated by the Trust to be sufficient to pay the Cash Component next determined after acceptance of the purchase order, together with the applicable purchase transaction fee. Any excess funds will be returned following settlement of the issue of the Creation Unit Aggregation.

Placement of Creation Orders Using Clearing Process. The Clearing Process is the process of creating or redeeming Creation Unit Aggregations through the Continuous Net Settlement System of the NSCC. Fund Deposits (for funds eligible to utilize the Clearing Process) made through the Clearing Process must be delivered through a Participating Party that has executed a Participant Agreement. The Participant Agreement authorizes the Distributor to transmit through the Custodian to NSCC, on behalf of the Participating Party, such trade instructions as are necessary to effect the Participating Party's creation order. Pursuant to such trade instructions to NSCC, the Participating Party agrees to deliver the requisite Deposit Securities and the Cash Component to the Trust, together with such additional information as may be required by the Distributor. An order to create Creation Unit Aggregations through the Clearing Process is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor not later than the Closing Time on such Transmittal Date and (ii) all other procedures set forth in the Participant Agreement are properly followed.

Placement of Creation Orders Outside Clearing Process. Fund Deposits made outside the Clearing Process (including all Fund Deposits made for funds that are not eligible to utilize the Clearing Process) must be delivered through a DTC Participant that has executed a Participant Agreement pre-approved by the Adviser and the Distributor. A DTC Participant who wishes to place an order creating Creation Unit Aggregations to be effected outside the Clearing Process does not need to be a Participating Party, but such orders must state that the DTC Participant is not using the Clearing Process and that the creation of Creation Unit Aggregations will instead be effected through a transfer of securities and cash directly through DTC. The Fund Deposit transfer must be ordered by the DTC Participant on the Transmittal Date in a timely fashion so as to ensure the delivery of the requisite number of Deposit Securities through DTC to the account of the Fund by no later than 11:00 a.m., Eastern time, of the next Business Day immediately following the Transmittal Date.

All questions as to the number of Deposit Securities to be delivered, and the validity, form and eligibility (including time of receipt) for the deposit of any tendered securities, will be determined by the Trust, whose determination shall be final and binding. The amount of cash equal to the Cash Component must be transferred directly to the Custodian through the Federal Reserve Bank wire transfer system in a timely manner so as to be received by the Custodian no later than 2:00 p.m., Eastern time, on the next Business Day immediately following such Transmittal Date. An order to create Creation Unit Aggregations outside the Clearing Process is deemed received by the Distributor on the Transmittal Date if (i) such order is received by the Distributor not later than the Closing Time on such Transmittal Date; and (ii) all other procedures set forth in the Participant Agreement are properly followed. However, if the Custodian does not receive both the required Deposit Securities and the Cash Component by 11:00 a.m. and 2:00 p.m., respectively, on the next Business Day immediately following the Transmittal Date, such order will be canceled. Upon written notice to the Distributor, such canceled order may be resubmitted the following Business Day using a Fund Deposit as newly constituted to reflect the then current Deposit Securities and Cash Component. The delivery of Creation Unit Aggregations so created will occur no later than the second (2nd) Business Day following the day on which the purchase order is deemed received by the Distributor.

Additional transaction fees may be imposed with respect to transactions effected outside the Clearing Process (through a DTC Participant) (for funds that could utilize the Clearing Process) and in the circumstances in which any cash can be used in lieu of Deposit Securities to create Creation Units. (See Creation Transaction Fee section below).

Creation Unit Aggregations may be created in advance of receipt by the Trust of all or a portion of the applicable Deposit Securities as described below. In these circumstances, the initial deposit will have a value greater than the NAV of the Fund Shares on the date the order is placed in proper form since, in addition to available Deposit Securities, cash must be deposited in an amount equal to the sum of (i) the Cash Component, plus (ii) 115% of the market value of the undelivered Deposit Securities (the "Additional Cash Deposit"). The order shall be deemed to be received on the Business Day on

which the order is placed provided that the order is placed in proper form prior to 4:00 p.m., Eastern time, on such date, and federal funds in the appropriate amount are deposited with the Custodian by 11:00 a.m., Eastern time, the following Business Day. If the order is not placed in proper form by 4:00 p.m. or federal funds in the appropriate amount are not received by 11:00 a.m. the next Business Day, then the order may be deemed to be canceled and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. An additional amount of cash shall be required to be deposited with the Trust, pending delivery of the missing Deposit Securities to the extent necessary to maintain the Additional Cash Deposit with the Trust in an amount at least equal to 115% of the daily marked to market value of the missing Deposit Securities. To the extent that missing Deposit Securities are not received by 1:00 p.m., Eastern time, on the second Business Day following the day on which the purchase order is deemed received by the Distributor or in the event a marked-to-market payment is not made within one Business Day following notification by the Distributor that such a payment is required, the Trust may use the cash on deposit to purchase the missing Deposit Securities. Authorized Participants will be liable to the Trust and the Fund for the costs incurred by the Trust in connection with any such purchases. These costs will be deemed to include the amount by which the actual purchase price of the Deposit Securities exceeds the market value of such Deposit Securities on the day the purchase order was deemed received by the Distributor plus the brokerage and related transaction costs associated with such purchases. The Trust will return any unused portion of the Additional Cash Deposit once all of the missing Deposit Securities have been properly received by the Custodian or purchased by the Trust and deposited into the Trust. In addition, a transaction fee, as described below, will be charged in all cases. The delivery of Creation Unit Aggregations so created will occur no later than the second Business Day following the day on which the purchase order is deemed received by the Distributor.

Acceptance of Orders for Creation Unit Aggregations. The Trust reserves the absolute right to reject a creation order transmitted to it by the Distributor in respect of the Fund if: (i) the order is not in proper form; (ii) the investor(s), upon obtaining the Fund Shares ordered, would own 80% or more of the currently outstanding shares of any Fund; (iii) the Deposit Securities delivered are not as disseminated for that date by the Custodian, as described above; (iv) acceptance of the Deposit Securities would have certain adverse tax consequences to the Fund; (v) acceptance of the Fund Deposit would, in the opinion of counsel, be unlawful; (vi) acceptance of the Fund Deposit would otherwise, in the discretion of the Trust or the Adviser, have an adverse effect on the Trust or the rights of beneficial owners; or (vii) in the event that circumstances outside the control of the Trust, the Custodian, the Distributor and the Adviser make it for all practical purposes impossible to process creation orders. Examples of such circumstances include acts of God; public service or utility problems such as fires, floods, extreme weather conditions and power outages resulting in telephone, telecopy and computer failures; market conditions or activities causing trading halts; systems failures involving computer or other information systems affecting the Trust, the Adviser, the Distributor, DTC, NSCC, the Custodian or sub-custodian or any other participant in the creation process, and similar extraordinary events. The Distributor shall notify a prospective creator of a Creation Unit and/or the Authorized Participant acting on behalf of such prospective creator of its rejection of the order of such person. The Trust, the Custodian, any sub-custodian and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of Fund Deposits nor shall any of them incur any liability for the failure to give any such notification.

All questions as to the number of shares of each security in the Deposit Securities and the validity, form, eligibility, and acceptance for deposit of any securities to be delivered shall be determined by the Trust, and the Trust's determination shall be final and binding.

Creation and Redemption Transaction Fee. Authorized Participants may be required to pay a creation or redemption fee for purchasing or redeeming Creation Units. Creation and redemption transactions for the Fund are subject to a creation or redemption fee, payable to SSB, in the amount of \$500, irrespective of the size of the order.

An additional variable charge may be imposed for creations effected outside the Clearing Process.

In addition, in the case of cash creations or where the Trust permits or requires an Authorized Participant to substitute cash in lieu of depositing a portion of the Deposit Securities, the Authorized Participant may be assessed an additional variable charge to compensate the Fund for the costs associated with purchasing the applicable securities. The Trust may adjust these fees from time to time based upon actual experience. As a result, in order to seek to replicate the in-kind creation order process, the Trust expects to purchase, in the secondary market or otherwise gain exposure to, the portfolio securities that could have been delivered as a result of an in-kind creation order pursuant to local law or market convention, or for other reasons ("Market Purchases"). In such cases where the Trust makes Market Purchases, the

Authorized Participant will reimburse the Trust for, among other things, any difference between the market value at which the securities and/or financial instruments were purchased by the Trust and the cash in lieu amount (which amount, at the Adviser's discretion, may be capped), applicable registration fees, brokerage commissions and certain taxes. The Adviser may adjust the transaction fee to the extent the composition of the creation securities changes or cash in lieu is added to the Cash Component to protect ongoing shareholders. Investors are responsible for the costs of transferring the securities constituting the Deposit Securities to the account of the Trust.

Redemption of Fund Shares in Creation Units Aggregations. Fund Shares may be redeemed only in Creation Unit Aggregations at its NAV next determined after receipt of a redemption request in proper form by the Fund through the Transfer Agent and only on a Business Day. The Fund will not redeem Shares in amounts less than Creation Unit Aggregations. Beneficial owners must accumulate enough Shares in the secondary market to constitute a Creation Unit Aggregation in order to have such Shares redeemed by the Trust. There can be no assurance, however, that there will be sufficient liquidity in the public trading market at any time to permit assembly of a Creation Unit Aggregation. Investors should expect to incur brokerage and other costs in connection with assembling a sufficient number of Fund Shares to constitute a redeemable Creation Unit Aggregation.

An Authorized Participant submitting a redemption request is deemed to represent to the Trust that it (or its client) (i) has full legal authority and legal right to tender for redemption the requisite number of Shares of the Fund and to receive the entire proceeds of the redemption, and (ii) if such Shares submitted for redemption have been loaned or pledged to another party or are the subject of a repurchase agreement, securities lending agreement or any other arrangement effecting legal or beneficial ownership of such Shares being tendered there are no restrictions precluding the tender and delivery of such Shares (including borrowed Shares, if any) for redemption, free and clear of liens, on the redemption settlement date. The Trust reserves the right to verify these representations at its discretion, but will typically require verification with respect to a redemption request from a Fund in connection with higher levels of redemption activity and/or short interest in the Fund. If the Authorized Participant, upon receipt of a verification request, does not provide sufficient verification of its representations as determined by the Trust, the redemption request will not be considered to have been received in proper form and may be rejected by the Trust.

With respect to the Fund, the Custodian, through the NSCC, makes available prior to the opening of business on the Cboe BZX (currently 9:30 a.m., Eastern time) on each Business Day, the identity of the Fund Securities that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as described below) on that day. Fund Securities received on redemption may not be identical to Deposit Securities that are applicable to creations of Creation Unit Aggregations.

Unless cash redemptions (or partial cash redemptions) are available or specified for the Fund, the redemption proceeds for a Creation Unit Aggregation generally consist of Fund Securities - as announced on the Business Day of the request for redemption received in proper form - plus or minus cash in an amount equal to the difference between the NAV of the Fund Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities (the "Cash Redemption Amount"), less a redemption transaction fee as listed below. In the event that the Fund Securities have a value greater than the NAV of the Fund Shares, a compensating cash payment equal to the difference is required to be made by or through an Authorized Participant by the redeeming shareholder.

The right of redemption may be suspended or the date of payment postponed (i) for any period during which the NYSE is closed (other than customary weekend and holiday closings); (ii) for any period during which trading on the NYSE is suspended or restricted; (iii) for any period during which an emergency exists as a result of which disposal of the Shares of the Fund or determination of the Fund's NAV is not reasonably practicable; or (iv) in such other circumstances as is permitted by the SEC.

Redemption Transaction Fee. A redemption transaction fee is imposed to offset transfer and other transaction costs that may be incurred by the Fund. An additional variable charge for cash redemptions (when cash redemptions are available or specified) for the Fund may be imposed to compensate the Fund for the costs associated with selling the applicable securities. The Fund may adjust these fees from time to time based on actual experience. As a result, in order to seek to replicate the in-kind redemption order process, the Trust expects to sell, in the secondary market, the portfolio securities that will not be delivered as part of an in-kind redemption order ("Market Sales"). In such cases where the Trust makes Market Sales, the Authorized Participant will reimburse the Trust for, among other things, any difference between the

market value at which the securities were sold by the Trust and the cash in lieu amount (which amount, at the Adviser's discretion, may be capped), applicable registration fees, brokerage commissions and taxes. To the extent applicable, brokerage commissions incurred in connection with the Trust's sale of portfolio securities will be at the expense of the Fund and will affect the value of all Shares of the Fund; but the Adviser may adjust the transaction fee to the extent the composition of the redemption securities changes or cash in lieu is added to the Cash Redemption Amount to protect ongoing shareholders. Investors who use the services of a broker or other such intermediary may be charged a fee for such services. The standard redemption transaction fees for the Fund otherwise are the same as the standard creation fees set forth above. In no event will the redemption transaction fee exceed 2% of the amount redeemed. Investors will also bear the costs of transferring the Fund Securities from the Trust to their account or on their order.

Placement of Redemption Orders Using Clearing Process. Orders to redeem Creation Unit Aggregations through the Clearing Process (for funds eligible to utilize the Clearing Process) must be delivered through a Participating Party that has executed the Participant Agreement. An order to redeem Creation Unit Aggregations using the Clearing Process is deemed received by the Trust on the Transmittal Date if (i) such order is received by the Transfer Agent not later than 4:00 p.m., Eastern time, on such Transmittal Date, and (ii) all other procedures set forth in the Participant Agreement are properly followed; such order will be effected based on the NAV of the relevant Fund as next determined. An order to redeem Creation Unit Aggregations using the Clearing Process made in proper form but received by the Trust after 4:00 p.m., Eastern time, will be deemed received on the next Business Day immediately following the Transmittal Date and will be effected at the NAV next determined on such next Business Day. The requisite Fund Securities and the Cash Redemption Amount will be transferred by the second NSCC Business Day following the date on which such request for redemption is deemed received.

Placement of Redemption Orders Outside Clearing Process. Orders to redeem Creation Unit Aggregations outside the Clearing Process (including all redemption orders for funds not eligible to utilize the Clearing Process) must be delivered through a DTC Participant that has executed the Participant Agreement. A DTC Participant who wishes to place an order for redemption of Creation Unit Aggregations to be effected outside the Clearing Process does not need to be a Participating Party, but such orders must state that the DTC Participant is not using the Clearing Process and that redemption of Creation Unit Aggregations will instead be effected through transfer of Fund Shares directly through DTC. An order to redeem Creation Unit Aggregations outside the Clearing Process is deemed received by the Trust on the Transmittal Date if (i) such order is received by the Transfer Agent not later than 4:00 p.m., Eastern time on such Transmittal Date; (ii) such order is accompanied or followed by the requisite number of Shares of a Fund, which delivery must be made through DTC to the Custodian no later than 11:00 a.m., Eastern time (for the Fund Shares), on the next Business Day immediately following such Transmittal Date (the "DTC Cut-Off-Time") and 2:00 p.m., Eastern Time for any Cash Component, if any owed to a Fund; and (iii) all other procedures set forth in the Participant Agreement are properly followed. After the Trust has deemed an order for redemption outside the Clearing Process received, the Trust will initiate procedures to transfer the requisite Fund Securities which are expected to be delivered within two Business Days and the Cash Redemption Amount, if any owed to the redeeming Beneficial Owner to the Authorized Participant on behalf of the redeeming Beneficial Owner by the second Business Day following the Transmittal Date on which such redemption order is deemed received by the Trust. With respect to funds that invest in non-U.S. securities, however, due to the schedule of holidays in certain countries, the delivery of in-kind redemption proceeds may take longer than two Business Days after the day on which the redemption request is received in proper form. In such cases, the local market settlement procedures will not commence until the end of the local holiday periods. See below for a list of the local holidays in the foreign countries relevant to the funds. In addition, for funds that invest in non-U.S. securities, in connection with taking delivery of shares of Fund Securities upon redemption of shares of the Fund, a redeeming Beneficial Owner, or Authorized Participant action on behalf of such Beneficial Owner must maintain appropriate security arrangements with a qualified broker-dealer, bank or other custody provider in each jurisdiction in which any of the Fund Securities are customarily traded, to which account such Fund Securities will be delivered.

The calculation of the value of the Fund Securities and the Cash Redemption Amount to be delivered/received upon redemption will be made by the Custodian according to the procedures set forth under Determination of NAV computed on the Business Day on which a redemption order is deemed received by the Trust. Therefore, if a redemption order in proper form is submitted to the Transfer Agent by a DTC Participant not later than Closing Time on the Transmittal Date, and the requisite number of Shares of the Fund are delivered to the Custodian prior to the DTC Cut-Off-Time, then the value of the Fund Securities and the Cash Redemption Amount to be delivered/received will be determined by the Custodian on such Transmittal Date. If, however, either (i) the requisite number of Shares of the relevant Fund are not

delivered by the DTC Cut-Off-Time, as described above, or (ii) the redemption order is not submitted in proper form, then the redemption order will not be deemed received as of the Transmittal Date. In such case, the value of the Fund Securities and the Cash Redemption Amount to be delivered/received will be computed on the Business Day following the Transmittal Date provided that the Fund Shares of the relevant Fund are delivered through DTC to the Custodian by 11:00 a.m. the following Business Day pursuant to a properly submitted redemption order.

If it is not possible to effect deliveries of the Fund Securities, the Trust may in its discretion exercise its option to redeem such Fund Shares in cash, and the redeeming Beneficial Owner will be required to receive its redemption proceeds in cash. In addition, an investor may request a redemption in cash that the Fund may, in its sole discretion, permit. In either case, the investor will receive a cash payment equal to the NAV of its Fund Shares based on the NAV of Shares of the relevant Fund next determined after the redemption request is received in proper form (minus a redemption transaction fee and additional charge for requested cash redemptions specified above, to offset the Fund’s brokerage and other transaction costs associated with the disposition of Fund Securities). The Fund may also, in its sole discretion, upon request of a shareholder, provide such redeemer a portfolio of securities that differs from the exact composition of the Fund Securities, or cash in lieu of some securities added to the Cash Component, but in no event will the total value of the securities delivered and the cash transmitted differ from the NAV. Redemptions of Fund Shares for Fund Securities will be subject to compliance with applicable federal and state securities laws and the Fund (whether or not it otherwise permits cash redemptions) reserves the right to redeem Creation Unit Aggregations for cash to the extent that the Trust could not lawfully deliver specific Fund Securities upon redemptions or could not do so without first registering the Fund Securities under such laws. An Authorized Participant or an investor for which it is acting subject to a legal restriction with respect to a particular security included in the Fund Securities applicable to the redemption of a Creation Unit Aggregation may be paid an equivalent amount of cash. The Authorized Participant may request the redeeming Beneficial Owner of the Fund Shares to complete an order form or to enter into agreements with respect to such matters as compensating cash payment, beneficial ownership of shares or delivery instructions.

Regular Holidays. The Fund generally intends to effect deliveries of Creation Units and Portfolio Securities on a basis of “T” plus two Business Days (i.e., days on which the national securities exchange is open). The Fund may effect deliveries of Creation Units and Portfolio Securities on a basis other than T plus two or T plus one in order to accommodate local holiday schedules, to account for different treatment among foreign and U.S. markets of dividend record dates and ex-dividend dates, or under certain other circumstances. The ability of the Trust to effect in-kind creations and redemptions within two Business Days of receipt of an order in good form is subject, among other things, to the condition that, within the time period from the date of the order to the date of delivery of the securities, there are no days that are holidays in the applicable foreign market. For every occurrence of one or more intervening holidays in the applicable foreign market that are not holidays observed in the U.S. equity market, the redemption settlement cycle will be extended by the number of such intervening holidays. In addition to holidays, other unforeseeable closings in a foreign market due to emergencies may also prevent the Trust from delivering securities within normal settlement period.

The securities delivery cycles currently practicable for transferring Portfolio Securities to redeeming investors, coupled with foreign market holiday schedules, will require a delivery process longer than seven calendar days in certain circumstances. The holidays applicable to the Fund during such periods are listed below, as are instances where more than seven days will be needed to deliver redemption proceeds. Although certain holidays may occur on different dates in subsequent years, the number of days required to deliver redemption proceeds in any given year is not expected to exceed the maximum number of days listed below for the Fund. The proclamation of new holidays, the treatment by market participants of certain days as “informal holidays” (e.g., days on which no or limited securities transactions occur, as a result of substantially shortened trading hours), the elimination of existing holidays, or changes in local securities delivery practices, could affect the information set forth herein at some time in the future.

The dates in calendar year 2018 in which the regular holidays affect the U.S. securities markets are as follows:

The longest redemption cycle for the Fund is a function of the longest redemption cycle among the countries whose securities comprise the Fund. In the calendar year 2018, the dates of regular holidays affecting the following securities markets present the worst-case (longest) redemption cycle* for the Fund as follows:

SETTLEMENT PERIODS GREATER THAN SEVEN DAYS FOR YEAR 2018

SETTLEMENT PERIODS GREATER THAN SEVEN DAYS FOR YEAR 2018	Beginning of Settlement Period	End of Settlement Period	Number of Days in Settlement Period
China	2/12/2018	2/22/2018	10
	2/13/2018	2/23/2018	10
	2/14/2018	2/26/2018	12
	9/26/2018	10/8/2018	12
	9/27/2018	10/9/2018	12
	9/28/2018	10/10/2018	12
Czech Republic	12/21/2018	12/31/2018	10
Egypt	8/20/2018	8/28/2018	8
Japan	12/27/2017	1/4/2018	8
	12/28/2017	1/5/2018	8
	12/29/2017	1/9/2018	11

Morocco	8/17/2018	8/28/2018	11
Norway	3/26/2018	4/3/2018	8
	3/27/2018	4/4/2018	8
	3/28/2018	4/5/2018	8
Russia	12/29/2017	1/10/2018	12

*These worst-case redemption cycles are based on information regarding regular holidays, which may be out of date. Based on changes in holidays, longer (worse) redemption cycles are possible.

TAXES

The Fund intends to qualify for and either has elected or intends to elect to be treated as a separate regulated investment company (a “RIC”) under Subchapter M of the Internal Revenue Code, as amended (the “Code”). As a RIC, the Fund will not be subject to U.S. Federal income tax on the portion of its taxable investment income and capital gains that it distributes to its shareholders. To qualify for treatment as a RIC, a company must annually distribute at least 90% of its net investment company taxable income (which includes dividends, interest and net short-term capital gains) and meet several other requirements relating to the nature of its income and the diversification of its assets. If the Fund fails to qualify for any taxable year as a RIC, all of its taxable income will be subject to tax at regular corporate income tax rates without any deduction for distributions to shareholders, and such distributions generally will be taxable to shareholders as ordinary dividends to the extent of the Fund’s current and accumulated earnings and profits.

The Fund is treated as a separate corporation for federal income tax purposes. The Fund therefore is considered to be a separate entity in determining its treatment under the rules for RICs described herein and in the Prospectus.

The Fund will be subject to a 4% excise tax on certain undistributed income if it does not distribute to its shareholders in each calendar year at least 98.2% of its ordinary income (taking into account certain deferrals and elections) for the calendar year plus 98.2% of its net capital gains for twelve months ended October 31 of such year. The Fund intends to declare and distribute dividends and distributions in the amounts and at the times necessary to avoid the application of this 4% excise tax.

As a result of tax requirements, the Trust on behalf of the Fund has the right to reject an order to purchase Shares if the purchaser (or group of purchasers) would, upon obtaining the Shares so ordered, own 80% or more of the outstanding Shares of the Fund and if, pursuant to section 351 of the Code, the Fund would have a basis in the Deposit Securities different from the market value of such securities on the date of deposit. The Trust also has the right to require information necessary to determine beneficial Share ownership for purposes of the 80% determination.

The Fund may make investments that are subject to special federal income tax rules, such as investments in repurchase agreements, money market instruments, convertible securities, structured notes, and non-U.S. corporations classified as “passive foreign investment companies” (discussed below). Those special tax rules can, among other things, affect the timing of income or gain, the treatment of income as capital or ordinary and the treatment of capital gain or loss as long-term or short-term. The application of these special rules would therefore also affect the character of distributions made by the Fund. The Fund may need to borrow money or dispose of some of its investments earlier than anticipated in order to meet its distribution requirements.

Certain of the Fund’s investments may be subject to special U.S. federal income tax provisions that may, among other things, (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions, (ii) convert lower-taxed long-term capital gain into higher-taxed short-term capital gain or ordinary income, (iii) convert an ordinary loss or a deduction into a capital loss, the deductibility of which is more limited, (iv) adversely affect when a purchase or sale of stock or securities is deemed to occur, (v) adversely alter the intended characterization of certain complex financial transactions (vi) cause the Fund to recognize income or gain without a corresponding receipt of cash and (vii) produce non-qualifying income for purposes of the income test required to be satisfied by a RIC. The application of these rules could cause the Fund to be subject to U.S. federal income tax or the nondeductible 4% excise tax and, under certain

circumstances, could affect the Fund's status as a RIC. The Fund will monitor its investments and may make certain tax elections in order to mitigate the effect of these provisions.

The Fund may invest in stocks of foreign companies that may be classified under the Code as passive foreign investment companies ("PFICs"). In general, a foreign company is classified as a PFIC if at least 50% of its assets constitute investment-type assets or 75% or more of its gross income is investment-type income. In general under the PFIC rules, an "excess distribution" received with respect to PFIC stock is treated as having been realized ratably over the period during which the Fund held the PFIC stock. The Fund itself will be subject to tax on the portion, if any, of the excess distribution that is allocated to the Fund's holding period in prior taxable years (and an interest factor will be added to the tax, as if the tax had actually been payable in such prior taxable years) even though the Fund distributes the corresponding income to shareholders. Excess distributions include any gain from the sale of PFIC stock as well as certain distributions from a PFIC. All excess distributions are taxable as ordinary income.

The Fund may be able to elect alternative tax treatment with respect to PFIC stock. Under an election that currently may be available, the Fund generally would be required to include in its gross income its share of the earnings of a PFIC on a current basis, regardless of whether any distributions are received from the PFIC. If this election is made, the special rules, discussed above, relating to the taxation of excess distributions, would not apply. Alternatively, a Fund may be able to elect to mark to market its PFIC stock, resulting in the stock being treated as sold at fair market value on the last business day of each taxable year. Any resulting gain would be reported as ordinary income, and mark-to-market losses and any loss from an actual disposition of the Fund's shares would be deductible as ordinary losses to the extent of any net mark-to-market gains included in income in prior years.

Because the application of the PFIC rules may affect, among other things, the character of gains, the amount of gain or loss and the timing of the recognition of income with respect to PFIC stock, as well as subject the Fund itself to tax on certain income from PFIC stock, the amount that must be distributed to shareholders, and which will be taxed to shareholders as ordinary income or long-term capital gain, may be increased or decreased substantially as compared to a fund that did not invest in PFIC stock. Note that distributions from a PFIC are not eligible for the reduced rate of tax on "qualified dividends."

Under Section 988 of the Code, special rules are provided for certain transactions in a foreign currency other than the taxpayer's functional currency (i.e., unless certain special rules apply, currencies other than the U.S. dollar). In general, foreign currency gains or losses from forward contracts, from futures contracts that are not "regulated futures contracts," and from unlisted options will be treated as ordinary income or loss under Section 988 of the Code. Also, certain foreign exchange gains or losses derived with respect to foreign fixed income securities are also subject to Section 988 treatment. In general, therefore, Section 988 gains or losses will increase or decrease the amount of the Fund's investment company taxable income available to be distributed to shareholders as ordinary income, rather than increasing or decreasing the amount of the Fund's net capital gain.

Income received by the Fund from sources within foreign countries may be subject to withholding and other taxes imposed by such countries. Tax conventions between certain countries and the U.S. may reduce or eliminate such taxes. If more than 50% of the value of the Fund's total assets at the close of its taxable year consists of stock or securities of foreign corporations, or if at least 50% of the value of the Fund's total assets at the close of each quarter of its taxable year is represented by interests in other RICs, that Fund may elect to "pass through" to its shareholders the amount of foreign taxes paid or deemed paid by that Fund. If this election is made, a shareholder generally subject to tax will be required to include in gross income (in addition to taxable dividends actually received) its pro rata share of the foreign taxes paid by the Fund, and may be entitled either to deduct (as an itemized deduction) his or her pro rata share of foreign taxes in computing his taxable income or to use it (subject to limitations) as a foreign tax credit against his or her U.S. federal income tax liability. No deduction for foreign taxes may be claimed by a shareholder who does not itemize deductions. Each shareholder will be notified after the close of the Fund's taxable year whether the foreign taxes paid by the Fund will "pass-through" for that year. Various other limitations, including a minimum holding period requirement, apply to limit the credit and/or deduction for foreign taxes for purposes of regular federal tax and/or alternative minimum tax.

Distributions from the Fund's net investment income, including net short-term capital gains, if any, and distributions of income from securities lending, are taxable as ordinary income. Distributions reinvested in additional Shares of the Fund through the means of a dividend reinvestment service will be taxable dividends to Shareholders acquiring such additional

Shares to the same extent as if such dividends had been received in cash. Distributions of net long-term capital gains, if any, in excess of net short-term capital losses are taxable as long-term capital gains, regardless of how long shareholders have held the Shares.

Dividends declared by the Fund in October, November or December and paid to shareholders of record of such months during the following January may be treated as having been received by such shareholders in the year the distributions were declared.

Long-term capital gains tax of non-corporate taxpayers are generally taxed at a maximum rate of either 15% or 20%, depending on whether the taxpayer's income exceeds certain threshold amounts. In addition, some ordinary dividends declared and paid by the Fund to non-corporate shareholders may qualify for taxation at the lower reduced tax rates applicable to long-term capital gains, provided that holding period and other requirements are met by each Fund and the shareholder. The Fund will report to shareholders annually the amounts of dividends received from ordinary income, the amount of distributions received from capital gains and the portion of dividends which may qualify for the dividends received deduction. In addition, the Fund will report the amount of dividends to non-corporate shareholders eligible for taxation at the lower reduced tax rates applicable to long-term capital gains.

An additional 3.8% Medicare tax is imposed on certain net investment income (including ordinary dividends and capital gain distributions received from the Fund and net gains from redemptions or other taxable dispositions of Fund shares) of U.S. individuals, estates and trusts to the extent that such person's "modified adjusted gross income" (in the case of an individual) or "adjusted gross income" (in the case of an estate or trust) exceeds certain threshold amounts.

The sale, exchange or redemption of Shares may give rise to a gain or loss. In general, any gain or loss realized upon a taxable disposition of Shares will be treated as long-term capital gain or loss if the Shares have been held for more than one year. Otherwise, the gain or loss on the taxable disposition of Shares will be treated as short-term capital gain or loss. A loss realized on a sale or exchange of Shares of the Fund may be disallowed if other substantially identical Shares are acquired (whether through the automatic reinvestment of dividends or otherwise) within a sixty-one (61) day period beginning thirty (30) days before and ending thirty (30) days after the date on which the Shares are disposed. In such a case, the basis of the Shares acquired must be adjusted to reflect the disallowed loss. Any loss upon the sale or exchange of Shares held for six (6) months or less is treated as long-term capital loss to the extent of any capital gain dividends received by the shareholders (including undistributed capital gain included in income). Distribution of ordinary income and capital gains may also be subject to state and local taxes.

Significant tax reform legislation was recently enacted that, among other things, permanently reduces the maximum federal corporate income tax rate, reduces the maximum individual income tax rate (effective for taxable years 2018 through 2025), restricts the deductibility of business interest expense, changes the rules regarding the calculation of net operating loss deductions that may be used to offset taxable income, expands the circumstances in which a foreign corporation will be treated as a "controlled foreign corporation" and, under certain circumstances, requires accrual method taxpayers to recognize income for U.S. federal income tax purposes no later than the income is taken into account as revenue in an applicable financial statement. The impact of these and other provisions of the new tax legislation on the Fund remain uncertain at this time pending regulatory guidance.

Reporting to you and the IRS annually on Form 1099-B not only the gross proceeds of Fund shares you sell or redeem but also their cost basis is required. Shareholders should contact their intermediaries with respect to reporting of cost basis and available elections with respect to their accounts.

If, for any calendar year, the total distributions made exceed the Fund's current and accumulated earnings and profits, the excess will, for federal income tax purposes, be treated as a tax free return of capital to each shareholder up to the amount of the shareholder's basis in his or her shares, and thereafter as gain from the sale of shares. The amount treated as a tax free return of capital will reduce the shareholder's adjusted basis in his or her shares, thereby increasing the shareholder's potential gain or reducing the shareholder's potential loss on the subsequent sale of the shares.

Distributions of ordinary income paid to shareholders who are nonresident aliens or foreign entities that are not effectively connected to the conduct of a trade or business within the U.S. will generally be subject to a 30% U.S. withholding tax unless a reduced rate of withholding or a withholding exemption is provided under applicable treaty law. However,

shareholders who are nonresident aliens or foreign entities will generally not be subject to U.S. withholding or income tax on gains realized on the sale of Shares or on dividends from capital gains unless (i) such gain or capital gain dividend is effectively connected with the conduct of a trade or business within the U.S. or (ii) in the case of a non-corporate shareholder, the shareholder is present in the U.S. for a period or periods aggregating 183 days or more during the year of the sale or capital gain dividend and certain other conditions are met. Gains on the sale of Shares and dividends that are effectively connected with the conduct of a trade or business within the U.S. will generally be subject to U.S. federal net income taxation at regular income tax rates.

The Fund is not required to withhold any amounts with respect to distributions to foreign shareholders that are properly reported by the Fund as “interest-related dividends” or “short-term capital gain dividends,” provided that the income would not be subject to federal income tax if earned directly by the foreign shareholder. However a Fund may withhold tax on these amounts regardless of the fact that it is not required to do so. Nonresident shareholders are urged to consult their own tax advisors concerning the applicability of the U.S. withholding tax.

Under the Foreign Investment in Real Property Tax Act of 1980 (“FIRPTA”), a Foreign Shareholder is subject to withholding tax in respect of a disposition of a U.S. real property interest and any gain from such disposition is subject to U.S. federal income tax as if such person were a U.S. person. Such gain is sometimes referred to as “FIRPTA gain.” If the Fund is a “U.S. real property holding corporation” and is not domestically controlled, any gain realized on the sale or exchange of Fund shares by the Foreign Shareholder that owns at any time during the five-year period ending on the date of disposition more than 5% of a class of Fund shares would be FIRPTA gain. The Fund will be a “U.S. real property holding corporation” if, in general, 50% or more of the fair market value of its assets consists of U.S. real property interests, including stock of certain U.S. REITs.

The Code provides a look-through rule for distributions of FIRPTA gain by a RIC if all of the following requirements are met: (i) the RIC is classified as a “qualified investment entity” (which includes a RIC if, in general more than 50% of the RIC’s assets consists of interest in REITs and U.S. real property holding corporations); and (ii) you are a Foreign Shareholder that owns more than 5% of the Fund’s shares at any time during the one-year period ending on the date of the distribution. If these conditions are met, Fund distributions to you to the extent derived from gain from the disposition of a U.S. real property interest, may also be treated as FIRPTA gain and therefore subject to U.S. federal income tax, and requiring that you file a nonresident U.S. income tax return. Also, such gain may be subject to a 30% branch profits tax in the hands of a Foreign Shareholder that is a corporation. Even if a Foreign Shareholder does not own more than 5% of the Fund’s shares, Fund distributions that are attributable to gain from the sale or disposition of a U.S. real property interest will be taxable as ordinary dividends subject to withholding at a 30% or lower treaty rate.

Withholding is required (at a 30% rate) with respect to payments of taxable dividends and (effective January 1, 2019) redemption proceeds and certain capital gain dividends made to certain non-U.S. entities that fail to comply (or be deemed compliant) with extensive new reporting and withholding requirements designed to inform the U.S. Department of the Treasury of U.S.-owned foreign investment accounts. Shareholders may be requested to provide additional information to the Fund to enable the Fund to determine whether withholding is required.

Non-U.S. Shareholders may also be subject to U.S. estate tax with respect to their shares of the Fund.

Some shareholders may be subject to a withholding tax on distributions of ordinary income, capital gains and any cash received on redemption of Creation Units (“backup withholding”). Generally, shareholders subject to backup withholding will be those for whom no certified taxpayer identification number is on file with the Fund or who, to the Fund’s knowledge, have furnished an incorrect number. When establishing an account, an investor must certify under penalty of perjury that such number is correct and that such investor is not otherwise subject to backup withholding.

The foregoing discussion is a summary only and is not intended as a substitute for careful tax planning. Purchasers of Shares should consult their own tax advisors as to the tax consequences of investing in such Shares, including under federal, state, local and other tax laws. Finally, the foregoing discussion is based on applicable provisions of the Code, regulations, judicial authority and administrative interpretations in effect on the date hereof. Changes in applicable authority could materially affect the conclusions discussed above, possibly retroactively.

FEDERAL TAX TREATMENT OF FUTURES AND OPTIONS CONTRACTS

The Fund is required for federal income tax purposes to mark to market and recognize as income for each taxable year its net unrealized gains and losses on certain futures contracts as of the end of the year as well as those actually realized during the year. Gain or loss from futures and options contracts on broad-based indexes required to be marked to market will be 60% long-term and 40% short-term capital gain or loss. Application of this rule may alter the timing and character of distributions to shareholders. The Fund may be required to defer the recognition of losses on futures contracts, options contracts and swaps to the extent of any unrecognized gains on offsetting positions held by the Fund.

In order for the Fund to continue to qualify for federal income tax treatment as a RIC, at least 90% of its gross income for a taxable year must be derived from qualifying income, i.e., dividends, interest, income derived from loans or securities, gains from the sale of securities or of foreign currencies or other income derived with respect to the Fund's business of investing in securities (including net income derived from an interest in certain "qualified publicly traded partnerships"). It is anticipated that any net gain realized from the closing out of futures or options contracts will be considered gain from the sale of securities or derived with respect to the Fund's business of investing in securities and therefore will be qualifying income for purposes of the 90% gross income requirement.

The Fund distributes to shareholders at least annually any net capital gains which have been recognized for federal income tax purposes, including unrealized gains at the end of the Fund's fiscal year on futures or options transactions. Such distributions are combined with distributions of capital gains realized on the Fund's other investments and shareholders are advised on the nature of the distributions.

DETERMINATION OF NAV

The following information supplements and should be read in conjunction with the section in the Prospectus entitled "Net Asset Value."

The NAV per Share of the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares of the Fund outstanding, rounded to the nearest cent. Expenses and fees, including without limitation, the management and administration fees, are accrued daily and taken into account for purposes of determining NAV. The NAV per Share is calculated by the Custodian and determined as of the close of the regular trading session on the NYSE (ordinarily 4:00 p.m., Eastern time) on each day that such exchange is open.

In computing the Fund's NAV, the Fund's securities holdings traded on a national securities exchange are valued based on their last sale price. Price information on listed securities is taken from the exchange where the security is primarily traded. Securities regularly traded in an over-the-counter market are valued at the latest quoted sale price in such market or in the case of the NASDAQ, at the NASDAQ official closing price. Other portfolio securities and assets for which market quotations are not readily available are valued based on fair value as determined in good faith in accordance with procedures adopted by the Board.

DIVIDENDS AND DISTRIBUTIONS

The following information supplements and should be read in conjunction with the section in the Prospectus entitled "Dividends, Distributions and Taxes."

General Policies. Dividends from net investment income, if any, are declared and paid annually. Distributions of net realized securities gains, if any, generally are declared and paid once a year, but the Trust may make distributions on a more frequent basis. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of the Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income.

Dividends and other distributions on Fund Shares are distributed, as described below, on a pro rata basis to Beneficial Owners of such Shares. Dividend payments are made through DTC Participants and Indirect Participants to Beneficial Owners then of record with proceeds received from the Fund.

Dividend Reinvestment Service. No reinvestment service is provided by the Trust. Broker-dealers may make available the DTC book-entry Dividend Reinvestment Service for use by Beneficial Owners of the Fund for reinvestment of their dividend distributions. Beneficial Owners should contact their broker to determine the availability and costs of the service and the details of participation therein. Brokers may require Beneficial Owners to adhere to specific procedures and timetables.

INDICATIVE INTRA-DAY VALUE

The approximate value of a Fund's investments on a per-Share basis, the Indicative Intra-Day Value ("IIV"), is disseminated by the Exchange every 15 seconds during hours of trading on the Exchange. The IIV should not be viewed as a "real-time" update of NAV because the IIV will be calculated by an independent third party calculator and may not be calculated in the exact same manner as NAV, which is computed daily.

The Exchange calculates the IIV during hours of trading on the Exchange by dividing the "Estimated Fund Value" as of the time of the calculation by the total number of outstanding Shares. "Estimated Fund Value" is the sum of the estimated amount of cash held in the Fund's portfolio, the estimated amount of accrued interest owing to the Fund and the estimated value of the securities held in the Fund's portfolio, minus the estimated amount of liabilities. The IIV will be calculated based on the same portfolio holdings disclosed on the Fund's website. In determining the estimated value for each of the component securities, the IIV will use last sale, market prices or other methods that would be considered appropriate for pricing equity securities held by registered investment companies. Although the Fund provides the independent third party calculator with information to calculate the IIV, the Fund is not involved in the actual calculation of the IIV and is not responsible for the calculation or dissemination of the IIV. The Fund makes no warranty as to the accuracy of the IIV.

MISCELLANEOUS INFORMATION

Counsel. Dechert LLP, 1095 Avenue of the Americas, New York, New York, 10036, is counsel to the Trust.

Independent Registered Public Accounting Firm. Deloitte & Touche LLP, 1601 Wewatta Street, Suite 400, Denver, Colorado 80202, serves as the Fund's independent registered public accounting firm. They audit the Fund's financial statements and perform other related audit services.

FINANCIAL STATEMENTS

As of the date of this SAI, the Fund has not commenced investment operations. When available, you can obtain copies of the Fund's Annual Report and Semi-Annual Report at no charge by writing or telephoning the Fund at the address or number on the front page of this SAI.

APPENDIX A

ALPS Advisors, Inc. Proxy Voting Policy, Procedures and Guidelines

1.

Policy Statement & General Background

a.

Overview

An investment adviser that exercises voting authority over clients' proxies must adopt written policies and procedures that are reasonably designed to ensure that those proxies are voted in the best economic interests of clients. An adviser's policies and procedures must address how the adviser resolves material conflicts of interest between its interests and those of its clients. An investment adviser must comply with certain record keeping and disclosure requirements with respect to its proxy voting responsibilities. In addition, an investment adviser to ERISA accounts has an affirmative obligation to vote proxies for an ERISA account, unless the client expressly retains proxy voting authority.

b.

Policy Summary

With all advisory clients of AAI currently being investment companies registered under the 1940 Act, any assignment of voting authority over the Funds' voting securities is typically delegated to AAI as the Funds' investment adviser, or the Funds' sub-adviser by the respective Funds' Board of Trustees/Directors. If the Funds' day-to-day investment decisions are performed by the Funds' investment sub-adviser(s), Funds' Board of Trustees/Directors may elect to delegate the responsibility of voting proxies to such sub-adviser to be voted in accordance to the sub-adviser's proxy voting policies and procedures in conformance with Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended. For securities in the portfolio of a Fund that is managed by more than one sub-adviser, each sub-adviser shall make voting decisions pursuant to their own proxy voting policies and procedures, as adopted in conformance with the Advisers Act for their respective portions of the Fund's portfolio, unless directed otherwise.

AAI has adopted and implemented the following policies and procedures, which it believes are reasonably designed to: (1) ensure that proxies are voted in the best economic interest of clients and (2) address material conflicts of interest that may arise. AAI will provide clients with a copy of its policies and procedures, as they may be updated from time to time, upon request. Information regarding AAI's proxy voting decisions is confidential. Therefore, the information may be shared on a need to know basis only, including within AAI. Advisory clients may obtain information on how their proxies were voted by AAI. However, AAI will not selectively disclose its investment company clients' proxy voting records to third parties; the investment company clients' proxy records will be disclosed to shareholders by publicly-available annual filings or each investment company's proxy voting record for 12-month periods ending June 30th.

c.

Policy

All proxies regarding client securities for which AAI has authority to vote will, unless AAI determines in accordance with policies stated below to refrain from voting, be voted in a manner considered by AAI to be in the best interest of AAI's clients. The best interest of clients is defined for this purpose as the interest of enhancing or protecting the economic value of client accounts, considered as a group rather than individually, as AAI determines in its sole and absolute discretion. There may also be instances

where a fund relies upon Section 12(d)(1)(F), and by law, the fund may be required to vote proxies in the same proportion as the vote of all other shareholders of the acquired fund (i.e., “echo vote”). In the event a client believes that its other interests require a different vote, AAI will vote as the client clearly instructs, provided AAI receives such instructions in time to act accordingly.

AAI endeavors to vote, in accordance with this Policy, all proxies of which it becomes aware, subject to the following general exceptions (unless otherwise agreed) when AAI expects to routinely refrain from voting:

i.

Proxies will usually not be voted in cases where the security has been loaned from the client’s account and subsequently, AAI determines that the type of proxy issue is not material to shareholders. AAI will utilize the below considerations to determine if a security then on loan should be recalled for voting purposes. Decisions will generally be made on a case-by-case basis depending on whether, in AAI’s judgment,:

- the matter to be voted on has critical significance to the potential value of the security in question;
- the security represents a significant holding and whether the security is considered a long-term holding; and
- AAI believes it can recall the security in time to cast the vote.

ii.

Proxies will usually not be voted in cases where AAI deems the costs to the client and/or the administrative inconvenience of voting the security outweigh the benefit of doing so (e.g., international issuers who impose share blocking restrictions).

AAI seeks to avoid the occurrence of actual or apparent material conflicts of interest in the proxy voting process by voting in accordance with predetermined voting guidelines and observing other procedures that are intended to guard against and manage conflicts of interest (refer to Section 2.b., Conflicts of Interest, below).

2.

Operating Procedures & Control Activities

Where proxy voting is delegated to the sub-adviser, the sub-adviser will adopt proxy voting policies and procedures in accordance in conformance with Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended. AAI has adopted the following proxy voting procedures and controls for any client securities which AAI has authority to vote on:

a.

Proxy Committee

AAI has established a Proxy Committee whose standing members are determined by AAI’s Chief Compliance Officer. These members participate as voting authorities on the Proxy Committee. Each standing member may designate a senior portfolio manager or a senior analyst officer to act as a substitute in a given matter on their behalf. Additionally, the Proxy Committee regularly involves other associates

(e.g., Fund CCO or Legal representative) who participate as needed to enable effective execution of the Committee's responsibilities.

The Proxy Committee's functions include, in part,

- i. direction of the vote on proposals where there has been a recommendation to the Proxy Committee not to vote according to the predetermined Voting Guidelines (stated in 2.c.i) or on proposals which require special, individual consideration in accordance with Section 2.c.iii.;
- ii. review periodically this Proxy Voting Policy and Procedure to ensure consistency with internal policies, client disclosures and regulatory requirements;
- iii. development and modification of Voting Procedures, as stated in Section 2.d., as it deems appropriate or necessary.

b.

Conflicts of Interest

For purposes of this policy, a material conflict of interest is a relationship or activity engaged in by AAI, an AAI affiliate, or an AAI associate that creates an incentive (or appearance thereof) to favor the interests of AAI, the affiliate, or associate, rather than the clients' interests. For example, AAI may have a conflict of interest if either AAI has a significant business relationship with a company that is soliciting a proxy, or if an AAI associate involved in the proxy voting decision-making process has a significant personal or family relationship with the particular company. A conflict of interest is considered to be "material" to the extent that a reasonable person could expect the conflict to influence AAI's decision on the particular vote at issue. In all cases where there is deemed to be a material conflict of interest, AAI will seek to resolve it in the clients' best interests.

AAI follows the proxy guidelines and uses other research services provided by Institutional Shareholder Services, Inc. ("ISS") or another independent third party. In providing proxy voting services to AAI, ISS provides vote recommendations on a pre-determined policy. Generally, AAI will vote proxies based on ISS' pre-determined voting policy. In doing so, AAI demonstrates that its vote would not be a product of a conflict of interest as AAI would have little or no discretion on how the proxy was voted.

AAI has undertaken a review of ISS' conflicts of interest procedures, and will continue to monitor them on an ongoing basis. In the event that AAI determines that it would be appropriate to use another third party, it will undertake a similar conflicts of interest assessment review.

c.

Proxy Voting Guidelines

i.

AAI's Proxy Voting Guidelines – General Practices

The Proxy Committee has adopted the guidelines for voting proxies specified in Appendix A of this policy. AAI will use an independent, third-party vendor to implement its proxy voting process as AAI's proxy voting agent. In general, whenever a vote is solicited, ISS or another independent third party will execute the vote according to AAI's Voting Guidelines.

ii.

Ability to Vote Proxies Other than as Provided by Voting Guidelines

A portfolio manager or other party involved with a client's account may conclude that the best interest of the firm's client, as defined above, requires that a proxy be voted in a manner that differs from the predetermined proxy Voting Guidelines. In this situation, he or she will request that the Proxy Committee consider voting the proxy other than according to such Guidelines. If any person, group, or entity requests the Proxy Committee (or any of its members) vote a proxy other than according to the predetermined Voting Guidelines, that person will furnish to the Proxy Committee a written explanation of the reasons for the request and a description of the person's, group's, or entity's relationship, if any, with the parties proposing and/or opposing the matter's adoption. The Proxy Committee may consider the matter including any potential conflicts of interest. A research analyst or portfolio manager must disclose in writing any inappropriate attempt to influence their recommendation or any other personal interest that they have with the issuer (see Conflicts of Interest Disclosure and Certification Form - Appendix B to this policy).

iii.

Other Proxy Proposals

For the following categories of proposals either the Proxy Committee will determine how proxies related to all such proposals will be voted, or the proxies will be voted in accordance with ISS' or a an individual client's guidelines.

- ***New Proposals.*** For each new type of proposal that is expected to be proposed to shareholders of multiple companies, the Proxy Committee will develop a Voting Guideline which will be incorporated into this Policy.
- ***Accounts Adhering to Taft Hartley Principles.*** All proposals for these accounts will be voted according to the Taft Hartley Guidelines developed by ISS.
- ***Accounts Adhering to Socially Responsible Principles.*** All proposals for these accounts will be voted according to the Socially Responsible Guidelines developed by ISS or as specified by the client.
- ***Proxies of International Issuers which Block Securities Sales between the Time a Shareholder submits a Proxy and the Vote.*** In general, AAI will refrain from voting such securities. However, in the exceptional circumstances that AAI determines that it would be appropriate to vote such proxies, all proposals for these securities will be voted only on the specific instruction of the Proxy Committee and to the extent practicable in accordance with the Voting Guidelines set forth in this Policy.
- ***Proxies of Investment Company Shares.*** Proposals on issues other than those provided in Section 2.c.i will be voted on the specific instruction of the Proxy Committee.
- ***Executive/Director Compensation.*** Except as provided in Section 2.c.i, proposals relating to compensation of any executive or director will be voted as recommended by ISS or as otherwise directed by the Proxy Committee.

- ***Preemptive Rights.*** Proposals to create or eliminate shareholder preemptive rights. In evaluating these proposals the Proxy Committee will consider the size of the company and the nature of its shareholder base.

d.

Voting Procedures

The Proxy Committee has developed the following procedures to aid the voting of proxies according to the Voting Guidelines. The Proxy Committee may revise these procedures from time to time, as it deems necessary or appropriate to affect the purposes of this Policy.

i.

AAI will use an independent, third-party vendor, to implement its proxy voting process as AAI's proxy voting agent. This retention is subject to AAI continuously assessing the vendor's independence from AAI and its affiliates, and the vendor's ability to perform its responsibilities (and, especially, its responsibility to vote client proxies in accordance with AAI's proxy voting guidelines) free of any actual, potential or apparent material conflicts of interests that may arise between the interests of the vendor, its affiliates, the vendor's other clients and the owners, officers or employees of any such firm, on the one hand, and AAI's clients, on the other hand. As means of performing this assessment, AAI will require various reports and notices from the vendor, as well as periodic audits of the vendor's voting record and other due diligence.

ii.

ISS will provide proxy analysis and record keeping services in addition to voting proxies on behalf of AAI in accordance with this Policy.

iii.

On a daily basis, AAI or designee will send to ISS a holdings file detailing each equity holding held in all accounts over which AAI has voting authority.

iv.

AAI will complete a Vote Authorization Registration with ISS for any new client, which will describe how ballots will be executed on behalf of the client. In addition, AAI will complete and provide the client's custodian bank with a Letter of Authorization. The letter will serve as notice that AAI has retained ISS to act as the voting agent for the securities held in the client's account and will instruct the custodian bank to forward all ballots, meeting notices, and other proxy materials to ISS.

v.

ISS will receive proxy material information from Proxy Edge or the custodian bank for the account. This will include issues to be voted upon, together with a breakdown of holdings for AAI accounts. ISS will then reconcile information it receives from Proxy Edge and custodian banks. Any discrepancies will be promptly noted and resolved by ISS, with notice to AAI.

vi.

Whenever a vote is solicited, ISS will execute the vote according to AAI's Voting Guidelines which will be delivered by AAI to ISS as set forth in Appendix A of these policies and procedures and anytime there is a material change to these guidelines.

- If ISS is unsure how to vote a particular proxy, ISS will issue a request for voting instructions to AAI over a secure website. AAI personnel will check this website regularly. The request will be accompanied by a recommended vote. The recommended vote will be based upon ISS' understanding of the Voting Guidelines previously delivered to ISS. AAI will promptly provide ISS with any amendments or modifications to the Voting Guidelines if necessary. AAI will return a final instruction to vote to ISS, which ISS will record with Proxy Edge or the custodian bank as our agent.

vii.

Each time that ISS will send AAI a request to vote, the request will be accompanied by the recommended vote determined in accordance with AAI's Voting Guidelines. ISS will vote as indicated in the request unless the client has reserved discretion, the Proxy Committee determines that the best interest of clients requires another vote, or the proposal is a matter as to which the Proxy Committee affords special, individual consideration under Section IX.D.2.c.ii. In such situations, ISS will vote based on the direction of the client or the Proxy Committee, as the case may be. The interests of AAI's Taft Hartley or Socially Responsible clients may impact a proposal that normally should be voted in a certain way. ISS will inform AAI of all proposals having impact on its Taft Hartley and or Socially Responsible clients. The Proxy Voting Committee will be consulted before a vote is placed in cases where Taft Hartley or Socially Responsible issues are presented.

viii.

ISS will have procedures in place to ensure that a vote is cast on every security holding maintained by AAI on which a vote is solicited unless otherwise directed by the Proxy Committee. On a yearly basis, or as required by our clients AAI will receive a report from ISS detailing AAI's voting for the previous period.

e.

Securities Lending

Each Fund advised by AAI, where authorized by its respective Board, may engage in securities lending transactions, to the extent permitted by the Fund's investment policies and limitations. The Adviser will be required to monitor for scheduled or anticipated proxy votes relating to securities on loan and determine whether the securities should be recalled from loan on the relevant record date. There may be situations where the Adviser may not be able to recall the security in time to cast the vote.

f.

Supervision

Managers and supervisory personnel are responsible for ensuring that their associates understand and follow this policy and any applicable procedures adopted by the business group to implement the policy. The Proxy Committee has ultimate responsibility for the implementation of this Policy.

g.

Escalation

With the exception of conflicts of interest-related matters, issues arising under this policy should be escalated to AAI's CCO, or designee. Issues involving potential or actual conflicts of interest should be

promptly communicated to Compliance or Legal. Compliance will notify the Funds' Chief Compliance Officer(s), if a material conflict of interest is deemed to have arisen.

h.

Monitoring

AAI's Compliance Department is primarily responsible for overseeing the day-to-day operations of the proxy voting process. The Compliance Department's monitoring will take into account the following elements: (1) periodic review of ISS votes to ensure that ISS is accurately voting consistent with AAI's Proxy Guidelines; and (2) review of the Funds' N-PX report to ensure that it's filed in a timely and accurate manner. Additionally, AAI will review ISS' conflicts of interest policies.

AAI's Compliance Committee monitors proxy matters for its clients including monitoring material conflicts of interest identified.

i.

Availability of Proxy Policy and Voting Record

A summary disclosure regarding the provisions of this Policy will be available in AAI's Form ADV, to the extent AAI is required to prepare Part 2 to Form ADV. Upon receipt of a Client's request for more information, AAI will provide to the Client a copy of this Policy and/or how AAI voted proxies for the Client pursuant to this Policy for up to a one-year period.

AAI will not selectively disclose its investment company clients' proxy voting records; rather, AAI will disclose such information by publicly available annual filings. AAI will create and maintain records of each investment company's proxy record for 12-month periods ended June 30th. AAI will compile the following information for each matter relating to a portfolio security considered at any shareholder meeting during the period covered by the annual report and which the company was entitled to vote:

- The name of the issuer of the security;
- The exchange ticker symbol of the portfolio security (if symbol is available through reasonably practicable means);
- The Council on Uniform Securities Identification Procedures number for the portfolio security (if number is available through reasonably practicable means);
- The shareholder meeting date;
- A brief identification of the matter voted on;
- Whether the matter was proposed by the issuer or by a security holder;
- Whether the company cast its vote on the matter;
- How the company cast its vote (e.g., for or against proposal, or abstain; for or withhold regarding the election of directors); and

- Whether the company cast its vote for or against management.

j.

Other Recordkeeping Requirements

Business groups and support partners are responsible for maintaining all records necessary to evidence compliance with this policy. The records must be properly maintained and readily accessible in order to evidence compliance with this policy.

These records include:

- Proxy Committee Meeting Minutes and Other Materials (routine oversight matters are discussed within AAI's Compliance Committee meetings and will be documented within the Compliance Committee's materials);

- Analysis and Supporting Materials of Investment Management Personnel Concerning Proxy Decisions and Recommendations;

- Conflicts of Interest Review Documentation, including Conflicts of Interest Forms; and

- Client Communications Regarding Proxy Matters.

Records should be retained for a period of not less than six years. Records must be retained in an appropriate office of AAI for the first three years.

Dated: November 29, 2006

Last Amended: December 1, 2017

APPENDIX A

Summary of Proxy Voting Guidelines

AAI has adopted Institutional Shareholder Services, Inc.'s ("ISS") standard benchmark policy which allows ISS to apply the most appropriate underlying guideline for each respective ballot. ISS has created multiple guidelines to cover various markets, including, but not limited to: U.S., Canada, Europe, United Kingdom, Asia, Africa and Australia. AAI retains the right to override any of ISS' guidelines on a case-by-case basis. A concise summary of ISS' current Proxy Voting Guidelines can be found at: <http://www.issgovernance.com/policy>.

APPENDIX B

Conflicts of Interest Disclosure Form

PROXY VOTING CONFLICT OF INTEREST DISCLOSURE FORM

1. *Company*

name: _____

2. *Date of Meeting:*

3. *Referral Item(s):*

4. *Description of AAI's Business Relationship with Issuer of Proxy which may give rise to a conflict of interest:*

5. *Describe procedures used to address any conflict of interest:* _____

Compliance will consider information about AAI's significant business relationships, as well as other relevant information. The information considered by Compliance may include information regarding: (1) AAI client and other business relationships; (2) any relevant personal conflicts; and (3) communications between investment professionals and parties outside the AAI investment division regarding the proxy matter. Compliance will consult with relevant experts, including legal counsel, as necessary.

If Compliance determines that it reasonably believes (1) AAI has a material conflict of interest, or (2) certain individuals should be recused from participating in the proxy vote at issue, Compliance will inform the Chair of the Proxy Committee. Where a material conflict of interest is determined to have arisen in the proxy voting process, AAI's policy is to invoke one or more of the following conflict management procedures:

- a. Causing the proxies to be voted in accordance with the recommendations of an independent third party (which generally will be AAI's proxy voting agent);
- b. Causing the proxies to be delegated to a qualified, independent third party, which may include AAI's proxy voting agent.
- c. In unusual cases, with the Client's consent and upon ample notice, forwarding the proxies to AAI's clients so that they may vote the proxies directly.

Affiliate Investment Companies and Public Companies

AAI considers (1) proxies solicited by open-end and closed-end investment companies for which AAI or an affiliate serves as an investment adviser or principal underwriter to present a material conflict of interest for AAI. Consequently, the proxies of such affiliates will be voted following one of the conflict management procedures discussed above.

Management of Conflicts of Interest – Additional Procedures

AAI has various compliance policies and procedures in place in order to address any material conflicts of interest that might arise in this context.

- a. AAI's Code of Ethics affirmatively requires that associates of AAI act in a manner whereby no actual or apparent conflict of interest may be seen as arising between the associate's interests and those of AAI's Clients.
- b. By assuming his or her responsibilities pursuant to this Policy, each member of the Proxy Committee (including the chairperson) and any AAI or ALPS associate advising or acting under the supervision or oversight of the Proxy Committee undertakes:
 - To disclose in writing to AAI's Chief Compliance Officer any actual or apparent personal material conflicts of interest which he or she may have (e.g., by way of substantial ownership of securities, relationships with nominees for directorship, members of an issuer's or dissident's management or otherwise) in determining whether or how AAI will vote proxies. Additionally, each member must disclose any direct, indirect or perceived influence or attempt to influence such action which the member or associate views as being inconsistent with the purpose or provisions of this Policy or the Code of Ethics of AAI or ALPS. In the event any member of the Proxy Committee has a conflict of interest regarding a given matter, he or she will abstain from participating in the Committee's determination of whether and/or how to vote in the matter; and
 - To refrain from taking into consideration, in the decision as to whether or how AAI will vote proxies the existence of any current or prospective material business relationship between AAI, ALPS or any of their affiliates, on one hand, and any party (or its affiliates) that is soliciting or is otherwise interested in the proxies to be voted, on the other hand.
- c. In certain circumstances, AAI follows the proxy guidelines and uses other research services provided by Institutional Shareholder Services, Inc. ("ISS") or another independent third party. AAI has undertaken a review of ISS' conflicts of interest procedures, and will continue to monitor them on an ongoing basis. In the event that AAI determines that it would be appropriate to use another third party, it will undertake a similar conflicts of interest assessment review.

6. Describe any contacts from parties outside AAI (other than routine communications from proxy solicitors) with respect to the referral item not otherwise reported in an investment professional's recommendation:

CERTIFICATION

The undersigned personnel of AAI certifies that, to the best of his/her knowledge, any recommendation of an investment professional provided under circumstances where a conflict of interest exists was made solely on the investment merits and without regard to any other consideration.
