ALPS Equal Sector Weight ETF

Performance Overview

November 30, 2017 (Unaudited)

Investment Objective

The ALPS Equal Sector Weight ETF (the “Fund”) seeks investment results that replicate as closely as possible, before fees and expenses, the performance of the NYSE Select Sector Equal Weight IndexSM (the “Underlying Index”).

The Underlying Index is an index of ETFs comprised of all active Select Sector SPDR[®] ETFs in an equal weighted portfolio. These are the Consumer Discretionary Select Sector SPDR[®] Fund, Consumer Staples Select Sector SPDR[®] Fund, Materials Select Sector SPDR[®] Fund, Energy Select Sector SPDR[®] Fund, Technology Select Sector SPDR[®] Fund, Utilities Select Sector SPDR[®] Fund, Financial Select Sector SPDR[®] Fund, Industrial Select Sector SPDR[®] Fund, Health Care Select Sector SPDR[®] Fund and Real Estate Select Sector SPDR[®] Fund (each, an “Underlying Sector ETF” and collectively, the “Underlying Sector ETFs”). In order to track the Underlying Index, the Fund will use a “fund of funds” approach, and seek to achieve its investment objective by investing at least 90% of its total assets in the shares of the Underlying Sector ETFs.

The Underlying Index is designed to track performance of the equally weighted Underlying Sector ETFs. Accordingly, the Underlying Index is rebalanced to an equal weighting quarterly during the months of March, June, September, and December.

Each Underlying Sector ETF is an “index fund” that invests in the equity securities of companies in a particular sector or group of industries. The objective of each Underlying Sector ETF is to track its respective underlying sector index by replicating the securities in the underlying sector index. Together, the ten Underlying Sector ETFs represent the Underlying Index as a whole.

Performance Overview

The ALPS Equal Sector Weight ETF (EQL), for the twelve month period ended November 30, 2017, generated a total return of 19.46%, compared with the Fund’s Underlying Index, net of fees, which returned 19.64%. The fund underperformed the S&P 500[®], which returned 22.87% for the same period.

The election of President Trump in November 2016 fueled optimism in the marketplace on hopes that tax and healthcare reform would pass in a Republican controlled Congress. With that backdrop of positive sentiment, the S&P 500[®] returned 9.34% in the first half of 2017. Oil saw moderate volatility during the year, exhibiting a low of \$42.53 per barrel on June 21st with a high of \$58.95 on November 24th. Monetary policy remained unsurprising due to the continued assurance from the Federal Reserve that a slow and anticipated rise in short term interest rates will continue. During the third calendar quarter of 2017, the S&P 500[®] returned 4.41% and subsequently 5.49% in the first two months of Q4. Although pro-growth policies and reform had yet to surface in the first half of the year, optimism remained in the market. The belief that the Republican Party had enough votes to pass tax reforms in the House and Senate spurred the strong rally in the U.S in the second half of 2017. In addition, companies in the S&P 500[®], on average, reported strong Q3 earnings.

Compared to the S&P 500[®], the Fund experienced a negative impact (-3.20%) from allocation effect during the period. This impact was largely driven by relative underweight to Information Technology (average weight for the period of 9.33% vs. 22.53% in the S&P 500[®]).

The best performing fund holdings for the period were the Technology Select Sector SPDR[®] (XLK), which increased 36.55% and the Utilities Select Sector SPDR[®] (XLU), which saw a gain of 25.09%. The only detractor was the Energy Select Sector SPDR[®] (XLE), which decreased 4.23%.

Looking forward we believe the Fund’s strategy of holding each of the ten sectors (with Information Technology and Telecommunication Service combined) in the S&P 500[®] via the Select SPDR[®] Funds can result in a diversified core holding, and potential for market participation in all economic cycles through equal sector weighting.

ALPS Equal Sector Weight ETF

Performance Overview

November 30, 2017 (Unaudited)

Performance (as of November 30, 2017)

	1 Year	3 Year	5 Year	Since Inception [^]
ALPS Equal Sector Weight ETF - NAV	19.46%	9.25%	14.14%	15.15%
ALPS Equal Sector Weight ETF - Market Price*	19.51%	9.27%	14.15%	15.18%
NYSE [®] Select Sector Equal Weight Index**	16.92%	7.01%	11.93%	13.03%
S&P 500 [®] Total Return Index	22.87%	10.91%	15.74%	16.15%

Total Expense Ratio (per the current Prospectus) 0.51%. Net Expense Ratio (per the current Prospectus) 0.48%. Net expense ratio reflects the reimbursement of distribution fees for underlying sector ETFs. Please see the prospectus for additional information.

Performance data quoted represents past performance. Past performance does not guarantee future results. The table does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than the original cost. Current performance data may be higher or lower than actual data quoted. For the most current month-end performance data please visit www.alpsfunds.com or call 1.866.675.2639.

NAV is an exchange-traded fund's per-share value. The per-share dollar amount of the Fund is derived by dividing the total value of all the securities in its portfolio, less any liabilities, by the number of Fund shares outstanding. Market Price is the price at which a share can currently be traded in the market. Information detailing the number of days the Market Price of the Fund was greater than the Fund's NAV and the number of days it was less than the Fund's NAV can be obtained at www.alpsfunds.com.

[^] The Fund commenced Investment Operations on July 6, 2009 with an Inception Date, the first day of trading on the Exchange, of July 7, 2009.

* Market Price is based on the midpoint of the bid/ask spread at 4 p.m. ET and does not represent the returns an investor would receive if shares were traded at other times.

** The Fund's underlying index changed on October 2, 2017 from Bank of America Securities – Merrill Lyn Equal Sector Weigh Index to NYSE[®] Select Sector Equal Weigh Index due to the former index closing on October 4, 2017.

The NYSE[®] Select Sector Equal Weight Index consists of a strategy that holds all active Select Sector SPDR[®] ETFs in an equal-weighted portfolio.

S&P 500[®] Total Return Index: the Standard & Poor's composite index of 500 stocks, a widely recognized, unmanaged index of common stock prices. Total return assumes reinvestment of any dividends and distributions realized during a given time period.

The indexes are not actively managed and do not reflect any deductions for fees, expenses or taxes. The indexes are reported on a total return basis, which assumes reinvestment of any dividends and distributions realized during a given time period. One cannot invest directly in an index. Index performance does not reflect fund performance.

The Fund's shares are not individually redeemable. Investors buy and sell shares of the Fund on a secondary market. Only market makers or "authorized participants" may trade directly with the Fund, typically in blocks of 50,000 shares.

The ALPS Equal Sector Weight ETF is not suitable for all investors. Investments in the Fund are subject to investment risks, including possible loss of the principal amount invested.

ALPS Portfolio Solutions Distributor, Inc., a FINRA member, is the distributor for the Fund.

Growth of \$10,000 (as of November 30, 2017)

Comparison of Change in Value of \$10,000 Investment in the Fund and the Indexes

The chart above represents historical performance of a hypothetical investment of \$10,000 in the Fund over the life of the Fund. Past performance does not guarantee future results. This chart does not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

ALPS Equal Sector Weight ETF

Disclosure of Fund Expenses

November 30, 2017 (Unaudited)

Shareholder Expense Example: As a shareholder of the Fund, you incur two types of costs: (1) transaction costs which may include creation and redemption fees or brokerage charges, and (2) ongoing costs, including management fees and other Fund expenses. These examples are intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other funds. The example is based on an investment of \$1,000 invested at the beginning of the (six month) period and held through November 30, 2017.

Actual Return: The first line of the table provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you incurred over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses attributable to your investment during this period.

Hypothetical 5% Return: The second line of the table provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

The expenses shown in the table are meant to highlight ongoing Fund costs only and do not reflect any transaction costs, such as creation and redemption fees or brokerage charges. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these costs were included, your costs would have been higher.

	Beginning Account Value 6/1/17	Ending Account Value 11/30/17	Expense Ratio ^(a)	Expenses Paid During Period 6/1/17 - 11/30/17 ^(b)
ALPS Equal Sector Weight ETF				
Actual	\$ 1,000.00	\$ 1,095.30	0.15%	\$ 0.79
Hypothetical (5% return before expenses)	\$ 1,000.00	\$ 1,024.32	0.15%	\$ 0.76

^(a) Annualized based on the Fund's most recent half-year expenses.

^(b) Expenses are equal to the Fund's annualized expense ratio multiplied by the average account value over the period, multiplied by the number of days in the most recent fiscal half year (183), divided by 365.

ALPS Equal Sector Weight ETF

Report of Independent Registered Public Accounting Firm

To the Board of Trustees and Shareholders of ALPS ETF Trust:

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of ALPS Equal Sector Weight ETF, one of the portfolios constituting the ALPS ETF Trust (the "Trust"), as of November 30, 2017, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trust is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2017, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of ALPS Equal Sector Weight ETF of the ALPS ETF Trust as of November 30, 2017, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

^(d) Portfolio turnover for periods less than one year are not annualized and does not include securities received or delivered from processing creations or redemptions in-kind.

See Notes to Financial Statements.

1. ORGANIZATION

ALPS ETF Trust (the “Trust”), a Delaware statutory trust, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). As of November 30, 2017, the Trust consists of nineteen separate portfolios. Each portfolio represents a separate series of the Trust. This report pertains solely to the ALPS Equal Sector Weight ETF (the “Fund”). The investment objective of the Fund is to seek investment results that replicate as closely as possible, before fees and expenses, the performance of the NYSE® Select Sector Equal Weight Index (the “Underlying Index”). The Fund is considered non-diversified and may invest a greater portion of assets in securities of individual issuers than a diversified fund. As a result, changes in the market value of a single investment could cause greater fluctuations in share price than would occur in a diversified fund.

The Fund’s Shares (“Shares”) are listed on the NYSE Arca, Inc. The Fund issues and redeems Shares at net asset value (“NAV”) in blocks of 50,000 Shares each of which is called a “Creation Unit”. Creation Units are issued and redeemed principally in-kind for securities included in the Underlying Index. Except when aggregated in Creation Units, Shares are not redeemable securities of the Fund.

Pursuant to the Trust’s organizational documents, its Officers and Trustees are indemnified against certain liability arising out of the performance of their duties to the Trust. Additionally, in the normal course of business, the Trust enters into contracts with service providers that contain general indemnification clauses. The Trust’s maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of the financial statements. The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. The Fund is considered an investment company under U.S. GAAP and follows the accounting and reporting guidance applicable to investment companies in the Financial Accounting Standards Board *Accounting Standards Codification* Topic 946.

A. Portfolio Valuation

The Fund’s NAV is determined daily, as of the close of regular trading on the New York Stock Exchange (the “NYSE”), normally 4:00 p.m. Eastern time, on each day the NYSE is open for trading. The NAV is computed by dividing the value of all assets of the Fund (including accrued interest and dividends), less all liabilities (including accrued expenses and dividends declared but unpaid), by the total number of shares outstanding.

Portfolio securities listed on any exchange other than the NASDAQ Stock Market LLC (“NASDAQ”) are valued at the last sale price on the business day as of which such value is being determined. If there has been no sale on such day, the securities are valued at the mean of the most recent bid and ask prices on such day. Securities traded on the NASDAQ are valued at the NASDAQ Official Closing Price as determined by NASDAQ. Portfolio securities traded on more than one securities exchange are valued at the last sale price on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities. Portfolio securities traded in the over-the-counter market, but excluding securities traded on the NASDAQ, are valued at the last quoted sale price in such market.

The Fund’s investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Trust’s Board of Trustees (the “Board”). When market quotations are not readily available or when events occur that make established valuation methods unreliable, securities of the Fund may be valued in good faith by or under the direction of the Board. These securities generally include, but are not limited to, restricted securities (securities which may not be publicly sold without registration under the Securities Act of 1933) for which a pricing service is unable to provide a market price; securities whose trading has been formally suspended; a security whose market price is not available from a pre-established primary pricing source or the pricing source is not willing to provide a price; a security with respect to which an event has occurred that is most likely to materially affect the value of the security after the market has closed but before the calculation of the Fund’s NAV or make it difficult or impossible to obtain a reliable market quotation; or a security whose price, as provided by the pricing service, does not reflect the security’s “fair value” due to the security being de-listed from a national exchange or the security’s primary trading market is temporarily closed at a time when, under normal conditions, it would be open. As a general principle, the current “fair value” of a security would be the amount which the owner might reasonably expect to receive from the sale on the applicable exchange or principal market. A variety of factors may be considered in determining the fair value of such securities.

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2017

B. Fair Value Measurements

The Fund discloses the classification of its fair value measurements following a three-tier hierarchy based on the inputs used to measure fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability that are developed based on the best information available.

Valuation techniques used to value the Fund's investments by major category are as follows:

Exchange Traded Funds, for which market quotations are readily available, are valued at the last reported sale price or official closing price as reported by a third party pricing vendor on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the mean of the most recent quoted bid and ask prices on such day and are generally categorized as Level 2 in the hierarchy. Investments in open-end mutual funds are valued at their closing NAV each business day and are categorized as Level 1 in the hierarchy.

Changes in valuation techniques may result in transfers in or out of an assigned level within the disclosure hierarchy.

Various inputs are used in determining the value of the Fund's investments as of the end of the reporting period. When inputs used fall into different levels of the fair value hierarchy, the level in the hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The designated input levels are not necessarily an indication of the risk or liquidity associated with these investments.

These inputs are categorized in the following hierarchy under applicable financial accounting standards:

- Level 1 – Unadjusted quoted prices in active markets for identical investments, unrestricted assets or liabilities that a Fund has the ability to access at the measurement date;
- Level 2 – Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and
- Level 3 – Significant unobservable prices or inputs (including the Fund's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The following is a summary of inputs used to value the Fund's investments at November 30, 2017:

Investments in Securities at Value*	Level 1 - Unadjusted Quoted Prices	Level 2 - Significant Observable Inputs	Level 3 - Significant Unobservable Inputs	Total
Exchange Traded Funds	\$ 166,224,191	\$ -	\$ -	166,224,191
Short Term Investments	77,231	-	-	77,231
TOTAL	\$ 166,301,422	\$ -	\$ -	166,301,422

* For a detailed sector breakdown, see the accompanying Schedule of Investments.

The Fund recognizes transfers between levels as of the end of the period. For the year ended November 30, 2017, the Fund did not have any transfers between Level 1 and Level 2 securities. The Fund did not have any securities that used significant unobservable inputs (Level 3) in determining fair value.

C. Securities Transactions and Investment Income

Securities transactions are recorded as of the trade date. Realized gains and losses from securities transactions are recorded on the highest cost basis. Dividend income and capital gains distributions, if any, are recorded on the ex-dividend date. Interest income, if any, is recorded on the accrual basis.

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2017

D. Dividends and Distributions to Shareholders

Dividends from net investment income of the Fund, if any, are declared and paid quarterly or as the Board may determine from time to time. Distributions of net realized capital gains earned by the Fund, if any, are distributed at least annually.

E. Federal Tax and Tax Basis Information

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. GAAP. Reclassifications are made to the Fund's capital accounts for permanent tax differences to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations.

For the year ended November 30, 2017, the following reclassifications, which had no impact on results of operations or net assets, were recorded to reflect permanent tax differences resulting primarily from in-kind transactions:

Fund	Accumulated Net Investment Income/(Loss)	Accumulated Net Realized Gain/(Loss) on Investments	Paid-in Capital
ALPS Equal Sector Weight ETF	\$ -	\$ (6,129,057)	\$ 6,129,057

The tax character of the distributions paid during the fiscal year ended November 30, 2017 and November 30, 2016 were as follows:

	Ordinary Income
November 30, 2017	
ALPS Equal Sector Weight ETF	\$ 4,499,673
November 30, 2016	
ALPS Equal Sector Weight ETF	\$ 2,883,195

At November 30, 2017, the Fund had available for tax purposes unused post-enactment capital loss carryforwards as follows:

Fund	Short-Term	Long-Term
ALPS Equal Sector Weight ETF	\$ -	\$ 356,705

Capital loss carryovers used during the period ended November 30, 2017 were \$214,539

As of November 30, 2017, the components of distributable earnings on a tax basis for the Fund were as follows:

Undistributed net investment income	\$ 21,136
Accumulated net realized loss on investments	(356,704)
Net unrealized appreciation on investments	45,079,621
Total	\$ 44,744,053

As of November 30, 2017, the cost of investments for federal income tax purposes and accumulated net unrealized appreciation/(depreciation) on investments were as follows:

Gross appreciation (excess of value over tax cost)	\$ 46,618,240
Gross depreciation (excess of tax cost over value)	(1,538,619)
Net unrealized appreciation (depreciation)	45,079,621
Cost of investments for income tax purposes	\$ 121,221,801

The differences between book-basis and tax-basis are primarily due to the deferral of losses from wash sales.

F. Income Taxes

No provision for income taxes is included in the accompanying financial statements, as the Fund intends to distribute to shareholders all taxable investment income and realized gains and otherwise comply with Subchapter M of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. The Fund evaluates tax positions taken (or expected to be taken) in the course of preparing the Fund's tax returns to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements.

As of and during the year ended November 30, 2017, the Fund did not have a liability for any unrecognized tax benefits. The Fund files U.S. federal, state, and local tax returns as required. The Fund's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations, which is generally three years after the filing of the tax return, but may extend to four years in certain jurisdictions. Tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

G. Lending of Portfolio Securities

The Fund has entered into a securities lending agreement with State Street Bank & Trust Co. ("SSB"), the Fund's lending agent. The Fund may lend its portfolio securities only to borrowers that are approved by SSB. The Fund will limit such lending to not more than 33 1/3% of the value of its total assets. The Fund's securities held at SSB as custodian shall be available to be lent except those securities the Fund or ALPS Advisors, Inc. specifically identifies in writing as not being available for lending. The borrower pledges and maintains with the Fund collateral consisting of cash (U.S. Dollars only), securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, and cash equivalents (including irrevocable bank letters of credit) issued by a person other than the borrower or an affiliate of the borrower. The initial collateral received by the Fund is required to have a value of no less than 102% of the market value of the loaned securities for U.S. equity securities and a value of no less than 105% of the market value for non-U.S. equity securities. The collateral is maintained thereafter, at a market value equal to not less than 102% of the current value of the U.S. equity securities on loan and not less than 105% of the current value of the non-U.S. equity securities on loan. The market value of the loaned securities is determined at the close of each business day and any additional required collateral is delivered to the Fund on the next business day. During the term of the loan, the Fund is entitled to all distributions made on or in respect of the loaned securities. Loans of securities are terminable at any time and the borrower, after notice, is required to return borrowed securities within the customary time period for settlement of securities transactions.

Any cash collateral received is reinvested in a money market fund managed by SSB as disclosed in the Fund's Schedule of Investments and is reflected in the Statements of Assets and Liabilities as a payable for collateral upon return of securities loaned. Non-cash collateral, in the form of securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, is not disclosed in the Fund's Statements of Assets and Liabilities as it is held by the lending agent on behalf of the Fund, and the Fund does not have the ability to re-hypothecate these securities. Income earned by the Fund from securities lending activity is disclosed in the Statement of Operations. As of November 30, 2017, the Fund had no securities on loan.

The risks of securities lending include the risk that the borrower may not provide additional collateral when required or may not return the securities when due. To mitigate these risks, the Fund benefits from a borrower default indemnity provided by SSB. SSB's indemnity allows for full replacement of securities lent wherein SSB will purchase the unreturned loaned securities on the open market by applying the proceeds of the collateral, or to the extent such proceeds are insufficient or the collateral is unavailable, SSB will purchase the unreturned loan securities at SSB's expense. However, the Fund could suffer a loss if the value of the investments purchased with cash collateral falls below the value of the cash collateral received.

3. INVESTMENT ADVISORY FEE AND OTHER AFFILIATED TRANSACTIONS

ALPS Advisors, Inc. (the "Adviser") acts as the Fund's investment adviser pursuant to an Advisory Agreement with the Trust on behalf of the Fund (the "Advisory Agreement"). Pursuant to the Advisory Agreement, the Fund pays the Adviser a unitary fee for the services and facilities it provides payable on a monthly basis at the annual rate of 0.37% of the Fund's average daily net assets.

The Adviser has agreed to waive 0.19% of its annual unitary fee payable by the Fund on a voluntary basis.

ALPS Portfolio Solutions Distributor, Inc. ("APSD") is both the distributor for the Fund as well as the Select Sector SPDR exchange traded funds ("Underlying Sector ETFs") that the Fund invests in. As required by exemptive relief obtained by the Underlying Sector ETFs, the Adviser will reimburse the Fund an amount equal to the distribution fee received by APSD from the Underlying Sector ETFs attributable to the Fund's investment in the Underlying Sector ETFs, for so long as APSD acts as the distributor to the Fund and the Underlying Sector ETFs. Such reimbursement is generally expected to equal 0.03% annually.

ALPS Equal Sector Weight ETF

Notes to Financial Statements

November 30, 2017

Out of the unitary management fee, the Adviser pays substantially all expenses of the Fund, including the cost of transfer agency, custody, fund administration, legal, audit, independent trustees and other services, except for acquired fund fees and expenses, interest expenses, distribution fees or expenses, brokerage expenses, taxes and extraordinary expenses not incurred in the ordinary course of the Fund's business. The Adviser's unitary management fee is designed to pay substantially all of the Fund's expenses and to compensate the Adviser for providing services for the Fund.

ALPS Fund Services, Inc., an affiliate of the Adviser, is the administrator of the Fund.

Each Trustee who is not an officer or employee of the Adviser, any sub-adviser or any of their affiliates ("Independent Trustees") receives (1) a quarterly retainer of \$5,000, (2) a per meeting fee for regularly scheduled meetings of \$3,750, (3) \$1,500 for any special meeting held outside of a regularly scheduled board meeting, and (4) reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings.

4. PURCHASES AND SALES OF SECURITIES

For the year ended November 30, 2017, the cost of purchases and proceeds from sales of investment securities, excluding short-term investments and in-kind transactions, were as follows:

Fund	Purchases	Sales
ALPS Equal Sector Weight ETF	\$ 8,585,556	\$ 11,421,033

For the year ended November 30, 2017, the cost in-kind purchases and proceeds from in-kind sales were as follows:

Fund	Purchases	Sales
ALPS Equal Sector Weight ETF	\$ 18,898,359	\$ 14,577,948

For the year ended November 30, 2017, the ALPS Equal Sector Weight ETF had in-kind net realized gain of \$5,873,207.

Gains on in-kind transactions are generally not considered taxable gains for federal income tax purposes and losses on in-kind transactions are also not deductible for tax purposes.

5. CAPITAL SHARE TRANSACTIONS

Shares are created and redeemed by the Fund only in Creation Unit size aggregations of 50,000 Shares. Only broker-dealers or large institutional investors with creation and redemption agreements called Authorized Participants ("AP") are permitted to purchase or redeem Creation Units from the Fund. Such transactions are generally permitted on an in-kind basis, with a balancing cash component to equate the transaction to the NAV per unit of the Fund on the transaction date. Cash may be substituted equivalent to the value of certain securities generally when they are not available in sufficient quantity for delivery, not eligible for trading by the AP or as a result of other market circumstances.

ALPS Equal Sector Weight ETF

Additional Information

November 30, 2017 (Unaudited)

PROXY VOTING RECORDS, POLICIES AND PROCEDURES

Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 and a description of the Fund's proxy voting policies and procedures used in determining how to vote for proxies are available without charge on the SEC's website at www.sec.gov and upon request, by calling (toll-free) 1-866-675-2639.

PORTFOLIO HOLDINGS

The Trust is required to disclose, after its first and third fiscal quarters, the complete schedule of the Fund's portfolio holdings with the SEC on Form N-Q. Forms N-Q for the Fund are available on the SEC's website at www.sec.gov. The Fund's Forms N-Q may also be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. and information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The Fund's Forms N-Q are available without charge, upon request, by calling (toll-free) 1-866-675-2639 or by writing to ALPS ETF Trust at 1290 Broadway, Suite 1100, Denver, Colorado 80203.

TAX INFORMATION

The Fund designated the following for federal income tax purposes for distributions made during the calendar year ended December 31, 2016:

	Qualified Dividend Income	Dividend Received Deduction
ALPS Equal Sector Weight ETF	71.63%	88.88%

In early 2017, if applicable, shareholders of record received this information for the distributions paid to them by the Fund during the calendar year 2016 via Form 1099. The Fund will notify shareholders in early 2018 of amounts paid to them by the Fund, if any, during the calendar year 2017.

LICENSING AGREEMENT

Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch" or the "Licensor") has entered into an index licensing agreement with ALPS Advisors Inc. (the "Advisor") to allow the Advisor's use of the Underlying Index of the ALPS Equal Sector Weight ETF (the "Fund"). The following disclosure relates to the Licensor:

The Fund is not issued, sponsored, endorsed, sold or promoted by Merrill Lynch or its affiliates ("Licensor"). Licensor makes no representation or warranty, express or implied, to the owners of the Fund or any member of the public regarding the advisability of investing in securities generally or in the Fund particularly or the ability of the Bank of America Securities Merrill Lynch Equal Sector Weight Index ("Index") to track general market performance. Licensor's only relationship to the Licensee is the licensing of the Index which is determined, composed and calculated by Licensor without regard to the Licensee or the Fund. Licensor has no obligation to take the needs of the Licensee or the owners of the Fund into consideration in determining, composing or calculating the Index. Licensor is not responsible for and has not participated in the determination of the timing of, prices at, or quantities of the Fund to be issued or in the determination or calculation of the equation by which the Fund is to be converted into cash. Licensor has no obligation or liability in connection with the issuance, administration, marketing or trading of the Fund.

LICENSOR DOES NOT GUARANTEE THE QUALITY, ACCURACY AND/OR THE COMPLETENESS OF THE INDEX OR ANY DATA INCLUDED THEREIN AND SHALL HAVE NO LIABILITY FOR ERRORS OR OMISSIONS OF ANY KIND RELATED TO THE INDEX OR DATA. LICENSOR MAKES NO WARRANTY, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY LICENSEE, OWNERS OF THE FUND, OR ANY OTHER PERSON OR ENTITY FROM THE USE OF THE INDEX OR ANY DATA INCLUDED THEREIN IN CONNECTION WITH THE RIGHTS LICENSED TO LICENSEE OR FOR ANY OTHER USE. LICENSOR MAKES NO EXPRESS OR IMPLIED WARRANTIES, AND HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL LICENSOR HAVE ANY LIABILITY FOR ANY SPECIAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.

The Advisor does not guarantee the accuracy and/or the completeness of the Underlying Index or any data included therein, and the Advisor shall have no liability for any errors, omissions or interruptions therein. The Advisor makes no warranty, express or implied, as to results to be obtained by the Fund, owners of the Shares of the Fund or any other person or entity from the use of the Underlying Index or any data included therein. The Advisor makes no express or implied warranties, and expressly disclaims all warranties of merchantability or fitness for a particular purpose or use with respect to the Underlying Index or any data included therein. Without limiting any of the foregoing, in no event shall the Advisor have any liability for any special, punitive, direct, indirect or consequential damages (including lost profits) arising out of matters relating to the use of the Underlying Index even if notified of the possibility of such damages.

ALPS Equal Sector Weight ETF

Board Considerations Regarding Approval of Investment Advisory Agreement

November 30, 2017 (Unaudited)

At an in-person meeting held on June 8, 2017, the Board of Trustees of the Trust (the “Board” or the “Trustees”), including the Trustees who are not “interested persons” of the Trust within the meaning of the 1940 Act, as amended (the “Independent Trustees”), evaluated a proposal to approve the continuance of the Investment Advisory Agreement between the Trust and ALPS Advisors, Inc. (the “Adviser” or “AAI”) with respect to the ALPS Equal Sector Weight ETF (“EQL” or “the Fund”). The Independent Trustees also met separately to consider the Investment Advisory Agreement.

In evaluating the Investment Advisory Agreement with respect to the Fund, the Independent Trustees considered various factors, including (i) the nature, extent and quality of the services provided by AAI with respect to the Fund under the Investment Advisory Agreements; (ii) the advisory fees and other expenses paid by the Fund compared to those of similar funds managed by other investment advisers; (iii) the costs of the services provided to the Fund by AAI and the profits realized by AAI and its affiliates from its relationship to the Fund; (iv) the extent to which economies of scale have been or would be realized if and as the assets of the Fund grow and whether fees reflect the economies of scale for the benefit of shareholders; and (v) any additional benefits and other considerations.

With respect to the nature, extent and quality of the services provided by AAI under the Investment Advisory Agreement, the Independent Trustees considered and reviewed information concerning the services provided under the Investment Advisory Agreement, the investment parameters of the index of the Fund, financial information regarding AAI and its parent company, information describing AAI’s current organization and the background and experience of the persons responsible for the day-to-day management of the Fund.

The Independent Trustees reviewed information on the performance of the Fund and its benchmark. The Independent Trustees also evaluated the correlation and tracking error between the underlying index and the Fund’s performance. Based on their review, the Independent Trustees found that the nature and extent of services provided to each Fund under the Investment Advisory Agreements was appropriate and that the quality was satisfactory.

The Independent Trustees noted that the advisory fee for the Fund was a unitary fee pursuant to which AAI assumes all expenses of the Fund (including the cost of transfer agency, custody, fund administration, legal, audit and other services) other than the payments under the Investment Advisory Agreement, brokerage expenses, taxes, interest, litigation expenses and other extraordinary expenses.

With respect to the advisory fee rate, the Independent Trustees noted the following:

The net advisory fee rate for the Fund is lower than the median of its Broadridge expense group and the Fund’s expense ratio is slightly higher than the median of its Broadridge expense group.

Based on the foregoing, and the other information available to them, the Independent Trustees concluded that the advisory fee rate for the Fund was reasonable under the circumstances and in light of the quality of the services provided.

The Independent Trustees considered other benefits available to AAI because of its relationship with the Fund and concluded that the advisory fees were reasonable taking into account any such benefits.

The Independent Trustees also considered with respect to the Fund the information provided by AAI about the costs and profitability of AAI with respect to the Fund. The Independent Trustees reviewed and noted the relatively small size of the Fund and concluded that AAI was not realizing any economies of scale. The Independent Trustees determined that they would continue to evaluate whether further economies of scale have been achieved on an ongoing basis.

In voting to renew the Investment Advisory Agreement, the Independent Trustees concluded that the terms of the Investment Advisory Agreement are reasonable and fair in light of the services to be performed, the fees paid by certain other funds, expenses to be incurred and such other matters as the Independent Trustees considered relevant in the exercise of their reasonable business judgment. The Independent Trustees did not identify any single factor or group of factors as all important or controlling and considered all factors together.

ALPS Equal Sector Weight ETF

Trustees & Officers

November 30, 2017 (Unaudited)

The general supervision of the duties performed by the Adviser for the Fund under the Investment Advisory Agreement is the responsibility of the Board of Trustees. The Trust currently has four Trustees. Three Trustees have no affiliation or business connection with the Adviser or any of its affiliated persons and do not own any stock or other securities issued by the Adviser. These are the “non-interested” or “independent” Trustees (“Independent Trustees”). The other Trustee (the “Interested Trustee”) is affiliated with the Adviser.

The Independent Trustees of the Trust, their term of office and length of time served, their principal business occupations during the past five years, the number of portfolios in the Fund Complex overseen by each Independent Trustee, and other directorships, if any, held by the Trustee are shown below.

INDEPENDENT TRUSTEES

Name, Address & Year of Birth*	Position(s) Held with Trust	Term of Office and Length of Time Served**	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustees***	Other Directorships Held by Trustees
Mary K. Anstine, 1940	Trustee	Since March 2008	Ms. Anstine was President/Chief Executive Officer of HealthONE Alliance, Denver, Colorado, and former Executive Vice President of First Interstate Bank of Denver. Ms. Anstine is also Trustee/Director of AV Hunter Trust and Colorado Uplift Board. Ms. Anstine was formerly a Director of the Trust Bank of Colorado (later purchased and now known as Northern Trust Bank), HealthONE and Denver Area Council of the Boy Scouts of America and a member of the American Bankers Association Trust Executive Committee.	42	Ms. Anstine is a Trustee of ALPS Variable Investment Trust (10 funds); Financial Investors Trust (33 funds); Reaves Utility Income Fund (1 fund); and Westcore Trust (14 funds).
Jeremy W. Deems, 1976	Trustee	Since March 2008	Mr. Deems is the Co-Founder, Chief Compliance Officer and Chief Financial Officer of Green Alpha Advisors, LLC. Mr. Deems is Co-Portfolio Manager of the Shelton Green Alpha Fund. Prior to joining Green Alpha Advisors, Mr. Deems was CFO and Treasurer of Forward Management, LLC, ReFlow Management Co., LLC, ReFlow Fund, LLC, a private investment fund, and Sutton Place Management, LLC, an administrative services company.	44	Mr. Deems is a Trustee of ALPS Variable Investment Trust (10 funds); Financial Investors Trust (33 funds); and Reaves Utility Income Fund (1 fund); Clough Funds Trust (1 fund) and Elevation ETF Trust (1 fund).
Rick A. Pederson, 1952	Trustee and Chairman	Has served as Trustee since March 2008. Has served as Chairman since July 2017.	Mr. Pederson is President, Foundation Properties, Inc. (a real estate investment management company), 1994 - present; Advisory Board Member, Bow River Capital Partners (private equity management), 2003 - present; Advisor, The Pauls Corporation (real estate investment management and development), 2008 - present; Chairman, Ross Consulting Group (real estate consulting services) 1983-2013; Advisory Board, Neenan Company (construction services) 2002-present; Board Member, Prosci Inc. (private business services) 2013-2016; Board Member, Citywide Banks (Colorado community bank) 2014-present; Board member, Professional Pediatric Health Care (a Denver-based home nursing firm) 2014 – present; Board Member, Strong-Bridge Consulting (management consulting) 2015-present; Director, National Western Stock Show (not-for-profit organization); Director, Biennial of the Americas (not-for-profit-organization), 2012- 2015; Board Member, History Colorado, 2015 - present.	21	Mr. Pederson is Trustee of Westcore Trust (14 funds) and Principal Real Estate Income Fund (1 fund).

* The business address of the Trustee is c/o ALPS Advisors, Inc., 1290 Broadway, Suite 1100, Denver, Colorado 80203.

** This is the period for which the Trustee began serving the Trust. Each Trustee serves an indefinite term, until his successor is elected.

*** The Fund Complex includes all series of the Trust and any other investment companies for which ALPS Advisors, Inc. provides investment advisory services.
