- ² Russell 1000 Value Index - measures the performance of those Russell 1000 companies with lower price-to-book ratios and lower forecasted growth values.
- ³ S&P 500 Index - the Standard & Poor's composite index of 500 stocks, a widely recognized, unmanaged index of common stock prices.
- ⁴ MSCI China - The MSCI China Index is constructed according to the MSCI Global Investable Market Index (GIMI) family. The MSCI China Index is part of the MSCI Emerging Markets Index.
- ⁵ S&P Listed Private Equity Index - The S&P Listed Private Equity Index is comprised of 30 leading listed private equity companies that meet size, liquidity, exposure, and activity requirements. The index is designed to provide tradable exposure to the leading publicly listed companies in the private equity space.

- ⁶ MSCI World Index - MSCI's market capitalization weighted index is composed of companies representative of the market structure of 22 developed market countries in North America, Europe, and the Asia Pacific Region.
- ⁷ The S&P CNX 500 Index is India's first broad based benchmark of the Indian capital market. The S&P CNX 500 companies are disaggregated into 72 industry indices. Industry weightings in the index reflect the industry weightings in the market.
- ⁸ Thomson Reuters/Jefferies CRB Index is an unmanaged index used as a measurement of change in commodity market conditions based on the performance of a basket of 19 different commodities.
- ⁹ The MSCI ACWI is replacing the S&P 500 Index as the Fund's primary index because it better reflects the Fund's portfolio. The MSCI ACWI is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of developed and emerging markets. The MSCI ACWI consists of 45 country indices comprising 24 developed and 21 emerging market country indices. The index includes reinvestment of dividends, net of foreign withholding taxes.
 Maximum Offering Price (MOP) includes maximum sales charges. Class A returns include effects of the Fund's maximum sales charge of 5.50%. CDSC performance for Class C shares includes a 1% contingent deferred sales charge (CDSC) on C shares redeemed within 12 months of purchase. Performance shown at NAV does not include these sales charges and would have been lower had it been taken into account.
 The performance shown for the ALPS|WMC Value Intersection Fund (the "Fund") for periods prior to August 29, 2009, reflects the performance of the Activa Mutual Funds Trust – Activa Value Fund (as result of a prior reorganization of Activa Mutual Funds Trust – Activa Value Fund into the Fund).
 The performance shown for the Clough China Fund for periods prior to January 15, 2010, reflects the performance of the Old Mutual China Fund, a series of Old Mutual Funds I (as a result of a prior reorganization of the Old Mutual China Fund into the Clough China Fund).
 The performance shown for the RiverFront Global Growth Fund (the "Fund") for periods prior to September 27, 2010, reflects the performance of the Baird Funds, Inc. – RiverFront Global Growth Fund (as result of the reorganization of the Baird Funds, Inc. – RiverFront Global Growth Fund into the Fund).
 ALPS | Kotak India Growth Fund is a new fund and has limited operating history.

There are inherent risks in investing in private equity companies, which encompass financial institutions or vehicles whose principal business is to invest in and lend capital to privately – held companies. Generally, little public information exists for private and thinly traded companies, and there is a risk that investors may not be able to make a fully informed investment decision. Each fund is not suitable for all investors. Subject to investment risks, including possible loss of the principal amount invested.

The ALPS | WMC Value Intersection Fund, RiverFront Global Growth Fund, RiverFront Dynamic Equity Income Fund, RiverFront Moderate Growth & Income Fund and RiverFront Global Allocation Fund are subject to investment risks, including possible loss of the principal amount invested.

Investing in China, Hong Kong, and Taiwan involves risk and considerations not present when investing in more established securities markets. The Clough China Fund may be more susceptible to the economic, market, political, and local risks of these regions than a fund that is more geographically diversified.

Investments in India can be considered speculative and may involve risk and considerations not present when investing in more established securities markets. The ALPS | Kotak India Growth Fund may be more susceptible to the economic, market, political, and local risks of India than a fund that is more geographically diversified.

Investing in Commodity-Related securities involves risk and considerations not present when investing in more conventional securities. The JAM Commodity Strategy Allocation Fund may be more susceptible to high volatility of commodity markets.

An investor should consider investment objectives, risks, charges and expenses carefully before investing. To obtain a prospectus, which contains this and other information, call 1.866.759.5679 or visit www.alpsfunds.com. Read the prospectus carefully before investing.
