1. ORGANIZATION

ALPS ETF Trust (the "Trust"), a Delaware statutory trust, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). As of November 30, 2024, the Trust consisted of twenty-three separate portfolios. Each portfolio represents a separate series of the Trust. This report pertains to the ALPS Sector Dividend Dogs ETF, the ALPS International Sector Dividend Dogs ETF, the ALPS Emerging Sector Dividend Dogs ETF, and the ALPS REIT Dividend Dogs ETF (each a "Fund" and collectively, the "Funds").

The investment objective of the ALPS Sector Dividend Dogs ETF is to seek investment results that replicate as closely as possible, before fees and expenses, the performance of the S-Network® Sector Dividend Dogs Index. The investment objective of the ALPS International Sector Dividend Dogs ETF is to seek investment results that replicate as closely as possible, before fees and expenses, the performance of the S-Network® International Sector Dividend Dogs Index. The investment objective of the ALPS Emerging Sector Dividend Dogs ETF is to seek investment results that replicate as closely as possible, before fees and expenses, the performance of the S-Network® Emerging Sector Dividend Dogs Index. The investment objective of the ALPS REIT Dividend Dogs ETF is to seek investment results that replicate as closely as possible, before fees and expenses, the performance of the S-Network® REIT Dividend Dogs Index. Each Fund has elected to qualify as a diversified series of the Trust under the 1940 Act.

Each Fund's Shares ("Shares") are listed on the NYSE Arca, Inc. (the "NYSE Arca"). Each Fund issues and redeems Shares, at net asset value ("NAV") in blocks of 25,000 Shares, each of which is called a "Creation Unit". Creation Units are issued and redeemed principally in-kind for securities included in the Underlying Index. Except when aggregated in Creation Units, Shares are not redeemable securities of the Fund.

Pursuant to the Trust's organizational documents, its Officers and Trustees are indemnified against certain liability arising out of the performance of their duties to the Trust. Additionally, in the normal course of business, the Trust enters into contracts with service providers that contain general indemnification clauses. The Trust's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of the financial statements. The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Each Fund is considered an investment company under U.S. GAAP and follows the accounting and reporting guidance applicable to investment companies in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946.

A. Portfolio Valuation

Each Fund's NAV is determined daily, as of the close of regular trading on the New York Stock Exchange ("NYSE"), normally 4:00 p.m. Eastern time, on each day the NYSE is open for trading. The NAV is computed by dividing the value of all assets of the Fund (including accrued interest and dividends), less all liabilities (including accrued expenses and dividends declared but unpaid), by the total number of shares outstanding.

Portfolio securities listed on any exchange other than the NASDAQ Stock Market LLC ("NASDAQ") are valued at the last sale price on the business day as of which such value is being determined. If there has been no sale on such day, the securities are valued at the mean of the most recent bid and ask prices on such day. Securities traded on the NASDAQ are valued at the NASDAQ Official Closing Price as determined by NASDAQ. Portfolio securities traded on more than one securities exchange are valued at the last sale price on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities. Portfolio securities traded in the over-the-counter market, but excluding securities traded on the NASDAQ, are valued at the last quoted sale price in such market.

The Funds' investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value according to procedures adopted by the Trust's Board of Trustees (the "Board"). Pursuant to Rule 2a-5 under the 1940 Act, the Board designated ALPS Advisors, Inc. (the "Adviser") as the valuation designee ("Valuation Designee") for each Fund to perform the fair value determinations relating to Fund investments. The Adviser may carry out its designated responsibilities as Valuation Designee through various teams and committees. When market quotations are not readily available or when events occur that make established valuation methods unreliable, securities of the Funds may be valued in good faith by the Valuation Designee. These securities generally include, but are not limited to, restricted securities (securities which may not be publicly sold without registration under the Securities Act of 1933) for which a pricing service is unable to provide a market price; securities whose trading has been formally suspended; a security whose market price is not available from a pre-established primary pricing source or the pricing source is not willing to provide a price; a security with respect to which an event has occurred that is most likely to materially affect the value of the

Notes to Financial Statements and Financial Highlights

November 30, 2024

security after the market has closed but before the calculation of the Fund's NAV or make it difficult or impossible to obtain a reliable market quotation; or a security whose price, as provided by the pricing service, does not reflect the security's "fair value" due to the security being de-listed from a national exchange or the security's primary trading market is temporarily closed at a time when, under normal conditions, it would be open. As a general principle, the current "fair value" of a security would be the amount which the owner might reasonably expect to receive from the sale on the applicable exchange or principal market. A variety of factors may be considered in determining the fair value of such securities.

B. Fair Value Measurements

Each Fund discloses the classification of its fair value measurements following a three-tier hierarchy based on the inputs used to measure fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability that are developed based on the best information available.

Valuation techniques used to value the Funds' investments by major category are as follows:

Equity securities, including restricted securities, for which market quotations are readily available, are valued at the last reported sale price or official closing price as reported by a third party pricing vendor on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. In the event there were no sales during the day or closing prices are not available, securities are valued at the mean of the most recent quoted bid and ask prices on such day and are generally categorized as Level 2 in the hierarchy. Investments in open-end mutual funds are valued at their closing NAV each business day and are categorized as Level 1 in the hierarchy.

Changes in valuation techniques may result in transfers in or out of an assigned level within the disclosure hierarchy.

Various inputs are used in determining the value of each Fund's investments as of the end of the reporting period. When inputs used fall into different levels of the fair value hierarchy, the level in the hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The designated input levels are not necessarily an indication of the risk or liquidity associated with these investments.

These inputs are categorized in the following hierarchy under applicable financial accounting standards:

- Level 1 Unadjusted quoted prices in active markets for identical investments, unrestricted assets or liabilities that a Fund has the ability to access at the measurement date;
- Level 2 Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and
- Level 3 Significant unobservable prices or inputs (including the Fund's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The following is a summary of the inputs used to value the Funds' investments as of November 30, 2024:

The Funds, except for the ALPS Emerging Sector Dividend Dogs ETF, did not have any securities that used significant unobservable inputs (Level 3) in determining fair value and there were no transfers into or out of Level 3 during the year ended November 30, 2024. The Adviser has determined that the value of Level 3 securities is not material; therefore, a reconciliation of assets of the ALPS Emerging Sector Dividend Dogs ETF for Level 3 investments for which significant unobservable inputs were used to determine fair value is not presented for the year ended November 30, 2024.

C. Foreign Securities

The ALPS International Sector Dividend Dogs ETF, the ALPS Emerging Sector Dividend Dogs ETF, and the ALPS REIT Dividend Dogs ETF may directly purchase securities of foreign issuers. Investments in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers, including, among others, less liquidity generally, greater market volatility than U.S. securities and less complete financial information and less stringent accounting, corporate governance and financial reporting standards than for U.S. issuers. In addition, adverse political, economic, social, regulatory, business or environmental developments could undermine the value of the Fund's investments or prevent a Fund from realizing the full value of its investments. For example, the rights and remedies associated with investments in foreign securities may be different than investments in domestic securities. Financial reporting standards for companies based in foreign markets differ from those in the United States. Finally, the value of the currency of the country in which a Fund has invested could decline relative to the value of the U.S. dollar, which may affect the value of the investment to U.S. investors.

Because foreign markets may be open on different days than the days during which investors may purchase the shares of each Fund, the value of each Fund's securities may change on the days when investors are not able to purchase the shares of the Funds. The value of securities denominated in foreign currencies is converted into U.S. dollars using exchange rates determined daily as of the close of regular trading on the NYSE or NASDAQ. Any use of a different rate from the rates used by the Index may adversely affect a Fund's ability to track its Index.

Notes to Financial Statements and Financial Highlights

November 30, 2024

D. Foreign Currency Translation

The books and records of the Funds are maintained in U.S. dollars. Investment valuations and other assets and liabilities initially expressed in foreign currencies are converted each business day into U.S. dollars based upon current exchange rates. The portion of realized and unrealized gains or losses on investments due to fluctuations in foreign currency exchange rates is not separately disclosed and is included in realized and unrealized gains or losses on investments, when applicable.

E. Securities Transactions and Investment Income

Securities transactions are recorded as of the trade date. Realized gains and losses from securities transactions are recorded on the specific identification in accordance with GAAP. Dividend income and capital gains distributions, if any, are recorded on the ex-dividend date, net of any foreign taxes withheld. Interest income, if any, is recorded on the accrual basis, including any amortization of premiums and accretion of discounts. Income received from foreign sources may result in withholding tax. Withholding taxes are accrued at the same time as the related income if the tax rate is fixed and known, unless a tax withheld is reclaimable from the local tax authorities in which case it is recorded as receivable. If the tax rate is not known or estimable, such expense or reclaim receivable is recorded when the net proceeds are received.

F. Dividends and Distributions to Shareholders

Dividends from net investment income for each Fund, if any, are declared and paid quarterly or as the Board may determine from time to time. Distributions of net realized capital gains earned by the Funds, if any, are distributed at least annually.

G. Equalization

The ALPS Sector Dividend Dogs ETF, the ALPS International Sector Dividend Dogs ETF, and the ALPS Emerging Sector Dividend Dogs ETF utilize the accounting practice known as "Equalization" by which a portion of the proceeds from sales and costs of reacquiring the Funds' shares, equivalent on a per share basis to the amount of distributable net investment income on the date of the transaction, is credited or charged to undistributed net investment income. As a result, undistributed net investment income per share is unaffected by sales or reacquisitions of the Funds' shares. Amounts related to Equalization can be found on the Statements of Changes in Net Assets.

H. Foreign Taxes

The ALPS International Sector Dividend Dogs ETF, the ALPS Emerging Sector Dividend Dogs ETF, and the ALPS REIT Dividend Dogs ETF may be subject to foreign taxes (a portion of which may be reclaimable) on income, corporate events, foreign currency exchanges and capital gains on investments. All foreign taxes are recorded in accordance with the applicable foreign tax regulations and rates that exist in foreign markets in which the Funds invest. These foreign taxes, if any, are paid by these Funds and are disclosed in each Fund's Statement of Operations. Foreign taxes accrued as of November 30, 2024, if any, are reflected in each Fund's Statement of Assets and Liabilities.

I. Real Estate Investment Trusts ("REITs")

As part of its investments in real estate related securities, the ALPS REIT Dividend Dogs ETF ("RDOG") will invest in REITs and is subject to certain risks associated with direct investment in REITs. REITs possess certain risks which differ from an investment in common stocks. REITs are financial vehicles that pool investors' capital to acquire, develop and/or finance real estate and provide services to their tenants. REITs may concentrate their investments in specific geographic areas or in specific property types, e.g., regional malls, shopping centers, office buildings, apartment buildings and industrial warehouses. REITs may be affected by changes in the value of their underlying properties and by defaults by borrowers or tenants. REITs depend generally on their ability to generate cash flow to make distributions to shareowners or unitholders, and certain REITs have self-liquidation provisions by which mortgages held may be paid in full and distributions of capital returns may be made at any time.

As REITs generally pay a higher rate of dividends than most other operating companies, to the extent application of RDOG's investment strategy results in RDOG investing in REIT shares, the percentage of RDOG's dividend income received from REIT shares will likely exceed the percentage of RDOG's portfolio that is comprised of REIT shares. Distributions received by RDOG from REITs may consist of dividends, capital gains and/or return of capital.

Dividend income from REITs is recognized on the ex-dividend date. The calendar year-end amounts of ordinary income, capital gains, and return of capital included in distributions received from RDOG's investments in REITs are reported to RDOG after the end of the calendar year; accordingly, RDOG estimates these amounts for accounting purposes until the characterization of REIT distributions is reported to RDOG after the end of the calendar year. Estimates are based on the most recent REIT distribution information available.

The performance of a REIT may be affected by its failure to qualify for tax-free pass-through of income under the Internal Revenue Code of 1986, as amended (the "Code"), or its failure to maintain exemption from registration under the 1940 Act. Due to RDOG's investments in REITs, RDOG may also make distributions in excess of RDOG's earnings and capital gains. Distributions, if any, in excess of RDOG's earnings and profits will first reduce the adjusted tax basis of a holder's shares and, after that basis has been reduced to zero, will constitute capital gains to the shareholder.

J. Federal Tax and Tax Basis Information

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. GAAP. Reclassifications are made to the Funds' capital accounts for permanent tax differences to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations.

For the year ended November 30, 2024, the following reclassifications, which had no impact on results of operations or net assets, were recorded to reflect permanent tax differences resulting primarily from in-kind transactions, REIT true-up adjustments and prior year tax return true-ups:

ALPS Emerging Sector Dividend Dogs ETF		1,969,818		_
ALPS REIT Dividend Dogs ETF		651,314		442,862

The character of distributions made during the year may differ from its ultimate characterization for federal income tax purposes.

Under current law, capital losses maintain their character as short-term or long-term and are carried forward to the next tax year without expiration. As of November 30, 2024, the following amounts are available as carry forwards to the next tax year:

Fund	Short-Term	Long-Term
ALPS Sector Dividend Dogs ETF	\$ 6,050,332	\$ 211,995,387
ALPS International Sector Dividend Dogs ETF	_	45,792,374
ALPS Emerging Sector Dividend Dogs ETF	931,990	8,831,792
ALPS REIT Dividend Dogs ETF	7,062,815	2,852,957

The ALPS International Sector Dividend Dogs ETF and ALPS Emerging Sector Dividend Dogs ETF used capital capital loss carryovers during the year ended November 30, 2024 in the amount of \$12,180,923 and \$238,888, respectively.

As of November 30, 2024, the components of distributable earnings on a tax basis for each Fund were as follows:

	Undistributed net investment income	Accumulated net realized loss on investments	Net unrealized appreciation/ (depreciation) on investments	Total
ALPS Sector Dividend Dogs ETF	\$ 1,945,985	\$ (218,045,719)	\$ 204,559,081 \$	(11,540,653)
ALPS International Sector Dividend Dogs ETF	1,533,287	(45,792,374)	3,180,958	(41,078,129)

ALPS REIT Dividend Dogs ETF	_	(9,915,772)	56,452	(9,859,320)

As of November 30, 2024, the cost of investments for federal income tax purposes and accumulated net unrealized appreciation/(depreciation) on investments were as follows:

	ross Appreciation (excess of value over tax cost)	Gross Depreciation (excess of tax cost over value)	Net Appreciation/ (Depreciation) of Foreign Currency	Net Unrealized Appreciation/ (Depreciation)	Cost of Investments for Income Tax Purposes
ALPS Sector Dividend Dogs ETF	\$ 258,124,911	\$ (53,565,830)	\$ _	\$ 204,559,081	\$ 1,069,356,478

ALPS REIT Dividend Dogs ETF	1,861,405	(1,804,870)	(83)	56,452	14,646,354

The differences between book-basis and tax-basis are primarily due to the deferral of losses from wash sales and investments in passive foreign investment companies.

K. Income Taxes

No provision for income taxes is included in the accompanying financial statements, as each Fund intends to distribute to shareholders all taxable investment income and realized gains and otherwise comply with Subchapter M of the Code, applicable to regulated investment companies. Each Fund evaluates tax positions taken (or expected to be taken) in the course of preparing the Fund's tax returns to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements.

As of and during the year ended November 30, 2024, each Fund did not have a liability for any unrecognized tax benefits. Each Fund files U.S. federal, state, and local tax returns as required. Each Fund's tax returns are subject to examination by the relevant tax authorities until expiration of the applicable statute of limitations, which is generally three years after the filing of the tax return, but may extend to four years in certain jurisdictions. Each Fund's tax returns for open years have incorporated no uncertain tax positions that require a provision for income taxes.

L. Lending of Portfolio Securities

The Funds have entered into a securities lending agreement with State Street Bank & Trust Co. ("SSB"), the Funds' lending agent. Each Fund may lend its portfolio securities only to borrowers that are approved by SSB. Each Fund will limit such lending to not more than 33 1/3% of the value of its total assets. The Fund's securities held at SSB as custodian shall be available to be lent except those securities the Fund or ALPS Advisors, Inc. specifically identifies in writing as not being available for lending. The borrower pledges and maintains with the Fund collateral consisting of cash (U.S. Dollars only), securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, and cash equivalents (including irrevocable bank letters of credit) issued by a person other than the borrower or an affiliate of the borrower. The initial collateral received by the Fund is required to have a value of no less than 102% of the market value of the loaned securities for U.S equity securities and a value of no less than 105% of the market value for non-U.S. equity securities. The collateral is maintained thereafter, at a market value equal to not less than 102% of the current value of the U.S. equity securities on loan and not less than 105% of the current value of the non-U.S. equity securities on loan. The market value of the loaned securities is determined at the close of each business day and any additional required collateral is delivered to the Fund on the next business day. During the term of the loan, each Fund is entitled to all distributions made on or in respect of the loaned securities. Loans of securities are terminable at any time and the borrower, after notice, is required to return borrowed securities within the customary time period for settlement of securities transactions.

Notes to Financial Statements and Financial Highlights

November 30, 2024

Any cash collateral received is reinvested in a money market fund managed by SSB as disclosed in the Fund's Schedule of Investments and is reflected in the Statements of Assets and Liabilities as a payable for collateral upon return of securities loaned. Non-cash collateral, in the form of securities issued or guaranteed by the U.S. government or its agencies or instrumentalities, is not disclosed in the Fund's Statement of Assets and Liabilities or the contractual maturity table below as it is held by the lending agent on behalf of the Fund, and the Fund does not have the ability to re-hypothecate these securities. Income earned by the Fund from securities lending activity is disclosed in the Statements of Operations.

The following is a summary of a Fund's securities lending agreement and related cash and non-cash collateral received as of November 30, 2024:

Fund	Market Value of Securities on Loan	Cash Collateral Received	Non-Cash Collateral Received	Total Collateral Received
ALPS International Sector Dividend Dogs ETF	\$ 25,074,385	\$ 17,504,375	\$ 8,665,348	\$ 26,169,723
ALPS Emerging Sector Dividend Dogs ETF	1,255,794	10,821	1,313,030	1,323,851
ALPS REIT Dividend Dogs ETF	380,134	67,900	320,800	388,700

The risks of securities lending include the risk that the borrower may not provide additional collateral when required or may not return the securities when due. To mitigate these risks, the Funds benefit from a borrower default indemnity provided by SSB. SSB's indemnity allows for full replacement of securities lent wherein SSB will purchase the unreturned loaned securities on the open market by applying the proceeds of the collateral, or to the extent such proceeds are insufficient or the collateral is unavailable, SSB will purchase the unreturned loan securities at SSB's expense. However, the Funds could suffer a loss if the value of the investments purchased with cash collateral falls below the value of the cash collateral received.

The following table reflects a breakdown of transactions accounted for as secured borrowings, the gross obligation by the type of collateral pledged or securities loaned, and the remaining contractual maturity of those transactions as of November 30, 2024:

3. INVESTMENT ADVISORY FEE AND OTHER AFFILIATED TRANSACTIONS

ALPS Advisors, Inc. serves as the Funds' investment adviser pursuant to an Investment Advisory Agreement with the Trust on behalf of each Fund (the "Advisory Agreement"). Pursuant to the Advisory Agreement, each Fund pays the Adviser an annual management fee for the services and facilities it provides, payable on a monthly basis as a percentage of the relevant Fund's average daily net assets as set out below. From time to time, the Adviser may waive all or a portion of its fee.

Fund	Advisory Fee
ALPS Sector Dividend Dogs ETF	0.36%
ALPS International Sector Dividend Dogs ETF	0.50%
ALPS Emerging Sector Dividend Dogs ETF	0.60%
ALPS REIT Dividend Dogs ETF	0.35%

Out of the unitary management fee, the Adviser pays substantially all expenses of each Fund, including licensing fees to the Underlying Index provider, the cost of transfer agency, custody, fund administration, legal, audit, trustees and other services, except for interest expenses, distribution fees or expenses, brokerage expenses, taxes and extraordinary expenses not incurred in the ordinary course of each Fund's business. The Adviser's unitary management fee is designed to pay substantially all of each Fund's expenses and to compensate the Adviser for providing services for each Fund.

ALPS Fund Services, Inc., an affiliate of the Adviser, is the administrator of the Funds.

Each Trustee receives (1) a quarterly retainer of \$25,000, (2) a per meeting fee of \$15,000, (3) \$2,500 for any special meeting held outside of a regularly scheduled board meeting, and (4) reimbursement for all reasonable out-of-pocket expenses relating to attendance at meetings. In addition, the Chairman of the Board receives a quarterly retainer of \$5,000, the Chairman of the Audit Committee receives a quarterly retainer of \$3,000, and the Chairman of the Nominating & Governance Committee receives a quarterly retainer of \$2,000, each in connection with their respective roles.

4. PURCHASES AND SALES OF SECURITIES

For the year ended November 30, 2024, the cost of purchases and proceeds from sales of investment securities, excluding short-term investments and in-kind transactions, were as follows:

Fund	Purchases			Sales
ALPS Sector Dividend Dogs ETF	\$	612,024,515	\$	614,454,531
ALPS International Sector Dividend Dogs ETF		153,852,614		152,073,687
ALPS Emerging Sector Dividend Dogs ETF		22,283,632		23,635,178
ALPS REIT Dividend Dogs ETF		6,203,166		6,244,125

For the year ended November 30, 2024, the cost of in-kind purchases and proceeds from in-kind sales were as follows:

Fund	Purchases	Sales
ALPS Sector Dividend Dogs ETF	\$ 22,497,526	\$ 105,041,475
ALPS International Sector Dividend Dogs ETF	49,013,902	6,330,528
ALPS Emerging Sector Dividend Dogs ETF	_	3,284,333
ALPS REIT Dividend Dogs ETF	2,116,094	1,019,033

For the year ended November 30, 2024, the in-kind net realized gains/(losses) were as follows:

Fund	Net Re	ealized Gain/ (Loss)
ALPS Sector Dividend Dogs ETF	\$	13,743,933
ALPS International Sector Dividend Dogs ETF		854,286
ALPS Emerging Sector Dividend Dogs ETF		380,375
ALPS REIT Dividend Dogs ETF		187,150

Gains on in-kind transactions are not considered taxable for federal income tax purposes and losses on in-kind transactions are also not deductible for tax purposes.

Notes to Financial Statements and Financial Highlights

November 30, 2024

5. CAPITAL SHARE TRANSACTIONS

Shares are created and redeemed by each Fund only in Creation Unit size aggregations of 25,000 shares. Only broker-dealers or large institutional investors with creation and redemption agreements called Authorized Participants ("AP") are permitted to purchase or redeem Creation Units from the Funds. Such transactions are generally permitted on an in-kind basis, with a balancing cash component to equate the transaction to the NAV per unit of each Fund on the transaction date. Cash may be substituted equivalent to the value of certain securities generally when they are not available in sufficient quantity for delivery, not eligible for trading by the AP or as a result of other market circumstances.

6. RELATED PARTY TRANSACTIONS

The ALPS Sector Dividend Dogs ETF and ALPS International Sector Dividend Dogs ETF engaged in cross trades between other funds in the Trust during the year ended November 30, 2024 pursuant to Rule 17a-7 under the 1940 Act. Cross trading is the buying or selling of portfolio securities between funds to which the Adviser serves as the investment adviser. The Board previously adopted procedures that apply to transactions between the Funds of the Trust pursuant to Rule 17a-7. These transactions related to cross trades during the period complied with the requirements set forth by Rule 17a-7 and the Trust's procedures.

Transactions related to cross trades during the year ended November 30, 2024, were as follows:

					Re	alized gain/(loss) on
	Pur	chase cost paid	Sale p	proceeds received		sales
ALPS Sector Dividend Dogs ETF	\$	1,739,148	\$	8,789,442	\$	506,549
ALPS International Sector Dividend Dogs ETF		711,146		_		_

7. MARKET RISK

The Funds are subject to investment and operational risks associated with financial, economic and other global market developments and disruptions, including those arising from war, terrorism, market manipulation, government interventions, defaults and shutdowns, political changes or diplomatic developments, public health emergencies (such as the spread of infectious diseases, pandemics and epidemics) and natural/environmental disasters, which can negatively impact the securities markets and cause each Fund to lose value. Securities in each Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market or other asset classes due to a number of factors, including inflation (or expectations for inflation), deflation (or expectations for deflation), interest rates, global demand for particular products or resources, market instability, debt crises and downgrades, embargoes, tariffs, sanctions and other trade barriers, regulatory events, other governmental trade or market control programs and related geopolitical events. In addition, the value of the Fund's investments may be negatively affected by the occurrence of global events such as war, terrorism, environmental disasters, natural disasters or events, country instability, and infectious disease epidemics or pandemics.

8. SUBSEQUENT EVENTS

Subsequent events, if any, after the date of the Statements of Assets and Liabilities have been evaluated through the date the financial statements were issued. Management has determined that there were no subsequent events to report through the issuance of these financial statements.

Report of Independent Registered Public Accounting Firm

To the Shareholders of ALPS Sector Dividend Dogs ETF, ALPS International Sector Dividend Dogs ETF, ALPS Emerging Sector Dividend Dogs ETF and ALPS REIT Dividend Dogs ETF and Board of Trustees of ALPS ETF Trust

Opinion on the Financial Statements

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of ALPS Sector Dividend Dogs ETF, ALPS International Sector Dividend Dogs ETF, ALPS Emerging Sector Dividend Dogs ETF and ALPS REIT Dividend Dogs ETF (the "Funds"), each a series of ALPS ETF Trust, as of November 30, 2024, the related statements of operations for the year then ended, the statements of changes in net assets and financial highlights for each of the two years in the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Funds as of November 30, 2024, the results of their operations for the year then ended, and the changes in net assets and financial highlights for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

The Funds' financial highlights for the years ended November 30, 2022, and prior, were audited by other auditors whose report dated January 27, 2023, expressed an unqualified opinion on those financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on the Funds' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of November 30, 2024, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of one or more investment companies advised by ALPS Advisors, Inc. since 2013.

Changes in and Disagreements with Accountants for Open-End Management Investment Companies

November 30, 2024 (Unaudited)

On March 14, 2023, BBD LLP ("BBD") ceased to serve as the independent registered public accounting firm of the Funds. The Board approved the replacement of BBD as a result of Cohen & Company, Ltd.'s ("Cohen") acquisition of BBD's investment management group.

The report of BBD on the financial statements of the Funds as of and for the fiscal year or period ended November 30, 2022 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainties, audit scope or accounting principles. During the fiscal year or period ended November 30, 2022, and during the subsequent interim period through March 14, 2023: (i) there were no disagreements between the registrant and BBD on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BBD, would have caused it to make reference to the subject matter of the disagreements in its report on the financial statements of the Funds for such years or interim period; and (ii) there were no "reportable events," as defined in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934, as amended.

On March 7, 2023, upon the recommendation of the Funds' Audit Committee, the Board approved the appointment of Cohen, effective upon the resignation of BBD, as the Funds' independent registered public accounting firm for the fiscal year ending November 30, 2023.

During the fiscal year or period ended November 30, 2022, and during the subsequent interim period through March 14, 2023, neither the registrant, nor anyone acting on its behalf, consulted with Cohen on behalf of the Funds regarding the application of accounting principles to a specified transaction (either completed or proposed), the type of audit opinion that might be rendered on the Funds' financial statements, or any matter that was either: (i) the subject of a "disagreement," as defined in Item 304(a)(1)(iv) of Regulation S-K and the instructions thereto; or (ii) "reportable events," as defined in Item 304(a)(1)(v) of Regulation S-K.

Statement Regarding Basis for Approval of Investment Advisory Contract

November 30, 2024 (Unaudited)

At its meetings held on June 3, 2024 and June 18, 2024, the Board of Trustees of the Trust (the "Board" or the "Trustees"), where each Trustee was not an "interested person" of the Trust within the meaning of the Investment Company Act of 1940, as amended (the "Independent Trustees"), evaluated a proposal to approve the continuance of the Investment Advisory Agreement between the Trust and ALPS Advisors, Inc. (the "Adviser" or "AAI") with respect to the ALPS REIT Dividend Dogs ETF ("RDOG"), ALPS Sector Dividend Dogs ETF ("SDOG"), ALPS International Sector Dividend Dogs ETF ("IDOG"), and ALPS Emerging Sector Dividend Dogs ETF ("EDOG") (each a "Fund" and collectively "the Funds"). In evaluating the renewal of the Investment Advisory Agreement with respect to each of the Funds, the Board, including the Independent Trustees considered various factors, including (i) the nature, extent and quality of the services provided by AAI with respect to the applicable Fund under the Investment Advisory Agreement; (ii) the advisory fees and other expenses paid by the Fund compared to those of similar funds managed by other investment advisers; (iii) the costs of the services provided to the Fund by AAI and the profits realized by AAI and its affiliates from its relationship to the Fund; (iv) the extent to which economies of scale have been or would be realized if and as the assets of the Fund grow and whether fees reflect the economies of scale for the benefit of shareholders; and (v) any additional benefits and other considerations.

With respect to the nature, extent and quality of the services provided by AAI under the Investment Advisory Agreement, the Board considered and reviewed information concerning the services provided under the Investment Advisory Agreement, the investment parameters of the index of each Fund, financial information regarding AAI and its parent company, information describing AAI's current organization and the background and experience of the persons responsible for the day-to-day management of the Funds.

The Board reviewed information on the performance of each Fund and its applicable benchmark for the 1-, 3-, and 5-year periods, as applicable. The Board also evaluated the correlation and tracking error between each underlying index and its corresponding Fund's performance. Based on this review, the Board, including the Independent Trustees found that the nature and extent of services provided to each Fund under the Investment Advisory Agreement was appropriate and that the quality of such services was satisfactory.

The Board noted that the advisory fees for each Fund were unitary fees pursuant to which AAI assumes all expenses of the Funds (including the cost of transfer agency, custody, fund administration, legal, audit and other services) other than the payments under the Advisory Agreement, brokerage expenses, taxes, interest, litigation expenses and other extraordinary expenses.

Based on the information available to them, including the Fund-specific summaries set forth below, the Board, including the Independent Trustees concluded that the advisory fee rate for each of the Funds was reasonable under the circumstances and in light of the quality of the services provided.

The Board, including the Independent Trustees considered other benefits available to AAI because of its relationship with the Funds and concluded that the advisory fees were reasonable taking into account any such benefits.

The Board, including the Independent Trustees, also considered with respect to each Fund the information provided by AAI about the costs and profitability of AAI with respect to each of the Funds, including the asset levels and other factors that influence the profitability and financial viability of the Funds. The Board, including the Independent Trustees reviewed and noted the relatively small sizes of the Funds (other than SDOG) and the analysis AAI had conducted to support AAI's assertion that it was not realizing any economies of scale with respect to such Funds. The Independent Trustees determined that AAI should continue to keep the Board informed on an ongoing basis of any significant developments (e.g., material increases in asset levels) so as to facilitate the Independent Trustees' evaluation of whether further economies of scale have been achieved.

The Board, including the Independent Trustees, also considered other potential benefits available to AAI because of its relationship with the Funds, known as fall-out benefits.

With respect to each Fund, the Board, including the Independent Trustees, noted the following:

(i) RDOG

The gross management fee rate for RDOG is lower than the median of its FUSE expense group. RDOG's net expense ratio is lower than the median of its FUSE expense group.

The Board, including the Independent Trustees, reviewed and noted the relatively small size of RDOG and the analysis AAI had conducted to support AAI's assertion that it was not realizing any economies of scale with respect to RDOG.

(ii) SDOG

The gross management fee rate for SDOG is equal to the median of its FUSE expense group. SDOG's net expense ratio is lower than the median of its FUSE expense group.

With respect to AAI profitability from SDOG, the Independent Trustees noted SDOG reduced its management fee from 0.40% to 0.36% in April 2023.

(iii) IDOG

The gross management fee rate for IDOG is higher than the median of its FUSE expense group. IDOG's net expense ratio is lower than the median of its FUSE expense group.

The Board, including the Independent Trustees, reviewed and noted the relatively small size of IDOG and the analysis AAI had conducted to support AAI's assertion that it was not realizing any economies of scale with respect to IDOG.

(iv) EDOG

The gross management fee rate for EDOG is equal to the median of its FUSE expense group. EDOG's net expense ratio is equal to the median of its FUSE expense group.

The Board, including the Independent Trustees, reviewed and noted the relatively small size of EDOG and the analysis AAI had conducted to support AAI's assertion that it was not realizing any economies of scale with respect to EDOG.

In voting to renew the Investment Advisory Agreement with AAI, the Board, including the Independent Trustees, concluded that the terms of the Investment Advisory Agreement are reasonable and fair in light of the services to be performed, the fees paid by certain other funds, expenses to be incurred and such other matters as the members of the Board, including the Independent Trustees, considered relevant in the exercise of their reasonable business judgment. The Independent Trustees did not identify any single factor or group of factors as all important or controlling and considered all factors together.
